3 Bret Harte Flood Pumps Inoperative

By BRYCE W. ANDERSON

Three of five pumps that are supposed to lift Bret Harte floodwaters into the San Rafael Canal are inoperative, and may have been so when a boy drowned in the Bret Harte flood last Jan. 29.

The city public works department's excuse is that ia makes no difference if these pumps are out, for an up-flood bottleneck prevents sufficient water from reaching them.

But to Mayor John F. McInnis, the situation is inexcusable.

NO REPAIRS

He said so at last night's city council meeting, as he brought to light that repairs to the pumps and cleaning of the pump stations was not done before the start of the rainy season.

There have been numerous complaints in the past about failure of the city's pumps during major storms. City Engineer Dominic Selmi has been backed by consulting engineer Daniel P. Coleman in contention that the pumps are of improper capacities and improperly located.

They are also, Mayor McInnis made plain last night, improperly maintained.

DUMBFOUNDED

McInnis disclosed he had inspected the five pumps in the Francisco Boulevard pumping station at invitation of some Bret Harte property owners.

"I was dumbfounded at the condition of the pumps," he declared.

Public Works Director Norris Rawles, in response to a letter from the mayor yesterday, reported that "one 25-horsepower pump has been inoperative the past week. . . . This was called to my attention Wednesday night." That pump, said Rawles, was removed for repairs Friday.

"A second pump," he continued, "probably needs repair also," and "will be repaired as soon as the company can get to it."

A third, a 40-horsepower pump which is the largest in the Francisco Boulevard station, "does have a hole in the bottom of the pipe but the pump is operating at 90 per cent of capacity," went on Rawles.

He said the pumping station "has total capacity of 170 horsepower" but a pumping station behind Geister Brothers property up-channel "pumps approximately 40 second feet. . . . The Francisco pumping station at one-half capacity will handle all the water that gets to it."

"Horsepower does not give you the capacity of pumps," snorted Councilman Fred E. Jensen. "Don't we have a pump man in the City of San Rafael?"

Engineer Selmi amended that the Francisco Boulevard station has a capacity of 100 second feet of water.

Melvin Geister of Geister Brothers, a trucking firm, said "six or eight months ago" he

Marin Called Site Of Next State Population Explosion

By THERON A. NEWELL

Marin County will have the next big population explosion in California.

About 3,600 pupils will be added to the enrollment of the San Jose Elementary School District.

The district may lose one school site provided in the Loma Verde master plan.

These predictions were brought out in a community planning meeting last night at San Jose intermediate school. Representatives of large developments and of Novato and Marin County planners met with the school board.

Jack West, developer of Bel Marin Keys, quoted officials of the Chase Manhattan Bank in New York that "the next big population explosion in California will be in Marin County."

"We will have 300 houses built this year in Bel Marin Keys if we have four months of construction weather; if we have six months, then we will have 400 houses ready to go," West said. He said there will be 900 houses in the development by the end of 1964.

With Seabreeze Construction Co., the picture looms even larger, according to Ed Dulin, head engineer of its North Marin projects.

"In Loma Verde, we have 58 homes under construction this year," he said. "In other land acquired from Trousdale in Country Club Estates, we will have 177 homes built. In addition, we will have 95 fourplex multiples for another 380 units.

"Over the next three years, we plan 513 single-family dwellings, 384 fourplex dwellings and 2,000 apartment units in nine large multiples. This also includes building on 25 acres at the crossroads."

Trousdale Construction Co. has plans "for 60 homes in the Country Club area this year and 200 more homes in the next one and one-half years," wrote Gordon Walker, company representative, who could not attend the meeting.

Robert Lagle, Novato city planner, noted these figures do not include other developments in the district such as the Forest Park units of Kaehler Construction Co., subdivision of the Beverly-Maple Corp., and many smaller ones.

The district may lose one school site because of a quirk in the Loma Verde master plan, said David Van Pelt, Marin County planner.

"The original Loma Verde master plan showed three school sites, one of which lies partially on someone else's property. That property is now up for subdivision," Van Pelt told the board. "S. H. Cervantes has filed a tentative subdivision map for six acres of that proposed school site with the City of Novato."

Trustee Alan Swabaker asked what legal protection the district had in keeping the site.

"You can protect that portion of it that is within the Loma Verde master plan, but not that part owned outside the plan," Van Pelt told him.

Swabaker said that the board did not have money to buy the site now.

Supt. Ralph Giovanniello suggested the district could borrow from the state with voter approval. Van Pelt said he felt the board should take the problem of acquiring the site directly to the state.

POWDER EXPLOSION INJURES YOUTH, 14

Joey Wilson, 14, experimented with lighting gun powder in a bottle in Mill Valley early today and "learned his lesson."

The boy, son of Mr. and Mrs. M. E. Wilson of 61 Lovell Avenue, was treated for first degree burns around both eyes and on his forehead at Marin General Hospital and sent home around noon.

Mrs. Wilson said Joey went to a vacant lot behind Stiveson's Restaurant about 8 a.m. He apparently lit the gun powder in a small brown bottle, his mother said. The bottle exploded in his face, burning his eye lashes off but not cutting him.

Joey, an eighth grader at Edna Maguire School, was taken to the hospital by the Mill Valley Ambulance.

Mrs. Wilson said she did not know where her son got the gunpowder. "I think he's learned his lesson," she said.

Churchill's Citizenship Passes Senate

WASHINGTON (AP)—The Senate passed by voice vote today and sent to President John F. Kennedy a bill to make Sir Winston Churchill, World War II prime minister of Great Britain, an honorary citizen of the United States.

Senate Republican Leader Everett M. Dirksen of Illinois called up the measure less than an hour after the Senate judiciary committee had approved it unanimously.

There was no discussion as the Senate moved to give Churchill an unprecedented honor.

The bill directs the president to issue a proclamation declaring Churchill an honorary citizen.

County Parks, Rec Director Named

Kelvin J. Nelson, 35, superintendent of parks and recreation for the city of Idaho Falls, was unanimous choice of county supervisors today for the new position of Marin County Parks and Recreation director.

With an executive session still in progress, Supervisor George Ludy emerged briefly to announce the board's choice, resulting from almost a full morning of questioning five candidates top-ranked by an oral examination committee yesterday.

Nelson is married and has five children.

Bing's Son Lindsay Divorced By Wife

LOS ANGELES (UPI)—Crooner Bing Crosby's son, Lindsay, was divorced today by his former showgirl wife, Barbara, who testified he stayed away from home nights repeatedly.

"I don't know where he was or what he was doing and when I asked him I only received vague explanations," she wept.

Russians Launch Rocket To Moon

MOSCOW (AP) — The Soviet Union announced they fired an unmanned, 3,130-pound research vehicle toward the moon today from the orbit of an earth satellite. A Soviet astronomer hinted it may land a robot observatory on the moon's surface.

This is part of the Soviet preliminary work in a race with the United States to be the first to land men on the moon.

Tass, the Soviet news agency, said the automatic instrument station will reach the area of the moon in three and one-half days, apparently meaning some time Saturday.

Tass said the device was outward bound 31,370 miles above the Yellow Sea and rocketing along close to its present trajectory. Its instruments were said to be functioning normally.

Tass called the device Moon IV, though its predecessors in Soviet moon shot work have been known as Luniks.

Lunik I missed the mark, Lunik II was reported to have scored a hit. From Lunik III came the release of pictures purported to show the hidden back side of the planet.

The United States had landed one rocket on the moon's back side, but instrument failure limited the value of the exploit.

Without saying whether Moon IV was intended to hit or fly by the moon, Tass said the launching was in accordance with the Soviet program for "exploration of outer space and planets of the solar system."

The phraseology of its communique suggested the vehicle was shot from an orbiting space platform, but the communique did not go into detail.

Governor Defends CDC, Unruh In Party Feud

SACRAMENTO (AP)—Gov. Edmund G. Brown defended both Assembly Speaker Jesse M. Unruh and the California Democratic Council today in their bristling intra-party feud. (See story page 6.)

The Democratic governor told his news conference that he didn't always agree with either the powerful speaker or the volunteer party organization.

But he called Unruh a "strong, forceful leader" and disagreed with a CDC convention report taking a slap at the Los Angeles Democrat's campaign operations.

As for the CDC, he said it generally does a good job, it's a good influence and he hopes it keeps on growing.

At least, he said, the delegates openly debated issues, and that's more than he could say for the Republicans.

Brown was asked for comment on a demand by Caspar W. Weinberger, Republican state chairman, that he publicly support resolutions adopted by the CDC at its Bakersfield convention last weekend.

He said he was disappointed in Weinberger's leadership of the opposition party, calling it as negative as the John Birch Society.

The governor added that Weinberger, a former San Francisco assemblyman, is not a Bircher himself.

Brown reiterated his opposition to the CDC position favoring abolition of the House Committee on Un-American Activities. He said he favors an affirmative loyalty oath, but that he's not sure the state's present oath is satisfactory.

On other subjects, Brown had this to say:

TAXES — Revision of a bill to increase the gasoline and other motorist taxes doesn't water down his commitment against new taxes this year.

BILLBOARDS — The governor declared his full support for forthcoming bills designed to prohibit billboards along state and federal highways.

BRADEN — He said Senate President pro tem Hugh M. Burns (D-Fresno) predicted the Senate will confirm his reappointment of Tom Braden to the State Board of Education.

$4 Million Ruled For Marinite

About 32 million dollars, four-fifths of the Miller and Lux Estate, has been divided among the eight heirs of California cattle king Henry Miller, but the legal dispute over the division is still undecided.

Mary Nickel Lombardi of 25 Palm Avenue, San Rafael, will receive about four million dollars of the tax-free inheritance.

In a decision made in San Francisco Superior Court yesterday, Judge Joseph Karesh ordered that one-fifth of the estate, about eight million dollars, be retained until the legal dispute over the division is settled. Attorneys for the heirs have promised to carry the dispute all the way to the United States Supreme Court.

Miller, whose land holdings ranged from the Oregon border to Mexico, placed the stock in trust in 1913, prior to inheritance tax provisions. The trust terminated with the death last December of Mrs. Beatrice Nickel Bowles Morse, the last of Miller's three grandchildren.

No one is exactly sure of the value of the Miller and Lux shares. The 32 million dollar estimate appears to be conservative.

Six thousand shares, valued at about 5.5 million dollars, will go to each of Mrs. Morse's three children, Henry Miller Bowles of San Francisco, George McNear Bowles of San Francisco and Mrs. May Bowles Lawrence of Orinda.

The judge ordered that 4,500 shares, valued at more than four million dollars, go to each of three children of George W.

ARGENTINE REVOLT CONFINED TO RADIO

BUENOS AIRES (UPI) — Retired military officers tried today to spark a revolt, with apparent navy support, to block what they termed a threatened Communist takeover.

The government tried to minimize the scope of the revolt movement and described it as a war of nerves. However, security measures were in evidence in Buenos Aires and elsewhere in Argentina.

President Jose M. Guido warned rebels that a joint army-air force task force would "undertake operations" against rebellious naval elements if they did not end their "subversive attitude."

Hostilities appeared to be confined to the air waves — at least during the early hours of the revolt.

A radio station at La Plata reported rebellious navy aircraft had attacked a pro-government tank battalion at Magdalena and a communications regiment near La Plata because they refused to surrender.

The station claimed widespread support for the rebel cause.

The government immediately termed the reports "absolutely false."

Guido's reference to the Navy was the first official indication that branch of the armed forces was implicated in the call for an uprising, described earlier by rebel leaders over a seized radio station as a "national revolution."

The revolt's principal aim seemed to be to block the forthcoming June elections in which the government is permitting neo-Peronists to participate. Argentine Communists have supported Peronist candidates in past balloting.

Khrushchev Appears Still In Firm Control

MOSCOW (UPI) — Premier Nikita Khrushchev basked in the Black Sea sun today with every indication he still is in firm and unchallenged control of the nation despite speculation abroad that he might be in trouble.

Speculation in Western European capitals that Khrushchev might be losing an internal struggle for leadership was strongly discounted by veteran Moscow observers.

The "Khrushchev in trouble" reports were revived by an article in the Italian Communist Party newspaper, L'Unita, which said Moscow is living a "delicate political moment." It said the situation stems from disputes with Peking, the Cuban crisis, problems in farming and the chemical industry, and difficulties with Soviet cultural leaders.

(Another Rome newspaper, the Communist-line Paese Sera, reported from Moscow today that Khrushchev is meeting "conservative resistances" to both domestic and foreign policy in a debate "of a liveliness unprecedented in the Soviet Union's recent past.")

Western observers in Moscow interpreted the report by L'Unita's Moscow correspondent Giuseppe Boffa, as merely a chronical of the problems facing Khrushchev as chief of the government and Communist Party and not as an indication he is losing his grip.

Pravda, the Soviet Communist Party newspaper and the top official guideline to Kremlin political fortunes, today front-paged a photograph of Khrushchev smiling broadly.

Satellite Launched

VANDENBERG AIR FORCE BASE (AP) — Another military satellite has roared into orbit from this Air Force missile base.

The Air Force doesn't release details of military launchings. After the shot yesterday a spokesman announced only: "A satellite employing a Thor-Agena combination has been launched."

The Thor-Agena first and second stage units have been used in almost all launchings of satellites in the Discoverer series. The Discoverers are research vehicles. They have been used in the past in the development of the Midas and Samos surveillance satellites.

Paris Strike Talks

PARIS (UPI)—Representatives of 200,000 striking coal miners renewed negotiations with the government today in search of a compromise settlement.

Both sides have said they will not back down.

But the reopening of talks after an eight-day lapse brought cheer to the coal centers, where miners and their families have held out on small strike payments.

Daydreams Dangerous

HOUSTON (UPI) — Don't daydream. It's dangerous.

Dr. Jerdol D. Scott, a Houston consulting psychologist, said yesterday that the daydreamer can become involved in many kinds of accidents. He spoke at a session of the 24th annual Texas Safety Assn. conference.

"The type of person likely to daydream is one extremely concerned with the impression he makes on others," Scott said. "He is the type who will sometimes show off by operating equipment he is not qualified to operate—a sensitive person, who, if he fails to get needed recognition on his job, may resort to daydreaming.

Eruption In Alaska

ANCHORAGE, Alaska (UPI)—Things were back to normal today in Alaska's remote Valley of the Ten Thousand Smokes following a spectacular show yesterday.

Mount Mageik, a 7,250-foot peak in the uninhabited southwest region of Katmai National Park on the Alaska Peninsula, erupted yesterday and puffed a huge cloud of dust and smoke nearly nine miles in the air.

Bridges Hits JFK

SAN FRANCISCO (UPI)—Harry Bridges, president of the International Longshoremen's and Warehousemen's Union (ILWU), opened the union's biennial convention yesterday with a verbal attack on President John F. Kennedy and government intervention in labor disputes.

Bridges, making the keynote address at the 15th biennial meeting of the ILWU, said that the new frontier was going in the wrong direction.

Autopsy Planned

SANTA ROSA (UPI)—An autopsy will be performed to determine the cause of death of Sonoma County Public Defender Frank McCauliffe according to Coroner Andrew Johansen.

McAuliffe, 52, was found sprawled in a hallway of his home yesterday. Johansen said there was a bruise on one arm but not other sign of violence.

"I cannot say if his death was natural," the coroner said.

Admits Killing Laos Aide

VIENTIANE, Laos (UPI)—A corporal of the Laotian neutralist army has been arrested and confessed to the assassination of pro-Communist Foreign Minister Quinim Pholsena, it was announced today.

Pholsena

The death of Pholsena, who was killed by a burst of machine gun fire as he and his wife stepped from a car in front of their home here last night, threatened to upset the shaky three-way coalition government and set off a new crisis in this Southeast Asian kingdom.

Pholsena's wife was wounded seriously in both legs.

The corporal was quoted as saying he killed Pholsena deliberately, although no motive was given.

Nassar, Syria Rift In Open

BEIRUT, Lebanon (UPI) — Simmering trouble between President Gamal Abdel Nasser of the United Arab Republic and the new regime in Syria appeared today to have flared into the open.

The Syrian government yesterday ordered a daily 6 p.m. to noon curfew to "isolate disorderly elements."

Unconfirmed reports said the order followed clashes between Nasser supporters and members of Syria's Ba'ath Arab Socialist Party in Damascus Sunday and yesterday.

Candy Barr Freed From Prison

EDNA, Tex. (AP)—Candy Barr, a sweetheart of gambler Mickey Cohen before she was sent to prison, came home to her parents last night and vowed she is through with being a night club stripper.

Candy

She went free from state prison after serving three years and four months of a 15-year sentence for illegal possession of marijuana.

Her daughter, 7, ran to hug the baby-faced former entertainer as Candy arrived at the home of her parents, Mr. and Mrs. E. F. Slusher.

"She didn't forget me," Candy said happily.

The once blonde darling of night clubbers said, "I may do some acting, but no more strip tease."

Inmate Shot In Prison Break

FORT MADISON, Iowa (UPI)—One prisoner was shot and seriously wounded in the leg last night as he and three other inmates unsuccessfully attempted to break out of the Iowa Penitentiary after holding two guards captive for more than two hours.

A tower guard shot and wounded Harold Buck, 33, as the prisoners stuck his leg out of a cell block window on the way to freedom after the four inmates had sawed two bars from the window.

Negro Vote Request Rejected

GREENWOOD, Miss. (AP)—A federal judge has rejected a Justice Department request for an immediate court order barring interference with Negro vote registration efforts.

But U.S. Dist. Judge Claude F. Clayton of Tupelo plans a hearing on the matter Thursday at Greenville, Miss.

Meanwhile, Negro comci Dick Gregory—who flew here to speak at a vote registration rally—said he would join members of his race going to the Leflore County courthouse today to take registration tests.

Truett Chairman Of Catholic Unit

Harold J. Truett, San Rafael attorney, is new chairman of the executive committee of the Catholic Inter-racial Council of Marin County.

Truett succeeds Maxwell A. Hull, Tamalpais High School teacher, who has become chairman of the Fair Play for Housing Committee in Marin.

Officers who will serve with Truett are Dr. John Bennett of San Rafael, vice chairman; Cyril E. Beattie of Mill Valley, liaison officer; Peter Allen Smith, Kentfield attorney, development officer and Mrs. Robert J. Glessing of Sausalito, public information officer.

Mrs. Glessing said the central purpose of the Catholic Inter-racial Council is to inform fellow Catholics and the general community of ways to promote inter-racial justice and understanding.

JFK Asks $4.5 Billion Aid

WASHINGTON (AP) — President John F. Kennedy asked Congress today for 4.5 billion dollars in new foreign aid money, slashing 420 million dollars from the total he proposed before Gen. Lucius D. Clay's aid advisory committee reported the current program is much too big.

Last year Congress cut the President's 4.9 - billion - dollar foreign aid request to 3.9 billion dollars and opponents want to pare even deeper this year.

In a special message to Capitol Hill, Kennedy outlined a six-point program aimed at improving the big overseas assistance program. He drew heavily on findings of the Clay committee with which he agrees.

"Our world is near the climax of an historic convulsions," Kennedy said. He declared that U.S. aid will help determine whether large segments of the world chose "consent or coercion" as a way of life.

The presidential message launched the annual legislative battle over the politically unpopular aid bill.

A preliminary skirmish has already been set off by the recent report of the Clay committee, a group of 10 prominent citizens appointed by Kennedy to take a look at the aid program.

The Clay report said a "properly conceived and implemented" effort is essential to U.S. security-words which Kennedy quoted. But the group concluded the current program is a half-billion dollars too big. It passed no judgment on Kennedy's request for the next fiscal year.

Kennedy's new money request for the fiscal year starting next July is now $4,525,000,000, or $420 million below the $4,945,000,000 he called for in his fiscal 1964 budget submitted in January before he got the Clay report.

Officials figured actual spending for fiscal 1964 would probably drop less than 100 million dollars during the year as a result of the proposed savings because spending lags behind appropriations.

In the new money request, $1,405,000,000 would go for arms aid—a $75 million dollar reduction from the January figure — and $13,120,000,000 for economic assistance, a $345-million dollar cutback.

The president also requested abolition of the ban Congress included in last year's trade law against giving most-favored-nation tariff concessions to Communist Poland and Yugoslavia.

Kennedy's six key recommendations:

1. "To apply stricter standards of selectivity and self-help in aiding developing countries.
2. "To achieve a reduction and ultimate elimination of U.S. assistance by enabling nations to stand on their own as rapidly as possible.
3. "To secure the increased participation of other industrialized nations in sharing the cost of international development assistance.
4. "To lighten any adverse impact of the aid program on our own balance of payments and economy.
5. "To continue to assist in the refense of countries under threat of external and internal communist attack.
6. "To increase the role of urivate investment and other non-federal resources in assisting developing nations."

Guatemala Chief To Fight Communism 'To The Death'

GUATEMALA CITY, Guatemala (AP)—Vowing to fight communism "to the death," Guatemala's new dictator, Col. Enrique Peralta announced last night he will deport all Communists in the country and let no others enter.

The provisional president told a news conference Guatemala is calm following Sunday's military coup. But the defense Ministry charged Communist agitators are planning disorders.

Communist demonstrations were banned, but a mass rally was planned today to register public approval for Peralta, 54, an army officer and former diplomat who seized power with the avowed purpose of cracking down on Communist subversion.

Most political parties in this Central American nation approved the coup, although Miguel Ydigadoras Fuentes, the elected president it deposed, was a militant anti-Communist and a conservative.

Alberto Herrate Gonzalez, the new foreign minister, expressed hope for prompt recognition by all members of the Organization of American States.

The request presented a problem for the United States and those of Guatemala's anti-Communist allies in South America who feel freely elected governments are the best defense against communism.

In Washington, State Department press officer Lincoln White said the United States "is consulting with other countries in the hemisphere on the question of establishing relations with the new regime."

Meanwhile, the State Department urged the new regime to send a delegation to the Central American security conference scheduled to start tomorrow in Managua, Nicaragua.

Costa Rica and Venezuela announced they will not recognize the Peralta regime. Both countries also have refused to recognize governments set up by military coups in Argentina and Peru. Mexico recalled its ambassador for consultation.

In Managua Ydigoras, who at first declared the coup was good for Guatemala and the rest of Central America, charged that Peralta is allied with Red sympathizers.

JFK Under Pressure To Bar Cuba Raiders

WASHINGTON (AP) — The Kennedy administration was under pressure today to deny re-entry to the United States of refugees who participate in hit-and-run raids on Cuba.

Sen. Wayne Morse (D-Ore.) said he was awaiting an answer from Atty. Gen. Robert F. Kennedy to a March 20 letter in which he proposed enforcement of Neutrality Act provisions against Americans and non-citizens taking part in expeditions to other countries.

Morse, who heads a Foreign Relations subcommittee on Latin America, denounced the raids yesterday as ineffective and dangerous.

Sen. John Sherman Cooper (R-Ky.) said he agrees that the United States cannot permit the exiles to dictate the course of U.S. policy. But he said that policy isn't firm enough.

"The best thing we could do to reduce provocations in the area is to make it clear that the Soviets must withdraw all of their troops from the area," he said.

Postage stamps were first used by the United States in 1847.

No Giampoli Decision; Maybe Before Vote

Nick Giampoli tried without success last night to get a San Rafael City Council finding on whether his discharge from the police force was justified, but he may yet get it before next Monday's municipal election.

Two weeks ago, the council postponed action on Giampoli's appeal from his ouster until last night. But the item did not appear on the agenda for last night's meeting. Nevertheless, Giampoli was there, and had previously asked Mayor John F. McInnis to try to get a decision.

The mayor tried; but councilmen all agreed the case of the ousted lieutenant had been muddied rather than clarified by legal arguments in his behalf by San Francisco attorney William J. Murphy.

City Atty. A. E. Bagshaw insisted several times: "This council should not attempt to rule on the legalities involved. It is not the tribunal for that. It should rule on the merits of the discharge."

After considerable discussion, Councilman L. H. (Bud) Baar moved that a hearing be held, with Giampoli and Chief Charles J. Chiesa, who fired him, present—but with no attorneys. This passed 3 to 2, with Mayor McInnis and Councilman Charles W. Aby voting "no." The dissenters held there would be no point in further hearings.

Then, after more discussion, Giampoli agreed to file today a narrative reply to Chiesa's account of what transpired up to the firing last Dec. 12. The council will study that and may or may not call the two men in for a hearing afterward. Whether it will be done this week was left nebulous.

Giampoli is a candidate against Chiesa for police chief in next Monday's election. An interested spectator last night was a third police chief candidate, Vernon D. Thomas Jr. Chief Chiesa, who rarely misses a council meeting, was not there.

STORM JOB BIDS ARE CALLED FOR

Bids for a storm sewer on Grand Avenue were called last night by the San Rafael City Council, although a Bret Harte resident objected that the money should be spent on Mahon Creek diking instead.

After the council had voted unanimiously to open bids April 15 on the sewer project, to extend from Third and Union streets to Fourth and Grand, Melvin Geister of 444 DuBois Street arose to protest that "you went too fast" and to demand why the project was being financed out of general funds when Bret Harte sewer improvements were not.

BLACKMAIL CHARGE

"The city council has seen fit to blackmail us to the point that if we don't take that one-million-dollar drainage project, you won't do anything about Mahon Creek," declared Geister, referring to the Bret Harte Drainage Assessment District.

Councilmen Fred E. Jensen said he thought next fiscal year's budget should include funds for diking Mahon Creek where it overflows near the Northwestern Pacific Railroad.

Councilman L. H. (Bud) Baar said the council had expressed intention to proceed on Mahon Creek diking as soon as the State Division of Highways buys right-of-way for widening the freeway.

STANDS GROUND

Geister was insistent that the Grand Avenue project should be held up so the money could be spent in Bret Harte, but the council stood on its earlier action.

The San Rafael City Council last night also:

1. Granted Richfield Oil Co. a one-year lease extension on a portion of the city's Francisco Boulevard property at $200 a month, up $60 from the former rental.
2. Set for April 15 hearing on Louise V. Walsh's appeal of planning commission denial of a use permit for a real estate office in an apartment building at 1422 Lincoln Avenue.
3. Approved transfer to George Mountanos and Ronald E. Fine of a liquor license at 869 Fourth Street.
4. Granted the Montecito Merchants Assn. permission for a carnival on the Montecito Center parking lot on June 20, by 4-1 vote. Mayor John F. McInnis voted "no," saying, "I am not in sympathy with these sideshows in San Rafael." Steven Brauer of Goodman Builders Supply, president of the merchant group, asked how he could get the carnival permit fee paid. The council told him flatly, "You can't."
5. Put over to budget time Chief Building Inspector Andrew Thomas's request for an additional inspector.
6. Approved final maps of the seven-lot Madrona subdivision at Greenwood and Madrone avenues, and the 32-lot Terra Linda No. 19 subdivision.
7. Was told by Public Works Director Norris Rawles that he is part way through a rough draft of a proposed ordinance to place utility lines underground, beginning in the downtown district.

Fond Farewell For Bagshaw

The San Rafael City Council bid fond farewell last night to Albert E. Bagshaw, city attorney for seven years.

As the council meeting drew to a close at 11 p.m., Mayor John F. McInnis remarked:

"I think we all find a certain amount of regret that this is Mr. Bagshaw's last appearance here. It has been a most constructive association."

Responded Bagshaw, who will not seek another term in next Monday's election: "My respect for local government has increased many, many fold over what it was when I embarked on this job . . . I have always respected this council's sincerity and I certainly admire your devotion to your task."

Dance At Drake

"Spring Fever" will be the theme of a dance at Sir Francis Drake High School on April 19 from 9 p.m. to midnight in the girls' gymnasium. It is sponsored by Drake's Lettermen Club and dance committee.

No Blank Check For Architects

The San Rafael City Council is not about to hand a blank check, nor anything remotely resembling one, to architects for the new city hall.

Councilmen made that plain last night as they picked to pieces a proposed contract (a standard American Institute of Architects form) submitted by the three San Rafael firms engaged to jointly design the structure.

OBJECTIONS

They objected to (1) a loosely drawn section covering extras not provided for in the basic contract, (2) the price of three times cost for such extras, and (3) the absence of a maximum figure on construction.

Architect Carl F. Gromme, acting as spokesman for the group, said it was intended to stay within the figure set in the Ebasco Services report on city hall needs.

Then that figure $640,000 should be incorporated in the contract, the councilmen held.

"My experience is that most of the litigation growing out of architect's contracts . . . arises from the fact that the contract does not specify the exact number of feet and the total cost," put in City Atty. A. E. Bagshaw.

Upshot was that the council handed back the contract to be gone over and rewritten in consultation with Bagshaw and a representative of Ebasco Services.

Summer Rec In Ross Slated

Registration for the Ross summer recreation program will be taken on May 2 and 3 from 8:15 to 9 a.m. at the Ross School.

The program will include courses in art, creative writing, puppetry, dramatics, sewing, dressmaking, auto shop and typing. Tennis, swimming, diving and life saving will also be taught to children of grammar school age.

The program will be divided in two sessions spanning June 24 to July 31. Director of the program is Mrs. Charles F. Doyle of Ross. Sponsors are the Ross Parent-Teacher Assn., the Town of Ross, and the Ross School District.

San Rafael Artist Wins First Prize

Robert Kosta, a San Rafael art student at Mexico City College, recently won a first prize in graphics and an honorable mention for drawing in the 14th annual college art exhibit at the Mexican-American Cultural Institute in Mexico City.

Kosta, son of Mr. and Mrs. Stanley Kosta of 14 Belloreid Avenue, entered four etchings, three drawings and one painting. A San Rafael High School graduate, he began his art work at the age of 8 in classes sponsored by the Marin Society of Artists. He studied two years at the California College of Arts and Crafts before entering Mexico City College last September.

Marinwood Fire Chief Dismissed—'Untenable Situation'

By ALTON S. BOCK

Marinwood fire chief John G. Unsworth was fired last night by unanimous vote of Marinwood Community Services District directors.

His dismissal was the result of what CSD Chairman Howard Council called "an untenable personnel situation." But Council added that the dismissal was decided on an "amicable hearing."

Unsworth, who talked with the CSD board for an hour and one-half in closed session before the firing was voted on, agreed with Council. He emphasized that the fire department is "definitely in good shape."

The brief CSD meeting was attended by 19 persons, mostly members of the Marinwood Assn. and the 21-man volunteer fire department.

"This is an unpleasant thing," said Director Glenn D. Tobias, "but it has come about because of a deep-seated and insoluble conflict. It does not mean the iminent collapse of the fire department. We have reviewed the case thoroughly and it is a personnel conflict."

Unsworth said "the situation had become unbearable." He said the "situation arose between me and the two hired men, and it takes away from my position and prestige. I have rules to operate under, and the men under me feel they do not have to follow my orders. It was a misunderstanding among all of us—the CSD board, the fire commission, and the personnel."

The dismissal of Unsworth a little more than a year after he was hired was recommended last Thursday by the fire commission. In January of 1962 the then fire chief, Donald G. Ray, quit in the middle of a stormy CSD meeting at which he was threatened with pay reduction and probation for alleged refusal to keep the fire department under tight administration.

Boyd F. Wells, Marinwood Assn. director, said: "Something should be salvagable, and why can't you reconsider this? Does it have to be this way?"

"Believe me, we've done everything," said Council.

Unsworth said he had been given the chance to resign and instead insisted that he be fired.

"I wanted it that way," he said.

He said he had recommended to the commission that the two paid firemen, Joseph D. Medley and James W. Cameron, be fired, but the commission refused—"and with good reason," he admitted.

Fire Commission Chairman James McElhattan said replacement of Unsworth would be considered at a future meeting. Unsworth will continue to serve as chief until May 1.

"I would like to find another job in Marin," he said. "I've been a fireman for 15 years, and that's all I know."

Kaiser Hall To Be Used For English

Kaiser Hall at Tamalpais High School will switch from rockets to reading.

Tamalpais Union High School District trustees last night approved working drawings for conversion of the hall from a science building to one for English classrooms. The conversion will be done after completion of a new science building, now under construction.

With trustee Edmund J. Thomas Jr. absent, the board approved hiring nine teachers for next school year. They are:

At Redwood High School — Mary Ann Donovan, to teach English; K. Sheila Johnson, English and physical education; Martha A. Orendorff, art; Albert E. Ragan, business education, and Louise M. Veite, English.

At Sir Francis Drake High School — Patricia Ruth Bagley, English and journalism; Richard De Conti, English and physical education, and Jack E. Smith, biology.

At Tamalpais High School—Fernando M. Silva, Spanish and French.

Leave of absence for next school year was granted Norman Goldstein, Drake science teacher, working on a national science foundation grant to devise new high school instruction methods in biological sciences.

The Tamalpais Union High School District board also authorized Supt. Chester G. Carlisle to apply for national defense act matching funds to buy language laboratory materials for the district's three high schools and build an electronics laboratory at Tamalpais High.

Tiburon Fire Unit Votes 3 Hydrants

The Tiburon Fire Protection District Commission last night voted to purchase three steamer type fire hydrants for installation along Tiburon Boulevard. According to Fred C. Hannahs, secretary, this type of hydrant produces a higher flow of water.

(The area in which the hydrants are to be installed are within the limits of the parcel which Fred G. Zelinsky proposed that Belvedere annex at last night's Belvedere City Council meeting.)

The commission requested Chief Frank J. Buscher to prepare specifications by the April 17 meeting on a new 1,000-gallon pumper.

Lectures Set On Communism

The first of a series of five lectures on "Communism in Practice" will be at 8 o'clock tonight at the Dominican Priory, 217 Laurel Grove Avenue, Kentfield.

The series, sponsored by the Dominican Fathers of Kentfield, will be given by Rev. Nicholas Kurguz, O.P., a native of Russia and a student of Russian history. He received a master's degree from Dominican College and is a candidate for a doctorate at Stanford University.

His first lecture is entitled, "Karl Marx, Father of Communism." Other lectures will be given April 23 and 30 and May 7 and 14.

Hearing Continued On Liquor Charge

A continued hearing by the Department of Alcoholic Beverage Control of charges that Al's Liquor Store, 5939 Redwood Highway, Ignacio, sold liquor to minors, has been taken off the department's calendar.

The hearing on the license held by owners K. Darroll Ashpole and Edrick W. Noon had been set for April 10 at the Labor Temple in San Rafael.

'Unethical, Unsportsmanlike' Findings In Football Probe

ATLANTA (AP) — Atty. Gen. Eugene Cook reported to Gov. Wallace Butts gave advance information to Paul Byrant on last September's Georgia-Alabama football game which was "unethical, improper and unsportsmanlike."

"The furnishing of such information might well have vitally affected the outcome of the game in points and the margin of victory," Cook said in a summation of his findings after a two week investigation.

Sanders ordered the investigation after the Saturday Evening Post charged in its March 23 issue that there was collusion to affect the outcome of the game between Butts, recently resigned as Georgia athletic director, and Byrant, the University of Alabama coach.

Alabama won the game 35-0.

Cook said it had been establishd that George Burnett, Atlanta insurance salesman, had been accidentally cut in on a telephone conversation between Butts and Byrant on Sept. 13, 1962 and heard the Georgian giving information on his university's plays.

"The telephone company records establish the fact of this phone call and that the conversation between the two lasted approximately 16 minutes, in which there was an exchange of conversation regarding football plays formations and techniques which might be employed by Coach John Griffith in the game between Georgia and Alabama on Sept. 22."

Cook said the evidence clearly indicates that the conversation was not "casual and general football conversation."

Lagunitas Candidates To Speak

The Lagunitas Parent-Teacher Assn. and the League of Women Voters of Central Marin will co-sponsor a forum for Lagunitas School District board candidates at 8 p.m. Thursday in the school multi-purpose room.

Each of the five candidates has been invited to speak for five minutes on two specific questions:

1. What special qualifications do you think you bring to the Lagunitas School District board?

2. What changes in school board policy would you like to see in order to support your philosophy of education?

A 30-minute session will follow the speeches.

Incumbent board members will explain the request for tax increase authorization which also will be on the ballot.

Candidates are incumbent Leslie C. Stone, Joseph Furdas, Mrs. Lorraine Dudley, Mrs. Georgette Vilas, and Mrs. Charlene Sutton.

Sunday Closing Law Is Opposed

The Novato Chamber of Commerce board last night voted to go on record as opposing the proposed California Sunday closing law.

Edmund Grundstrom Jr., chairman of the legislative committee, recommended that the board oppose the measure, which is Senate Bill 845.

The retail merchants committee held a special meeting on the proposed law and recommended that the entire chamber board oppose it, reported Richard Greenberg, chairman.

The motion to oppose passed by vote of 12 to 2, with chamber president Wayne Womack and Gordon Adams of the Novato Advance voting against it.

Mail Stolen, Found On Merrydale Road

Two envelopes, one containing a $38 government check were stolen from apartment mail boxes on Merrydale Road north of San Rafael but discarded in a laundry room, sheriff's deputies reported today.

Lois Marie Butler, manager of the apartment at 238 Merrydale Road, reported the mail tampering last night. She said one of her tenants found the two pieces of mail behind a washer-drier in the laundry room.

Novato Horse Group Will Play Sunday

The Novato 4-H Colts and Fillies, formerly the Novato 4-H Light Horse Group, will hold a playday Sunday at the Pacheco Ranch at 1695 Indian Valley Road.

Trophies will be awarded to the top three places with a ribbon going to fourth place, in both the junior and senior classes.

Burglar Breaks Into Gas Station

A burglar broke into the Union Oil Station near H. Koch and Sons Inc. at Corte Madera wye sometime last night but apparently took nothing but two keys to the cash box.

Owner Frank L. Knouse of 122 Birch Street, Corte Madera, discovered the break-in and notified the sheriff at 7:25 a.m.

Deputy Sheriff Boyd Burnham said the thief had climbed trash cans to the rear of the station to break a window for entry. The cash box and desk drawers had been opened, but nothing of value appears to be missing.

Four Ballet Pupils Pass Dance Tests

Four ballet pupils of Mrs. Cecile Preble of San Anselmo recently passed achievement examinations administered in Oakland by a representative of the Royal Academy of Dancing of London, England.

Mrs. Preble said this is the first time Marin ballet pupils have passed the tests, which are administered all over the world once a year.

Donna Lambke, 9, of Terra Linda received commendation on her certificate. The other three pupils were Karen Schmidt, 9, of Los Ranchitos; Jacqueline Evanikoff, 9, of Sleepy Hollow, and Venette Allen, 10, of Marinwood.

Fort Baker Soldier Hurt In Auto Crash

Army Sp/5 Alexander Disberry, 22, of Fort Baker suffered multiple but minor injuries yesterday when his car ran off Panoramic Highway three miles east of Stinson Beach, the California Highway Patrol said.

Disberry's westbound car skidded 120 feet, left the road and landed in a creek bed 90 feet off the road. He was treated at Marin General Hospital for head injuries, face and leg bruises and abrasions.

quoted prices to two repair contractors for removing the pumps for repair, "but nothing was done."

"That's a new one on me," said Rawles.

"Our policy has been to inspect well before the storm season," said Mayor McInnis. "Apparently this was not done. It is a source of extreme embarrassment to me and the rest of the council. . . . We didn't know of the situation."

"We spend a lot of money and everything's haywire," grumbled Jensen.

"What's haywire," demanded Rawles.

"The pumps are out, there's a hole in the pipe, the debris isn't removed," shot back Jensen, launching into a lecture on the "haywire" aspects of the city's flood control.

Said the mayor: "I would like to ask all city personnel, regardless of what department they're in, to never let this happen again. It's inexcusable."

Added Jensen: "I'd also like to ask all city personnel to let the council know what goes on."

Hub City Parks Group Approves Tentative Budget

The San Anselmo Recreation and Parks Commission last night approved a tentative budget for 1963-1964 but the total budget figure was not available today because individual items have not yet been added up, according to chairman Dwight Nelson.

The budget calls for an expanded after-school and vacation recreation program for Yolandsdale School and the drawing up of a recreation master plan for the Sorich Ranch property at the end of San Francisco Boulevard.

Uses proposed for the property include a .22 caliber rifle and pistol range, day camp facilities and a natural area with barbecue pits, according to Nelson.

The commission last night decided also to study the need of tot lots in various locations in the city. The budget is expected to be totaled up by the April meeting of the commission.

Vandals Hit Homes Under Construction

Vandals scattered powdered cement on floors and damaged trimmings at two homes under construction at 342 and 352 Pinehill Road in Tamalpais Valley, foreman Harry Chapman of Marin Home and Investment, told Deputy Sheriff William N. McKillop yesterday. Chapman said it would cost $150 to $200 to repair the damages.

Chapman complained that this type of malicious mischief has been going on ever since construction began on the homes.

Handicapped Children Films To Be Shown

The first of a series of nine movies on the training of hearing handicapped children will be shown for the Marin County Parents of Hearing Handicapped Inc. at a meeting at 8 p.m. tomorrow at the Marindale School, 1501 Los Ovejas Avenue, Terra Linda.

The films are accompanied by tape recordings and will be followed by group discussions.

STOCKS TODAY

NEW YORK (AP) — The stock market closed mixed today in a final wave of heavy trading.

An early rally continued yesterday's advance and the market was close to reaching the mid-February recovery highs. Some mild profit taking was already setting in when news came that steel companies had been indicted on price-fixing charges.

Volume for the day was estimated at 4.4 million shares compared with 3.98 million yesterday.

Soldier's Change In Plea Is Continued

An expected change of plea by Army Sgt. Ruben E. Rudolph, accused of strangling him German wife and dumping her body beside a road in Fort Barry last May, was continued until next Tuesday in San Francisco Superior Court.

The continuance today was at the request of the 35-year-old Presidio soldier's attorney, George T. Davis. Rudolph had been expected to switch from an innocent to a guilty plea in Judge Francis McCarty's court.

Nickel. They are Mrs. Wallace Mein of Woodside, George W. Nickel Jr. of San Francisco and Mrs. Lombardi, who is legal secretary for San Francisco attorney James Martin MacInnis.

A fourth member of the Nickel family, John Beverly Nickel, was killed in a plane crash in 1954. His two children, Nina, 12, and Jack, 8, are to divide his share, each receiving about two million dollars.

The legal dispute arose because the three children of Mrs. Morse say they should get half the estate and the descendants of Nickel the other half. The Nickel children want the inheritance split into seven equal parts, giving them a more favorable formula.

Judge Karesh said he would rule on the matter May 6, but the lawyers (there are 13 in the dispute) said the matter will be carried to the highest court no matter what the decision.

Airman Is Arrested For PX Burglary

A second suspect has been arrested in the $800 burglary of the Hamilton Air Force Base Post Exchange last Oct. 4, Special Agent Frank L. Price of the Federal Bureau of Investigation disclosed today.

The suspect is Robert Richard Jones, 19, an airman at Hamilton who had been sent to England for overseas duty. He was returned to San Francisco by the Air Force and was arraigned today before the United States commissioner there.

Jones's suspected accomplice, Mitchell Evan Spangler, 20, who was discharged from Hamilton on Jan. 8, was arrested by the FBI last week when he visited a friend in San Rafael.

The two are accused of breaking into the Hamilton PX and stealing $800 worth of movie and camera equipment.

FBI agents said they will seek an indictment against the two men before the federal grand jury tomorrow.

Jones, whose home town is Concord, is on three years probation for attempted burglary of La Petite Auberge restaurant in San Rafael in December of 1961.

Woman Is Treated For Drinking Poison

Ann Marie Langley, 34, of the Carmel Hotel, 830 B Street, San Rafael, was in satisfactory condition today at San Rafael General Hospital after being treated for drinking a poison and tranquilizers.

Mrs. Geraldine A. Nardi, a bartender at the Mission Inn at 720 B Street, told police Mrs. Langley added some poison and tranquilizer pills to a screwdriver which was served her at the bar about 3 p.m. yesterday.

Lynwood Meeting

The Lynwood Park Improvement Assn., originally scheduled to meet last night, postponed its meeting until 8 o'clock tonight in the Lynwood School because of the San Jose Elementary School District community forum meeting last night.

Split Tiburon School Site Gets Approval

A school site split by the Northwestern Pacific Railroad tracks in Tiburon was approved yesterday by the Marin County Planning Commission.

Principal Planner David Van Pelt told the commission that the Reed Union School District had selected three potential sites for a junior high school near the railroad tunnel at Blackfield Road in Tiburon.

"The site on both sides of the tracks is the one that would be less likely to require extensive grading," said Van Pelt. "It is the one preferred by the district, although they want to offer the other two for possible state approval in case the State Division of Architecure doesn't approve the first."

elementary school sites in the Bel Marin Keys development, said the district could take certification of the builders to Sacramento for proof of the need of a school.

"This is a common practice down south," he said. "We give certification of the number of houses to be built in an area and then the state moves faster in allowing the school district money for sites and buildings."

The only static area for the district is Hamilton Air Force Base. Lt. Col. Clifford F. Baxter, base executive officer, reported. "If one outfit moves out, we have others that want in."

School Pay Hikes Set In Mill Valley

Mill Valley School District trustees last night approved salary increased of $1,000 per year for Logan T. Miles and Leo B. Edson, assistant superintendents, and of $750 per year for Supt. G. R. McConnell.

The assistant superintendents' salaries will go from $16,000 to $16,750.

Also approved was the establishment of $25 per day salary for long-term substitute teachers. At present the teachers' salaries vary from $22 to $27 per day based on training and experience.

Boy In Molest Case Made Ward Of Court

A 16-year-old Sausailto boy who allegedly molested a 6-year-old girl in Bonita Street Feb. 14 has been made a ward of the court, Walter H. Busher, probation officer, said today. He was released to his parents and is to continue receiving psychiatric treatment under supervision of a probation officer, Busher added.

The youth was reported to have molested the girl in a washroom of a private home. He was charged with statutory rape.

Sleeping Bag Stolen

A sleeping bag, valued at $25, was stolen yesterday from a clothes line at the rear of her home at 217 Laurel Place, San Rafael, Mrs. Nicola S. Berlandt told San Rafael police.

SUCH A PLEASANT KILLING!

Dan Smith as the police chief is all smiles as he "investigates a murder" in "Amelia Goes to the Ball," to be presented Thursday and Friday at 8:30 p.m. by Tamalpais High School students in the school's Ruby Scott Auditorium. Hap Smith (next to the chief) is more businesslike as he takes notes, while Jim Carstarphen (at right) looks with disdain at the "corpse" (Terry McCue). Jan McCready as Amelia tries to explain it all away — the corpse being her husband.

No Marin City Depot For Year

Marin City will be without a Western Greyhound Lines ticket agency for at least a year after the present depot is closed April 30, Marin County Redevelopment Agency commissioners learned yesterday.

Bert Klahn, executive director, said moving the ramshackle depot and cafe building would be "unwarranted" and that Greyhound has given 30 days notice to tenants.

Greyhound intends to sell tickets on the bus on the Donohue Avenue loop, Klahn reported. There will be no ticket agency until such time as someone in the commercial area, to be built in about a year, requests to take over the agency.

Klahn said there is no need for northbound passengers to board near Juanita's Galley as had been contemplated by the commission March 4.

The commission decided to build an open, three-sided $225 shelter on Donohue Avenue to get riders out of the rain.

Commissioners also agreed to putting in a hand rail for elderly people going through filled area between Donohue and the depot until the depot closes. This was decided after pleas from Mrs. Earl James, who said, "I am not a gazelle."

"Can you tell us anything regarding a central (bus) terminus here in Marin City?" Chairman Alton Lerch asked Richard M. Smith, director of Marin Transit Authority.

Smith answered that his firm will ask for a certificate Friday to operate buses "up 101 to Loma Verde and to serve Sir Francis Drake Boulevard to San Anselmo, Ross, Kentfield and Greenbrae." No additional routes are contemplated into the southern end of the county as yet, said Smith.

"We're waiting on more information. We have been approached by Harbor Tug and Barge Co. in San Francisco on bringing commuters to the ferry in Tiburon to alleviate San Francisco commuter problems. We also talked to people on the Golden Gate Bridge Authority who are contemplating starting bus service. It's somewhat mumbo - jumbo right now," Smith said.

Asked by Lerch if his firm were replacing Greyhound routes, Smith replied, "No . . . we're going into Lucas Valley, Marinwood, Hamilton Air Force Base and into the tracts."

Hardy Westmore Sr. told the commission he has a petition protesting closing the depot with "roughly 700 signatures" which he asked to be made part of the record.

The commission also heard an opinion from its counsel, Leland H. Jordan, that the agency has discharged its legal duty if it has made reasonable attempts to get housing for relocatees. It heard that eight of the "pole houses" are complete and ready for occupancy.

New Directories Sent To Novato Telephone Users

New telephone directories for the Novato area were being sent out yesterday and today by the Western California Telephone Co.

This year's directory has one of the last pictures taken of the Freitas C Ranch before the San Marin subdivision work began. It shows the rural dairy ranch which is now being replaced by a 4,200 home subdivision.

The white phone listing portion of the directory is larger than last year, said Ross Wright, local manager. It has 176 pages, 16 more pages of listings than before, Wright said.

There are 119 pages of advertising in the yellow pages compared to 114 last year in the Novato directory, he said.

The phone company has more than 500 more Novato listings this year than last, he said.

2 In Drake Musical 'Turn Pro'

Sir Francis Drake High School can boast two professionals in the cast of its musical, "Bye, Bye, Birdie."

They got that way after the show started its run, which will conclude with performances Friday and Saturday at 8 p.m. in the high school's little theater.

Suzanne (Stevi) Berry, 17, who has a singing lead in the school production, and Paula Jean Jacobson, 15, a dancer, have won parts in the professional production of the same show to open April 9 at the Sheraton-Palace theater in San Francisco with Van Johnson as the star.

Seventeen of the Drake High cast decided to "turn pro" and tried out for parts in the San Francisco show, which is being produced by Russell Lewis and Howard Young.

Miss Berry, daughter of Mrs. Robert Freeman Jr. of 57 Willow Avenue, Fairfax, and Paula, daughter of Mrs. Patricia Jacobson of 330 Bolinas Road, Fairfax, made it.

One question remained unresolved today: whether they'll be able to attend rehearsals without cutting classes.

Artists To Auction Works For Fund

Hundreds of paintings, pieces of sculpture, jewelry, weaving and craft work donated by members of the Marin Society of Artists will be auctioned Sunday at the Marin Art and Garden Center to raise funds for the society's fine arts award fund and building fund.

Les Crane, KGO radio and television personality and a resident of Marin County, will be the auctioneer in verbal bidding. Prior to this, from 2 to 3:30 p.m., "silent bids" will be submitted by prospective buyers who will write their names and bids on numbered slips of paper placed with each piece of art.

BELVEDERE CHURCH SCHOOL PROTESTED

Backed by a petition bearing 119 signatures, Herbert H. Scheier of 16 Golden Gate Avenue, Belvedere, appealed at the Belvedere City Council meeting last night to protest the establishment of a day school by St. Stephen's Church.

The church had announced plans to open the primary nongraded school in September in the church's classroom.

Scheier maintained it would be in violation of single family residential zoning. If it were permitted, residents would lose confidence in the city ordinances, he declared.

"A precedent would be established," he claimed, "and we may have a music school on Peninsula Road, a areal estate or Secretarial school on San Rafael Avenue, or a swimming and boating school on the lagoon."

He reminded the councilmen that many large, older Belvedere homes, including the Coffitt Mansion, would make ideal schools.

Scheier warned that time was of the essence as the church has scheduled a public meeting April 23 to discuss methods and curriculum and has put out calls for both teachers and pupils.

Mayor Robert P. Watkins replied, "We are with you in supporting regulations and if there is a violation, responsible members of the church should be warned."

He instructed City Atty. William MacKay to meet with James Michael, whose wife is chairman of the board of the new school and who, reportedly, has written an opinion that establishing the school is legal.

Summer Workshops

Three summer workshops for teachers of the Tamalpais Union High School District are planned this year, Supt. Chester G. Carlisle announced today.

They will be in science, on "slow learner" instruction, and in business education. Workshops will be held July 29 to Aug. 23, 8 a.m. to noon, probably at Redwood High School. Participating teachers will be paid $5.50 per hour.

Hospital Plan Gets Approval

The Marin County Board of Appeals last night made an exception to a technicality, approving Timothy Egan's plan to build a technical second story into an addition to the Rafael Convalescent Hospital in Santa Venetia.

Egan plans to put living quarters for employees in the lower level of one wing, but the county building code allows only single-story construction for wood frame hospitals. The appeal board ruled that the safety of occupants was adequate, since the building will be built on a side hill and the upper story exits will all be at ground level.

The board decided there was nothing it could do about a section of the building orinance requiring fire retardant treatment of Philippine mahogany used for interior finish. San Rafael contractor Charles Hendrickson protested the provision.

The board appointed member Fred Woodhall, an electrician, ot study with electrical contractors the 1962 National Electrical Code with a view to adopting it as the county's code.

Marinites Witnessed Bali Eruption, Deaths

Several Marin County residents were eye witnesses to the destructive force of Mount Agung, Bali's sacred mountain, which erupted two weeks ago causing deaths estimated from 1,500 to 11,000.

All were attending a conference in Djakarta, Indonesia, of the Pacific Area Travel Assn., an organization formed to promote travel in the Pacific.

Sam Mercer of Tiburon, assistant vice president of American President Lines, reported that he, Huntley Bennett of Ross, who is with Johnson Lewis Advertising Agency, and several other men were in Bali just before the conference started.

The Balinese had just started the festival of purification, which is celebrated every 100 years, when the volcano exploded. The island was decorated with bamboo and flowers to welcome the Hindu gods to the island.

It had also been 100 years since Agung erupted.

"The Balinese are now convinced the gods come to the island," Mercer added,

He said the rumble of the volcano could be heard in Denpasar, 60 kilometers away. An attempt was made by the visitors to leave the island in a DC-3, but at 1 p.m. it was so black they could not see the wing tips. The pilot turned back. Twenty-four hours later they were able to catch a jet plane en route from Macassar to take them to Djakarta. However, they missed the opening session of the conference.

Later in the week Barnwell Fanning of Tiburon, vice president of the Cartan Travel Agency of San Francisco, went into Bali. He could not estimate the casualties but said that as this was a sacred mountains, the natives headed toward the temples at the mountain instead of away to safety and were trapped. Many others went back for livestock and possessions or to search for relatives.

Fanning flew close to the erupting volcano. He said smoke and debris were rising four miles into the air.

So obvious was the destitution that delegates to the conference personally contributed $1,000 on the spot for relief work.

Also attending the conference from Tiburon was Douglas Jenkins, account executive with Campbell-Ewald Co. of San Francisco.

McCarthy Will Reject Braden

SACRAMENTO (AP) — Despite the opposition of two leading Republican senators, Brown administration forces appeared confident today that the Senate will confirm reappointment of Thomas W. Braden to the State Board of Education.

The vote was set as a special order of business for tomorrow afternoon. Confirmation requires the assent of at least 27 of the 40 senators. The Senate is 27-13 Democratic.

Senate minority leader John F. McCarthy (R-San Rafael) and John A. Murdy Jr. (R-Santa Ana) said yesterday that they will vote against Braden.

Both, however, joined three Democrats on the Rules Committee in sending Braden's nomination to the floor with a recommendation that it be approved.

Sen. Hugh M. Burns (D-Fresno), chairman of the Rules Committee and president pro tem of the Senate, in announcing the unanimous vote said that Braden's opponents "just did not make a case."

McCarthy and Murdy had slightly different explanations of why they voted for Braden in committee, but intend to vote against him on the floor.

McCarthy, who is unofficial Republican leader, said he just wanted to get the issue before the full Senate.

Murdy said he went along with the committee Democrats because he did not believe it should be presented to the Senate as a partisan issue.

Leader of the opposition to Braden is Sen. Jack Schrade (R-Del Mar) who says he has the votes to block the appointment. Braden, 45, publishes a newspaper in Oceanside, which is in Schrade's district. The newspaper endorsed Schrade's opponent last November.

Schrade said that's not the reason he opposes Braden. He charged the publisher with injecting partisanship into education by endorsing Ralph Richardson for superintendent of public instruction.

McCarthy said he will vote against Braden because he had publicly involved himself in partisan elections—by endorsing Richardson, and by injecting himself into the Brown-Nix on gubernatorial contest "on a level which I consider below the belt."

This apparently referred to a question which Braden asked Nixon during a pre-election televised appearance with Brown before a group of newspaper editors. The question, which concerned the Hughes loan, was ruled out of order by the moderator, but Nixon answered it.

McCarthy said confirmation of Braden would set a precedent "for every board and commission of state government to publicly involve themselves in non-partisan elections."

Assembly Committee Kills Rafferty Textbook Plan

SACRAMENTO (AP)—"Multiple adoption" of elementary school textbooks, backed by Max Rafferty but opposed by Gov. Edmund G. Brown and the State Board of Education, has been defeated in the Assembly.

The Assembly Education Committee refused yesterday to send the constitutional amendment by Assemblyman Gordon H. Winton Jr. (D-Merced) to the Assembly floor.

The vote was 9-7 for the proposal, but 11 votes were necessary. All seven no votes were Democrats. Only two Democrats—Winton and Carley V. Porter of Compton—voted for it.

The proposal would have required a two-thirds majority in the legislature and a majority vote by the people at the 1963 election.

It would have changed the present textbook adoption procedure, put in the constitution in 1884.

The State Board of Education now adopts "uniform" texts in each required subject, which must be used by all elementary schools in the state.

The board may—and has on one occasion—adopt two books on one subject, with instructions that each book be issued to every other child.

In addition the board may, and does, adopt supplementary books to be distributed one to every four, five, or ten pupils.

Winton said his proposal would provide even more flexibility. Under it the state board would adopt a list of approved texts in each subject — although a "list" could consist of one book.

Each child would still get one free basic text, paid for by the state.

But the book would be chosen from the state-approved list by local school authorities —the district board in the case of large districts, and the county board in the case of the small districts.

The local authorities would be able to choose any number of any of the books on the state list, so long as their total order equalled their total number of students.

Rafferty says this would allow local authorities to fit the textbooks to the ability of their students—ordering different books for the slow, medium and fast learners.

Opponens said it would cost more, because the state would lose quantity discounts; and would subject local school boards to pressures from publishers and militant organizations.

Rattigan Believes Sunday Closing Opposition Is Mainly Religious

SACRAMENTO (CNS)—Sen. Joseph A. Rattigan (D-Santa Rosa) author of a "Sunday closing" bill in the legislature, said he believes opposition to the measure is almost entirely based on religious motivations.

The measure is scheduled for its first hearing before the senate committee on business and professions April 29.

Generally, it would outlaw the sale of all hard goods on Sundays in any urban area—the latter applying to any county with 175,000 population or more, or within 10 miles of a city of 5,000 or more or in the city.

Rattigan said his impression is that, including opposition because of religious motivation, he has received more mail opposing the bill than favoring it.

"However, excluding the religiously motivated letters, the letters are overwhelmingly in support of the bill," Rattigan said. "I can't identify any substantial opposition to the bill that is not motivated by religious convictions."

Rattigan said he had received many letters from ministers of identified denominations.

"As to many other letters in opposition, it is only an assumption that they are written because of religion," he said. "But it is a fairly reliable assumption as the letters all arrive at once and from a given place."

GOP Rips Two CDC Resolutions

SACRAMENTO (AP) — Democratic assemblymen retreated behind a "no comment" wall today in the feud between Speaker Jesse M. Unruh and the California Democratic Council.

Republicans quickly jumped on what they termed left-wing positions taken by the Democratic club organization at its Bakersfield convention last week.

Senate Minority Leader John F. McCarthy (R-San Rafael) demanded that Gov. Edmund G. Brown repudiate two resolutions he disavowed in the 1962 campaign.

The resolutions called for abolition of the House Committee on Un-American Activities and repeal of the present state loyalty oath in favor of a "positive oath of allegiance."

"While Brown spends considerable time preaching to the Republican Party about right-wing anti-Communist programs," said McCarthy, "he forgets that elements in his own house present a far greater threat to American freedom and principles."

Defending the CDC resolutions, Sen. Albert S. Rodda (D-Sacramento) described them as "liberal and well-balanced."

Unruh continued his silence on the CDC rebuke to "machine politics" directed at his campaign fund-raising and other activities. Most Democrats followed his example in publicly ignoring the convention hullaballoo.

Senate Majority Leader Hugh M. Burns (D-Fresno) sided with Unruh to the extent of saying the party's actions should be built around the elective offices. The CDC feels it should be built around party volunteers.

"The CDC isn't responsible to the rank and file on whose behalf it speaks," Burns told a reporter. He said the left-wing is "clearly influential" in the organization.

NEW CONSTITUTION VOTED IN MICHIGAN

DETROIT (AP) — Michigan voters adopted a new state constitution yesterday in a spring election that enhanced Gov George Romney's political prestige.

With virtually all 5,209 precincts reporting, the winning margin was about 9,000 votes.

Romney, whose election last fall ended 14 years of Democratic rule, campaigned for adoption of the revised document as strenuously and frequently as he could.

Romney was accused of backing a document Democrats said would give the GOP permanent control of the legislature and one-party government.

"I don't think people recognize generally what a mess this executive structure is," Romney told reporters. "After all, there are 120 to 125 agencies that I'm supposed to keep in touch with personally."

Under the new constitution, the state agencies will be concentrated into 20 major departments.

Other changes would lengthen the term of the governorship from two years to four; reapportion the state Senate on a formula based 80 per cent on population and 20 per cent on area; establish a court of appeals under the Supreme Court; eliminate the office of justice of the peace; bar a graduated income tax and establish the nation's first constitutional Civil Rights Commission.

Council Accepts Clerk Resignation

The Corte Madera Town Council last night accepted with regret the resignation, effective June 1, of Town Clerk Naydeeen Tuttle.

Mrs. Tuttle, who had served since September, 1958, also resigned as senior clerk. She said she wishes to devote her full time to her home.

After the meeting Town Mgr. Arthur H. Brandow said specifications for a successor would be prepared today and be available at the town hall.

The new clerk must live in Corte Madera and have two years of college or buiness college education and one year of experience as an office manager or senior clerk, and be adept at shorthand and typing.

The council voted to conduct a review of town employees' at an adjourned meeting at 7:30 p.m. April 18.

It voted 4-0, Councilman Norman R. Barnett absent, authorizing Brandow to ask the Corte Madera Sanitary District board whether it wishes space in the firehouse when it is remodeled.

The firehouse is to be remodeled after a public safety building is erected on Pixley Avenue. The old building would still contain the town meeting hall and the sanitary district board would be able to use this for meetings, Mayor Edward W. Colthurst said.

The Corte Madera Town Council Also:

1. Continued to April 15 discussion on efforts to purchase land of Mr. and Mrs. William H. Wilkinson, 2 Harbor Drive, and Mr. and Mrs. David E. Swanson, 4 Echo Avenue, for improvement of Paradise Drive.

2. Continued to April 15 discussion on clearing grass and tree cuttings from land owned by Ralph E. Tobener at Lakeside Drive and hCeyenne Way. Brandow said Tobener had removed old lumber and neighbors apparently had dumped the other debris.

3. Put over to May 6 a report by Councilman Charles F. Pendleton on the search for a disaster committee director.

4. Received a report from Brandow that plans for tennis courts in the town park will be drawn in about two weeks; authorized Brandow to have the park's ball field designed so it may be used either by the Little League or by softball teams.

5. Authorized payment by the town of half the $5.80 per month per member cost of the town employees' new health insurance plan; this overruled a request by the employees that the town pay at least $4.04 as it had been doing when employees used a plan costing $8.07.

6. Granted approval for Policeman Fred Talmadge to attend a five-week training course at Diablo Valley Junior College, Concord, on Chief Frank L. Nelson's assurance that no extra policemen would be hired in the period.

Ponding Area Sought In Corte Madera

The Corte Madera Town Council last night took under advisement an offer by an owner of marshland east of Hiway 101 to pay for land further east to provide a ponding area.

Vernon Humber spoke as representative of himself and three others owning 90 acres west of the Northwestern Pacific Railroad tracks. He objected to town terms for grading and drainage, saying they would require nine and one-half acres for ponding and drainage via San Clemente Creek into the bay.

Humber proposed the ponding be on less than half the proposed acreage and be on land other than his. He said if the town would acquire four acres east of the tracks from Dominic Muzzi, he and his associates would pay the costs.

The council took the offer under advisement until April 15, when it will resume discussion of a proposed grading and drainage ordinance.

Named Alternate For Scholarship

Patricia J. Miller, senior at Sir Francis Drake High School in San Anselmo, has been named second alternate in the annual $400 4-H Club scholarship awarded by the bay area district of the California Bankers' Assn., according to Peter Ferrarese, Novato banker.

Miss Miller won the award for her work in the Ross Valley 4-H Club. She has had seven years of food projects, five years of clothing projects, four years of home furnishing projects, and three years as a junior leader. Mrs. Helen Youngclaus of 10 Court Lane, Fairfax, is her club leader.

Patricia is a daughter of Mr. and Mrs. Dan Miller of 29 Valley Road, San Anselmo.

Two Typhoid Fever Outbreaks Reported

SACRAMENTO (CNS)—Two separate family outbreaks of typhoid fever were reported in a rural county in the central valley between late December and the end of January of 1963, the state department of public health reported.

The department said six cases occurred in one family where the source was believed to be the carrier father and two cases occurred in the second family where the mother was found to be the chronic carrier.

Sheetrock Is Stolen

Theft of 78 sheets of eight by four-inch sheetrock, valued at $195, over a three week period from homes under construction in Terra Linda at Lenglen Avenue and Carroll Court was reported to San Rafael police yesterday by Edward Winsett of Napa, construction foreman.

Developers Seeking District

An assessment district to provide public improvements for 28 newly subdivided lots was asked of the Corte Madera Town Council last night by developers George Roemer and Jack Estes.

The two said they represented 11 owners of the property, which is now in 46 small lots but would be resubdivided into 28 lots of not less than 10,000 square feet.

The area is the Madera Park tract on the hill south of Tamalpais Drive. Sausalito Street would be its main artery.

Estes estimated the district would cost about $250,000. He and Roemer asked that the town set it up under the 1915 public improvement act, under which the town guarantees the bonds.

Town Mgr. Arthur H. Brandow said the 1915 act has never been used in Corte Madera. The town's assessment districts, he said, have all been under the 1911 act, in which the contractor guarantees the bonds.

The council postponed decision to April 15.

Reed Candidate Night At 8 P.M.

A "candidates night" will be sponsored by the Reed District Parent-Teacher Club at 8 p.m. today in the Reed School auditorium.

Candidates to fill two positions on the Reed board, two vacancies on the Tamalpais Union High School District board, and one on the Marin County Board of Education will appear, said Mrs. Peter Macgowan, chairman.

They are: Reed: David D. Ring, Marilyn Steinau, Leonard M. Sperry Jr., Fred C. Hannahs and K. L. (Jim) Rice; Tamalpais: Dr. John C. Siemens, Dr. J. M. Stubblebine, and W. G. Woodward, and Marin County: Henry B. Grandin, Theodore V. Cole and James Carroll.

Berton Jacobson will be moderator.

Graphics, Paintings, Pastels On Show

A two-artist show will highlight gallery activities of Creative Arts at 22 El Portal, in Sausalito this month. It features Ada Garfinkel of Kentfield and Jim Bertram of Sausalito and Mendocino, showing graphics, paintings and pastels.

Mrs. Garfinkel was represented in the fourth winter invitational at the California Palace of the Legion of Honor this year; Bertram won first award in 1961 and 1962 in the Marin Society of Artists Graphics competition. The gallery is at 22 El Portal.

ZELINSKY ANNEX PLAN IS GAINING

Annexation of part of Tiburon to Belvedere was requested by Mr. and Mrs. Fred Zelinsky at the Belvedere City Council meeting last night.

The parcels in question are the present site of the shopping complex to be knows as "the Belvedere" which includes a Safeway Store and Mobil Gas Station at Tiburon Boulevard and Beach Road. The Zelinskys are the only property owners involved.

The Safeway site connects to a swampland now owned by the Zelinskys which is within the city limits.

Zelinsky wrote he had discussed with Howard Allen of Belvedere Land Co. the possibility of them annexing the land company's post office property and the area from Juanita Lane to Main Street. Zelinsky said Allen replied, "Anything good for Belvedere was interesting to him."

"It is our feeling that if you show great interest to annexation, all preliminary work, legal fees and all costs should be borne by the city with proper protection given to us in completion of our project," the letter concluded.

Mayor Robert P. Watkins said he favored the idea. Councilman John H. Flint commented it would increase assessed evaluation, require minimum police protection and would be an impetus to forming a drainage assessment district.

City Atty. William H. MacKay said the next step would be for Zelinsky to delineate the boundaries for presentation to the county boundary commission. He was asked to meet with Zelinsky.

The council passed a resolution stating its sympathy with efforts of the Tiburon Sanitary District to establish a drainage district.

Thomas R. Clark and Kenneth G. Wells were appointed to the Belvedere Recreation Commission, replacing David W. Ross and Robert G. Barth, whose terms are expiring.

Frederick Jandrey was appointed to the planning commission, replacing Merrit K. Ruddock who has left on an extended trip.

A revokable license was granted John Lawson to permit access to his docks.

The council requested City Mgr. Britton Rey to request replacement of two defective pumps in the sewage system by subcontractor Smith and Loveless.

A request by Robert A. Davies for reimbursement for $250 he expended on drainage control in front of his home at 161 San Rafael Avenue was deferred until the next meeting.

Post Office Plan On Agenda Again

Owner Frank Rusalem's latest plan for a $95,000 post office in the southeast corner of the Corte Madera Center will be discussed again by the Corte Madera Planning Commission at an adjourned meeting in the town hall at 7:30 p.m. today.

A motion to reject the plans was defeated 3-2 at the March 11 meeting. A motion for acceptance died for want of a second.

The commission will continue discussion of a proposal by Patterson Properties for a planned unit development for 1,112 person east of Mariner Cove and north of Paradise Drive.

In Training

Airman Basic Frank L. Nelson Jr., son of Police Chief and Mrs. Frank L. Nelson of 34 Madera Boulevard, Corte Madera, has been reassigned to Greenville Air Force Base, Miss., for technical training as a medical service specialist, after completing basic military training at Lackland AFB, Tex.

Airport Zoning Proposed

Marin County Planning Commission Chairman William Upton aroused little enthusiasm from his fellow commissioners yesterday with a proposal that the county start thinking about zoning what may be the site of a new county airport.

"It may be easier to pass a bond for the airport if the county can zone adjacent land rather than buy it," said Upton, who is a member of the airport committee. He said the site under consideration parallels the Hamilton Air Force Base strip, and nearby lands would be desirable for industrial use.

Commissioner Charles R. Johnson said zoning would be no guarantee the county would save money on land. He added that the airport might be privately developed.

"I doubt if it's worthwhile for the county to speculate in land," said Commissioner Niels P. Schultz.

Medical Symbol Stolen At Center

A 150-pound, five-foot-high caduceus, symbol of the medical profession, last night was stolen from in front of the Terra Linda Medical Center at 300 Las Gallinas Avenue.

Dr. Ralph William Jacobs told San Rafael police the caduceus, which is a snake wrapped three-and-one-half times around a staff, was taken between 10 p.m. Sunday and 10 p.m. yesterday.

He said it was valued at $1,500. It was designed by San Rafael architect Harold Blewett.

Water Board To Meet

A contract to supply the North Marin County Water District with one rubber-tired loader will be awarded at a meeting of the district board at 8 p.m. today in the administration building.

Marin Control Nears On Small Subdivisions

With the warning that "today's counties are tomorrow's cities," the Marin County Planning Commission yesterday moved a little closer toward adopting controls for small subdivisions.

Principal Planner Sidney Shaw said control over small subdivisions is not "peculiar" to cities and should be seriously considered by the county.

Under present county regulations, subdivision maps are required ony for development of four or more lots. Shaw said all 10 of Marin's cities impose controls on all subdivisions.

Commissioner Niels P. Schultz asked, however, "what good has it done?" He expressed doubt that legal control over subdivisions of small parcels is really enforced.

Chairman William Upton, asking for at least some kind of attempt at control, said "you can't protect all the people all the time."

"Control over this should be the business of title companies," said Commissioner Felix M. Warburg, although he admitted there was no way to require that they do.

Shaw suggested a separate ordinance for splits into fewer than four lots.

Upton asked for further study at the April 15 meeting.

The Marin County Planning Commission Also:

1. Continued indefinitely a request by Max Weiss to zone property at Tocaloma on Sir Francis Drake Boulevard for commercial use. Conversion of the old railroad station into business property on the roadside has been opposed by the planning staff.

2. Approved commercial zoning for a 750-square-foot parcel near the Wiltshire Towers restaurant opposite the Civic Center. Staff Planner Edmund Gagi asked for a more restricted commercial zoning, requiring use permits for most business. Chairman Upton dissented from the approval.

3. Approved a use permit for an office addition to Ross General Hospital. The planning staff said the addition would be an "enhancement" to the hospital.

4. Approved a small office and equipment storage yard at 521 Auburn Street in the South San Rafael area, requested by Ghilotti Brothers Construction Co.

5. With consent of the applicants, harmony Baptist Church, abandoned a proposal for rezoning for a church site at the north end of Las Gallinas Avenue in Terra Linda. The staff reported that the site would be reduced to less than half an acre because of street dedication and would be insufficient.

6. Approved changing the name of Reed Court near Reed Boulevard in Alto to Bay Vista Court. The change was requested by the Alto Fire Department because of elleged confusion.

7. Granted architectural supervision for conversion of a building at Pacheco and Eureka streets in Marin City for use as a church by Gospel Fellowship, Inc. The church will seat 60 people.

8. Approved plans for a 12-unit administrative-professional building on the site of the Burris Lumber Co., South Knoll Road and Tiburon Boulevard in Alto.

9. Abandoned a proposal to change the name of Meyer's Service Road in the South San Rafael area. Residents on the road said no confusion now existed with another Meyer's Road in Greenbrae, despite the request for a change by the county public works department.

Drake High Acts Against Transfers

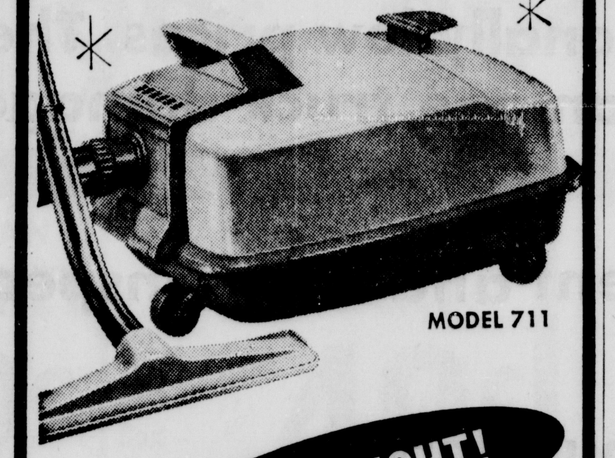

No inter- or intra-district transfers of students will be accepted next year at Sir Francis Drake High School, and those already in effect will be "carefully reviewed" because of expected heavy enrollment, Supt. Chester G. Carlisle of Tamalpais High School District said today.

Principal Harold Allison said Drake is expected to have an opening enrollment of 1,607 next fall, while the rated capacity of the school is 1,475.

If the estimate is correct, Allison said, Drake can operate for one more year without double sessions. The school is already using storerooms and six temporary classrooms, Allison said.

COUNTY EDUCATION STUDIES APPROVED

The Marin County Board of Education last night approved the hiring of six consultants and a consultanting firm to conduct studies and do other advisory work.

Dr. Cecil Parker and Dr. Frank Farner of University of California were employed to study curriculum needs of Tomales Joint Union High School District and the eight elementary districts from which it draws students, with a view to achieving more uniform courses of study at the elementary level.

Dr. William O'Dell of Stanford will be retained to study future enrollments and building needs of the Tamalpais Union High School District to 1975.

Dr. Carl Madden, a professor at Sonoma State College, and an assistant will be hired to bring up to date a review of courses of study in county schools.

The board approved hiring Dr. Karl Scheville, head of the University of California languages department, as a consultant for setting up foreign language programs in the schools.

The firm of Booz, Allen and Hamilton was approved for studies of school district reorganization involving San Rafael, Dixie, San Jose and Novato Unified districts.

The board also agreed to continue using the services of Mrs. Mae Durham of University of California as library consultant.

The board heard a report by Charles J. Vento, audio-visual services coordinator, on a group of science, mathematics and foreign language projects to be financed on a matching fund basis with federal grants under the National Defense Education Act. The total expense, $43,381, would be shared equally by the county. Separate from this is a proposal to make a film of plant and animal life in Marin County, estimated to cost $75,000, with the federal government putting up all the money.

The board approved 80 life credentials for teachers and others requiring certificates. The heavy volume of applications for permanent credentials was prompted by the prospect of stiffer requirements in teacher training, said Asst. Supt. Edward R. Credell.

A one-year leave of absence was granted to James Lujan, a teacher at San Quentin Prison, so he can accept an associate professorship in modern languages at the Loyola University graduate school in Chicago.

Dr. Dufficy Turns In Resignation

Dr. Rafael G. Dufficy Jr. today gave county supervisors a letter embodying his long-anticipated resignation as county medical director.

Before doing this he introduced his successor for a maximum of six months, Dr. Michael Scholl of Tiburon, who has been serving as one of the county's part-time assistant physicians.

Dufficy's letter set April 30 as his date of resignation, in accordance with plans started a years ago for construction of his own hospital. He said the action is "not without sorrow in leaving the many friends I have made in the past 12 years."

Acting Chairman William D. Fusselman responded that "there is nothing to do but to accept with thanks" and added: "I know you've tried and have done your best."

Dufficy then launched into discussion of what he said was an urgent need for giving the assistant physicians more pay.

After hearing Dufficy's request that physicians on call be paid $100 a day because of increasing difficulty in getting doctors to work as emergency physicians for the county, the board delayed any action on the request until next week.

Supervisor Peter Behr suggested the board should hear a suggestion from the Marin Medical Society first.

Sausalito Teacher Raises Seem Out

There may be no raises for teachers in the Sausalito School District for the next school year, trustees learned last night at a preliminary budget hearing.

Trustees discussed two proposed budgets but took no action. They tabled consideration of salary increases and noontime supervision, Supt. Marcus F. Davis said. Should additional funds be made available through proposed legislation or other sources, the board indicated it would reopen salary negotiations.

One budget figure is $720,000 would include proposed salary increases.

The second budget discussed is $646,000, which Davis estimated as the district's maximum income.

Davis said the board will attempt to hold its present tax rate of $2.25 per $100 general purpose tax rate. The district's only additional levy is for retirement and insurance funds, totaling 14 cents.

Noah Adair, chairman of the teacher salary committee, told trustees teachers are aware of the lack of funds but had hoped some salary increases could be granted.

Next meeting is at 8 p.m., Monday, in the district office.

Notary Commissioned

SACRAMENTO (CNS)—Secretary of State Frank M. Jordan today announced issuance of a notary public commission to Vivienne D. Lievenaas, 1017 Fourth Street, San Rafael.

Clinic On Birth Control Planned

A birth control clinic will be held from 1:30 to 5 p.m. Sunday at Our Lady of Loretto Church, Novato.

Dr. Gill Ayotte, staff doctor of St. Mary's Hospital in San Francisco and Rev. John Heany, chaplain at Sacred Heart High School of San Francisco, will discuss marriage before married couples of all ages. "Marriage — Your Road to Happiness" is the theme of the conference.

Mr. and Mrs. James Heffernan and Mr. and Mrs. Joseph Bendix of Novato are co-chairmen.

4 New Shops Approved In Terra Linda

Four new shops to be built in the Terra Linda Shopping Center were approved yesterday by the Marin County Planning Commission, despite planning staff objections that there is no room for extensive expansion.

Chairman William Upton dissented in the vote which granted a use permit to Frank E. Hawkins. Upton said the 8,000-square-foot site on Manuel T. Freitas Parkway was "originally intended for a nursery" and should not be considered for expanded development.

Attorney Thomas E. Schaal, representing Hawkins, agreed to reduce the original request from six shops to four to win commisison approval.

Staff Planner Edmund Kagi said there was still a parking problem in the area, and that proposed use of the site is "far more intensive than the use permit intended."

Tennis Court Use

Use of the tennis courts at the Novato Community House will be discussed by the Novato Parks and Recreation meeting there at 8 p.m. today.

Steel Firms Indicted On Price-Fix Charges

WASHINGTON (UPI) — Seven steel companies were indicted today on charges of conspiring to five prices for wrought steel wheels and rolled steel pipe flanges and rings.

Atty. Gen. Robert F. Kennedy, in announcing the action, said the indictments charged that railroads, subways systems such as the New York City Transit Authority and other industrial customers had been "deprived of the benefits of free price competition."

The indictments were returned by a federal grand jury in New York.

Five companies were named in an indictment charging price fixing for steel wheels. Two of them were named along with two others in a second indictment charging price-fixing for the rings and pipe flanges.

Named in the steel wheel indictment were United States Steel, Bethlehem Steel, Armco, Edgewater Steel and Baldwin-Lima-Hamilton. Kennedy said U.S. Steel does more than 35 per cent of the annual 60-million-dollar business in this field.

The other four are its only competitors in the wrought steel wheel field, he said.

Edgewater and Baldwin also were named as defendants in the second indictment, along with Taylor Forge and Pipe Works and Aleo Products Inc. of New York City.

The indictment said these four accounted for an annual business of about 10 million dollars in rolled steel pipe flanges and rings.

Hub Candidates Forum Thursday

The combined parent-teacher associations and the Parents Club of the San Anselmo School District will sponsor a trustee candidate forum at 8 p.m. Thursday in the multi-purpose room of the Isabel Cook School, 1000 Sir Francis Drake Boulevard.

Mrs. Jaap Suyderhoud, president of the Isabel Cook School P-TA, will open the meeting, and Mrs. Loretta Phelps of the League of Women Voters will introduce candidates Dr. Elmer A. Weden Jr., Joseph E. Tilt, Kenneth Hansen, and Mrs. Doris Harnsberger.

Drake High Students Will Get Bus Service

Sir Francis Drake High School will bus its students from Nicasio and the Lagunitas area starting April 15.

It will be the first time in a decade that the bus service has been offered by Tamalpais Union High School District.

Trustees of the district last night approved it on a trial basis for the rest of this year, and limited to 80 students. Greyhound buses will be chartered for the service.

Supt. Chester G. Carlisle said cost from April 15 to the end of school would be about $1,400. On a yearly basis, it would cost $8,000, he estimated.

Carlisle said investigation by district business director Frank A. Cassou showed that the Nisacio-Lagunitas area is the one of "greatest hardship" and having least access by other means of transportation. He possibility of transportation for other areas.

Tamalpais High School District abandoned transportation of students nine years ago after completion of Drake High.

Tree Trimmer Clips Woman For $229

A Tiburon resident complained to the sheriff last night that she was charged $229 to trim one willow tree in front of her house.

Mrs. Tilden Hayes Glass of 2265 Paradise Drive told Deputy Sheriff Herrick E. Morgan that a man came to her home about 10 a.m. last Wednesday, identifying himself as "John T. Thomas, a tree surgeon." The man told her the willow tree needed pruning and he would do the job for about $9, Mrs. Glass said.

He completed the job about 2 p.m., then said the work cost $229. She told officers she did not want to argue and paid $210, all she had at the time. He came back on Friday and collected the remaining $29, Mrs. Glass reported.

Sheriff's deputies issued a warning that this may be a scheme to bilk residents.

Mrs. Glass described the man as a Negro, about 47 or 48 years old, and six feet tall.

Rec Director's Job On Agenda

Marin County Parks and Recreation Commissioners will discuss jobs to be done by the commission's new director tomorrow at 2 p.m. in Room 332 in the Civic Center.

Office space in the Civic Center for the new director, whose appointment is to be authorized this week, will be considered as well as a priority list of projects for his first month on the job.

The commission will continue discussions of the 1963-64 budget and will consider the possibility of conducting night meetings.

Lions Governor Plans Visit

Gil Woodworth of Petaluma, governor of Lions Club District 4-C2 which takes in the Redwood Empire region, will make an official visit to the Corte Madera Lions Club Thursday at 7 p.m. in the Corte Madera Recreation Center.

Woodworth will presen t"key awards" to Edward P. Sabo, William H. Schwartz, Beverly A. Sill, Andrew C Vireno, John McDermott, Robert Mason, James C. Tonge, Lyman B. Trumbull, Raymond J. Brandt, Robert F. Vogel, Charles F. Pendleton and Philip Arnone.

Woodworth, a tire distributor, is also chairman of the Council of Governors of Lions District 4, which includes California and Nevada.

San Anselmo Girl, 17, Hurts Knees In Crash

Joanne Montpart, 17, of 111 Medowcroft Drive, San Anselmo, was treated for a skinned knee at San Rafael General Hospital yesterday after an automobile accident at 4:18 p.m. on Second Street, 400 feet east of its juncture with Fourth Street in San Rafael.

Police said Carl H. Newman, 52, of 60 Redwood Road, Fairfax, was pulling out from the shoulder of the road when his car was hit from behind by the car driven by Miss Montpart. Newman told police he would see his doctor for treatment of neck injuries.

Some 68,000 Californians, like Operator Vivian Coleman (below), now make their living from Pacific Telephone jobs. And as this number has increased to meet California's growing telephone needs, the payroll they put to work throughout the State has grown larger, too. (1962 total: $426 million.) Yet phone rates in California are among the lowest in the country.

Fight Industry Must Put House In Order

Naturally, the critical injury or death of a participant in an amateur or professional sport is deplorable. But, pushing the panic button will not prevent the recurrance of such tragic events as the death of Davey Moore, after his defeat in a recent Los Angeles fight.

True, there is probably room for improvement in the professional operation of the 'manly art of self-defense,' as it has been conducted in recent years.

Neither, the demand for the repeal of the boxing laws, nor the effort to suspend or cancel, the state licenses of all fighters and promoters, are necessary to solve the question.

Granted that the death of a profighter is rare—almost negligible, per centage-wise in the nation, the situation does call for sober, calm and soul searching analysis—instead of grasping at spur of the moment, emotional conclusions. It is doubtful that blows from his opponent were the sole cause of Moore's death.

However, boxing, as well as other professional sports, must be made safer, and it becomes evident that the "cauliflower ear" trade must take steps to police its own industry, if it is to survive.

Further, there is sound reason to believe that the enforcement of the present state regulations on fighters, managers and promoters must be tightened. The Bobby Scanlon case in Marin County recently, appears to pin-point the need for better enforcement of existing safety regulations.

There appears scant doubt that the rough and tumble phase of box fighting can be minimized.

Safety devices, and more scientific techniques can and, must be devised without delay. The medical profession could improve on the design of the ring.

Fighters, too, can possibly be made to wear effective head-guards.

Promoters and managers will also have to face up to the fact that these reforms might have an adverse effect at the box-office, which is the only criteria used by the pros.

Inasmuch as the records show legalized boxing has had a hectic on-again—off-again career in California since the turn of the century, it behooves all factions in the "cauliflower ear" industry to take heed of the present clamour to outlaw fighting, and adopt some sensible and practical procedures, even though they may be forced to accept a smaller "gate" at future bouts.

THREE MINUTES A DAY

By JAMES KELLER

CROSS-COUNTRY HIKE FOR CRIPPLES

A 79-year-old man took 54 days to complete a 3500 mile stroll from San Diego to New York City.

The retired railroad conductor, who averaged more than 40 miles a day, wore out 4 pairs of shoes en route.

When asked why he had undertaken such an endurance contest, he replied: "I was a polio victim from 1890 to 1898 and I've been trying to help crippled children ever since."

Then he added: "I walk for those who can't walk. That's the idea." He explained that the objective of his long-distance walking was to focus attention on the need for helping handicapped children.

In countless ways, human beings display amazing resourcefulness when sparked by a desire to help others less fortunate.

Rather than be overcome by frailties, strive with God's help to turn handicaps into blessings. Discover methods of your own to make the world better for your being in it. You may be surprised at what you personally can do.

"The weak things of the world has God chosen to put to shame the strong."
(1 Corinthians 1:27)

Teach me, O divine Savior, to think, pray and work for those less fortunate than myself.

If You Don't Get Good Letters You Can Dream Them Up

NEW YORK (AP)—Fragments of letters people would like to get but rarely do:

"Those excerpts from your wifely diary about your marital experiences are positively hilarious. We also like your tentative working title—'25 Years With a Male Rat'—and are sure we can put the book on the best seller list. We are enclosing $10,000 in advance royalties, and assure you this is a mere drop in the bucket to what . . ."

"There must be some mistake. In addition to free furniture, we promised you six months free rent as an inducement to sign a two-year lease in our new luxury apartment building, 'Echoing Heights.' As you have been a tenant only five months, we are returning your rent check. Your initial payment isn't due for still another month. Meanwhile, if you'd like your television set replaced—at our expense naturally—just let us know anytime."

"I hate to disappoint you, Maude, but we've been so busy since the sixth baby came that Fred and I haven't been up to planning our regular family visit with you and George this summer. All the kids send their best. See you next year. Your loving sister, Mabel."

"It is with deep regret I inform you that our firm will be unable, now or in the immediate future, to ship your small son the 18-foot python he ordered. The fact is that the only python we had on hand recently got into the main snakepit, ate up all our stock on hand, and died of indigestion. Therefore we are suspending all shipments until we can find a new supply. Sincerely, Jiff Snakes, Inc."

"YOUR DAUGHTER tells us that you don't approve of her ambition to sing mezzo-soprano in grand opera. We're on your side. While she's a nice kid, our audition showed she would make a better tenor than a mezzo-soprano. As lady tenors have a limited future in opera, we suggest you tell her to forget the whole thing and take up stenography."

"DEAR NORMAN, I am running off with the butler. I just couldn't stand watching you do any more card tricks at our cocktail soirees in front of my society friends. But recognizing you've been a faithful husband and given me some of the best years of your life, I'm asking my lawyers to settle $500,000 on you from the money father left me. This should pay your bar bills, and leave a little left over for you to buy a new deck of cards."

"Deeply distressed to hear you slipped and suffered a cracked tooth while making a patriotic pilgrimage through Grant's tomb. I agree fully that this shouldn't happen even to a Republican. The matter of compensating you for your ordeal will be taken up in my next annual budget message to the Congress. Sincerely, JFK."

Braden Hearing Tactics Attacked

EDITOR,
Independent-Journal:

Re Braden 3/27/63, your newspaper makes me sick! . . . I was at the hearing. This "Hugh M. Burns (D.-Fresno) said it didn't appear to him that Shrade made much of a case against Braden" is inconsistent with the hearing and Burns' questions and remarks AT the hearing . . . Your caption "Opposition To Braden is Waning" is ridiculous. The opposition are neither on the wane, nor are they going to change their minds. Braden represents the completely out-of-date, entrenched, 'progressivist' status-quo. The people and parents . . . vote for change and betterment and mean to get it. Braden, himself, thinks so little of public education that he sends two of his children to private schools . . .

Would that the public could have seen the tons of anti-Braden mail that Jack Shrade exhibited at the hearing. But, of course, nobody photographed that or indicated that the jam-packed auditorium of people from all over the State were 99 and 98/100 percent opposers of Braden as shown, when asked, by their raised hands.

Should Boxing Be Abolished?

EDITOR
Independent-Journal

Gov. Brown's asking for boxing abolition, and I am very much in favor of it, so as to prevent deaths and injuries from that so-called sport. In boxing it's very true that to win, a boxer has to protect himself at all times and to do this he has to hit hard. That means sooner or later one is either killed or hurt bad. If Gov. Brown has some help in putting a stop to boxing in California, it will be one of the greatest helps to humanity.

Wrestling is another kind of sport, plenty rough, yes. But there is a way to keep that sport clean. It's getting to a point where it is just as bad as boxing. If they take felows such as Ray Stevens the so-called champion and many others, no one will get hurt to any extent. Ray Stevens as it's known, can't wrestel so he wants to hurt some one by fighting. If this is not stopped someday, someone will be killed. That makes other good clean wrestlers feel that they should do the same to protect themselves. Stevens was beat and lost every match, still his manager makes him champion, why? They should bar these kind of boxers from the ring forever, otherwise wrestling be abolished same as boxing.

I watch wrestling and enjoy it very much when they have a good clean match in the ring. Children go to wrestling matches a lot and I don't think it is very nice for them to see what goes on with these rough tactics.

FRANK GIUBBINI
Inverness

(Ed. note: Competitive professional wrestling is already banned by law in California; what we see are "exhibition" matches purely for entertainment and show. To make the show entertaining, occasional "villains" are employed, like Stevens.)

10 YEARS AGO

Mill Valley's parking problem was the No. 1 headache of the time, businessmen, city councilmen and planning commissioners agreed at a meeting.

Fred F. Enemark of McNear's Point was appointed director-manager of Marin County Building and Loan Assn. to succeed retiring Charles L. Howell.

San Rafael City Council annexed the 150-acre Loch Lomond tract to the city to clear the way for development of a 15-million-dollar planned community.

High Medical Cost Blamed On Taxes

EDITOR,
Independent-Journal:

Your recent editorials in regard to "Socialized Medicine" touch me. I can really disagree with you only on one point: Socialism is no longer creeping upon us—it is in full pounce. However, you imply repeatedly that the high cost of modern medicine is the sole cause of the willingness of free men to accept socialism. This is specious reasoning . . .

I suggest that all of us ponder this whole problem much further. It is quite true that a great many people cannot afford medical care that is available, just as it is true that a great many people live in relative squalor in the richest nation on earth. These poor people already pay to their Federal Government over half of their earned income by direct and indirect taxation. Am I, then, to blame for 20% of my fees?) . . .

You ask, "Is not the only solution, then, some state or federal system of subsidization of costs and control of prices?" It should be apparent to everyone that subsidization simply means more taxes—paying a government agency to pay your doctor bill for you. I assure you, costs are greatly increased by taking this roundabout way . . .

My answer to your question is that there are many possible alternatives, other than socializing medicine. Chief among these is repeal of the Sixteenth Amendment to our Constitution—abolish the income tax, which is the most horrible type of tax ever devised. On the face of it, just leaving the money people earn in their own hands would enable them to pay for their own medical care, their own housing, their own schools, and their own old age.

There are other sources of federal revenue, all of them better than the income tax. For instance, we not only could, but we should tax the source of the wealth that leaves J. Paul Getty two billion dollars (after existing taxes). It is up to us, the people to repeal it.

I faithfully promise to cut my fees right square in half the very day the income tax is abolished.

Percy Hammond's, "Mr. So-and-So played the King last night as though he was afraid someone else might play the ace."

Harry Golden tells about Sadie's 12-year-old son who snagged a job during his summer vacation that paid $20 a week. "And mama," he promised, "it all goes straight to you." When he handed her his first pay envelope, the contents added up to only $19.90. "Ah ha," said Sadie. "Taking out girls already!"

Worried about a gift for the "man who has everything?" Art Ryon suggests a calendar to remind him when the payments are due.

Riding Of Bicycle Gains New Popularity In Mill Valley

Since last September 1,057 bicycles have rolled through the front door of the Mill Valley police department—red, blue and black ones, ones with fenders and ones without, one speeders, two speeders, 10 speeders. According to Rae Menzies, that's a lot of bikes. It's about one bike to every 10 people.

This compares to 1,669 dog licenses since last July or about one and one-half dogs to every 10 people.

"I believe there are really more dogs than that," says Bill Rutherford.

Mostly, the bikes are those of youngsters. This is not about the youngsters.

This is about youngsters past 20 who ride bikes, such as Henry Fostine, 67, who rides for the exercise. Henry has a hard tire, four-speed bike.

IN SAUSALITO Harbor Master Sid Foster rides up and down the boardwalks in the yacht harbor checking the boats on his bike.

In Stinson Beach, Jane Olds rides a bike "because it gets me places where I want to go and I'm out in the open." She goes to the post office, grocery and sometimes brings back driftwood from the beach.

In Tiburon, Mrs. Ray Weeks, who used to ride to baby sitting jobs by cycle, now rides just for pleasure.

Sixty-eight, Joseph L. Sottile rides to work daily in Mill Valley. "He drove a car in Italy," said his daughter Anna Maria, "but here he never touches a car."

Mrs. Charles Collett once told us she rode a bike from San Francisco to Eureka, taking three days, 100 miles per day. "It's a glorious feeling, she said, "healthful, carefree . . . a form of hiking."

Nan Stoller has a three speed, two-basket bike. "The gears don't all work," says Nan, "so I keep it in middle gear. I use the baskets to carry books to the library or to carry groceries to feed five."

Teacher Jack Larson rides from his home at 2 Oxford Avenue in Mill Valley to Tamalpais Valley school. "I receive physical and economic benefits," he says.

CYCLING IS BECOMING more and more popular, according to Russell Hoverson of Hoverson's Cyclery. Asked if he rides, Hoverson said "No, I don't because I'm afraid of automobiles. I walk instead." But he used to ride nine miles to and from school when a boy in southern Minnesota.

He said some Mill Valley boys ride as far as Inverness and back in a day. Mountain or Alpine gears help in the hills, he said, but added that the amount of pondage you use is the same as for a one-speed bike.

SterlingHayden, says Hoverson, has a special, Italian bike with a 25-inch frame. This compares with the average 21-inch frame. "He's a big man," Hoverson said.

Hoverson said several months ago someone spoke of putting in a bike path, such as they have in New York, along Tiburon Boulevard. But, he mused, talk and reality are so different.

The best comment we know about bikes—whether you're under or over 20—is by a boy we know named Joe. "I like a bike because they're fun to ride."

Foreign Aid Program In Latin Nations Called Big Gamble

The foreign aid program, which began with the Marshall Plan in 1948, has always been a gamble, has never been a sure thing. In Europe, it has been a brilliant success. But 15 years ago, nobody could know that it would be. In fact, such were the poverty and paralysis of France, Italy and Germany that there was a serious possibility of a general collapse into communism. The Marshall Plan was expensive. But, because it worked, all would agree today that it was cheap at the price.

Now, we are concerned with foreign aid in this hemisphere. The problem is not what it was in postwar Europe. There the purpose of aid was to enable advanced and highly-developed countries to recover from the world war. Our purpose in this hemisphere is more complicated and difficult. Broadly speaking, it is to help our neighbors achieve peaceably, and with liberty if not with democracy, a revolution out of their semi-feudal past. Our hope is that they will in fact achieve by progressive government what, failing that, their people will attempt to achieve by revolutionary communism.

OUR POLICY is not only difficult to carry out, but also it is difficult to explain. It is rather like attempting to explain why, in order to protect children from polio, we inoculate them with the polio virus. Our Latin-American policy would be easier to explain if we forgot about peaceable revolution and concentrated on the simple task of giving unlimited military support to any government, indeed to any dictator, who was unqualifiedly anti-Communist.

Knowing this, we are looking to the progressive governments, as in Mexico, Costa Rica, Venezuela, Colombia and Brazil, to carry out the progressive revolutions which are the alternative to the Castroite kind of revolution. It is, of course, a gamble, and nothing is easier than to think up the many reasons why it may be lost.

THE BIGGEST GAMBLE in all our foreign aid in this hemisphere is in Brazil. This is not only because Brazil is the biggest country in Latin America and the geographical heart of the South American continent, but also because, in Brazil, there are the biggest stakes to be won or lost.

If the progressive revolution fails in Brazil and the country descends into revolutionary violence. the whole continent is certain to become involved. It is possible more or less effectively to contain the revolutionary influence of a small island like Cuba. It would be a wholly different thing with a continental mass like Brazil which has a common frontier with every country in South America except two.

What is more, Brazil has good political habits in that it has learned how to change its government without violence. In this century, one Brazilian president has committed suicide and one has resigned.

IF WE STUDY the agreement just worked out in Washington between Brazilian Finance Minister Dantas and Bell, who now manages foreign aid, we are bound to marvel at the political courage of the Goulart government. To end the inflation and to re-establish its international credit-worthiness, the Brazilian government has adopted a program which only a very strong government, strong in its hold on popular support, would dare to undertake.

It is an astonishing program. The Goulart government, which is left of center, is strong enough to carry out the program. We must hope that it will be, and surely the administration has been right in deciding to help it. For it would be hard to name any item in our whole global foreign aid program which, if it succeeds, will do so much good.

Marin Planners Vote To Save A Tree

Joyce Kilmer's famous line "only God can make a tree" was recalled in spirit by the Marin County Planning Commission in cases involving a total of 112 Eichler Homes in Lucas Valley yesterday.

In one matter it was the whole story. A house in the Eichler Unit 2, at 65 Mount Ranier Drive, was allowed 17-foot setback rather than the legal 25 because there are two handsome bay trees on the property.

The adjustment was to save at least one of these trees and it was allowed solely on condition that this be done.

Tree-saving was a factor along with some others in causing the commission to allow adjustments where necessary probably in about two-thirds of the constructions, in 111 single-family houses of Unit 4 in the same area.

Just the same, staff and commission felt that the houses were too big for the lots and Chairman William D. Upton thought that people wishing to enlarge their homes later will be disappointed.

Only 606 acres of the Cabernet Sauvignon grape, the leading red wine grape of the Bordeaux region of France, were growing in California in 1961.

RECIPE OF THE WEEK—
California Chicken*

2 large fryers
Salt and pepper
¼ cup butter, margarine, or salad oil
1½ cups sliced onions
1-lb. fresh mushrooms, sliced
2—10-ounce cans undiluted cream of mushroom soup
1½ cups milk
1 cup sliced, pitted ripe olives

Cut up for frying two large frying chickens. Wash and dry well. Sprinkle pieces generously with salt and pepper. In a skillet brown the chicken lightly in the butter or oil, sauteing about 10 minutes on each side. As the pieces are browned, drain on paper toweling and place in a casserole. When all pieces are in casserole, cover and bake at 350 degrees for 1 hour.

In 6 tablespoons of the drippings in the skillet saute until golden brown 1½ cups sliced onions and the sliced mushrooms. Remove from skillet and drain well on paper toweling. Drain skillet. Return onions and mushrooms to skillet and stir in two 10-ounce cans undiluted cream-of-mushroom soup (the easiest, most satisfactory sauce in the world). Gradually add 1½ cups milk and heat almost to boiling point. Do not let boil. Add 1 cup sliced, ripe olives. Pour sauce over chicken. Cover and bake an additional 30 minutes. Serves 6.

Giants Have Well-Stocked Infield; Rate High In League Comparison

(First in a series)

CONNOLLY

There are a few things in covering baseball that might help the reader understand some of the mechanics connected with the sport, especially the prognosticating angle.

To do a good job the writer has to know and like baseball. He has to call his shots or thoughts, just like the umpires do—as he sees them. So in the following series of stories on the SF Giants, I'm pulling no punches, favoring no player, nor making an alibi for anyone. I'm telling you how a veteran baseball scribe thinks of the National League champions chances to repeat as flag winners. And why.

TO SAY the Giants ought to repeat as National League champs in 1963 may be bold. In the last five years, five different clubs have won the pennant. The best and easiest way I know is to compare each Giant player with the player in the same position, on the other teams. It offers the fans a basis of comparison.

I believe Orlando Cepeda, first abseman for the giants, has the potential to be the best hitter among all first basemen in the league. I believe he has more power than any other first baseman. He could very easily hit anywhere from .300 to .340; he could hit 30 or 40 home runs; he can drive in more than 100 runs, and he is —in my opinion — a good enough infielder to be touted, side by side, with the best of first basemen.

St. Louis has the only rival for Cepeda. He's Bill White, a very fine player, probably the flashiest fielding first sacker. He hit .324 with 20 home runs in 1962.

ERNIE BANKS of the Chicago Cubs hits the home runs, but last year he hit only .269 including 37 homers and 104 runs batted in.

The L. A. Dodgers will start off with "Moose" Skowron. He had a bad year with the Yanks, hitting .270. He may be over the hill. Ron Fairly does all right also but he hasn't much power. Gordon Coleman hits the long ball for the Cincy Reds but is rather an awkward infielder. Houston will be playing Pete Runnels, a spray hitter who hits for the average but not for power. Roy Sievers of the Phils, a veteran with power, is clumsy fielding. Pittsburgh has a pretty good looking first baseman in Donn Clendenon, a promising young kid. Norm Larker will be at first base for the Milwaukee Braves. The Mets probably will start Tim Harkness who was with the Dodgers last season.

So frankly I'd rate Cepeda as the finest first sacker in the National League.

BILL MAZEROSKI of Pittsburgh, Frank Bolling of Milwaukee and possibly Ken Hubbs of Chicago rate ahead of our own Chuck Hiller as top flight second basemen.

But Hiller could be the slickest of them all, with another year of experience. He is a good double play man and a steady going infielder. He gets a lot of hits in the clutches and has plenty of moxie. This year will be his big test. Maybe he isn't the best right now but I'll take him until another Mazeroski comes along. The rest of the second sackers in the league are just average. They include Don Blasingame of the Reds; Julian Javier, St. Louis; Chaley Neal of the Mets; Tony Taylor of the Phils and a highly thought of rookie with the Dodgers named Nate Oliver. The Dodgers, however, are keeping Junior Gilliam around for protection.

There are some good shortstops in the league. Some of 'em are unpublicized.

JOSE PAGAN can play short with the best. He has the range, an accurate throwing arm and is steady. He's really top-flight and one of the main reasons why the Giants won the flag last year.

Maury Wills at Los Angeles is a big player because of his attacking qualities—base stealing and his ability to get on base. As a shortstop he is not the best, but is good enough. He makes a lot of errors yet was voted the Most Valuable Player in the league last year. I think he deserved it. His 104 stolen bases created a new dimension in this game of baseball.

A real blotter playing shortstop is Ruben Amara of the Phils. He is the best fielder but a light hitter. Cincinnati has Leo Cardenas, a very under-rated player. He's a great hitting prospect. Watch him. St. Louis has Dick Groat, a fine hitter but an ordinary shortstop. He's one of the best double play men in the league. The Cubs has Andy Rodgers. He makes too many errors and is like Bob Lillis of Houston, just ordinary. Milwaukee's Roy McMillan is an old guy on the way out who couldn't be topped a few years back. Julio Gotay at Pittsburgh is a fair fielder but not much otherwise.

THERE IS a world of talent at third base, but Jimmy Davenport ranks tops. He hit over .300 most of last year but toward the end of a hectic race, slipped and finished at .297 Davenport is a master glove man, sharp hitter and has great team hustle and spirit.

Another stellar third sacker is Ken Boyer of St. Louis. He does everything well. Last season he belted 24 home runs and fielded among the leaders. Ed Matthews at Milwaukee is an authentic hitter, a real power house. At times, Ron Santo of the Cubs looked great but got spotty in midseason. He hit only .227. Cincy Reds will be playing a rookie named Tommy Harper at third. He's rated a good hitter but supposed to be and in-and-outer in the field. Houston has Bob Aspromonte, a good hustler who hit .266 in 1962.

The one spot where the Dodgers are hurting is at third base. It seems to be their idea to try out Tommy Davis, the outfielder, but reports say Tommy Davis, the outfielder, but reports say Tommy doesn't hit as well in the infield as he does when cavorting in the outfield. The Mets have a rookie third sacker named Cliff Cook. Don Hoak will be at third for the Phils. Pittsburgh is replacing Hoak with a phenom named Bob Bailey, touted as a real hitter with only a fair throwing arm.

(Tomorrow the outfield comparisons)

CONDITIONS JUST LIKE CANDLESTICK PARK

Windy..Cold..So The Giants Win One

BAKERSFIELD (AP) — The San Francisco Giants, 61-21 at home in 1962, waited until they were in the home-like confines of a windy Santa Barbara ballpark yesterday to break a seven-game losing streak.

The Giants nipped Cleveland 4-3 and it was the first indication in two weeks that the defending National League champions might at least be able to win at home this season.

Perhaps perked up by cold, blustery weather, San Francisco abated a loss siege that had reached 16 in 18 games, including an embarrassing defeat by Tacoma of the Pacific Coast League.

Juan Marichal's two-hit pitching for six innings and a four-run rally topped by Tom Haller's wind-blown home run combined for the victory.

Cynics laid the victory to the fact that Manager Alvin Dark left the team. Dark headed for New York to accept a sportsmanship award—a facet of his character probably not enlarged by events of the past two weeks.

Marichal yielded a run in the first inning on Vic Davalillo's double, a bad-bounce error by shortstop Jose Pagan and an infield out.

After that, nine Indians struck out at the hands of Marichal.

In the fourth, the Giants progressively bettered their hitting—Willie Mays singled, Orlando Cepeda doubled, Felipe Alou tripled and Haller homered for the four runs at the expense of Joe Schaffernoth.

Billy Pierce, unbeaten at Candlestick Park last year, nearly fell victim under Candlestick conditions when Bob Lipski poled a two-run homer in the seventh, narrowing the score to 4-3.

Larry Brown doubled in the ninth for the Indians, but Pierce easily retired the side to preserve Marichal's victory.

Dark, before leaving, announced an opening day lineup which contained exactly no surprises. It listed: Chuck Hiller, second base; Jim Davenport, third base; Willlie Mays, center field; Willie McCovey, field; Orlando Cepeda, first base; Felipe Alou, right field; Tom Haller, catcher; Jose Pagan, shortstop; Jack Sanford, pitcher.

After today's game here, the Giants and Indians will head for Fresno and tomorrow's continuation of the central valley swing.

ONE MAN GANG—Willie O'Ree (10) of the Blades is causing a lot of trouble for Seals as he works puck close to net in second period last night. Seals are Jean Marc Picard (6), Tom Thurlby (4), Duke Edmundson (9) and goalie Jim McLeod.

Seals Whipped In 'Our Worst' Game Of Year

LOS ANGELES (UPI) — The Seals' 8-2 loss to the Blades in their opening playoff game last night was "our worst game of the year," said San Francisco coach Bud Poile.

By contrast, it was one of Los Angeles' best showings against the Seals who racked up a 10-5-1 record against the Blades during the regular Western Hockey League season. The second game of their best-of-three series will be played in San Francisco's Cow Palace, as will a third game, if necessary.

Blades player-coach Jack "Red" Bownass said after the victory that he got "100 per cent effort from everyone on the team." Twelve of the 14 blades who took to the Sports Arena ice last night (excluding the goalie) were credited with either a goal or an assist.

Seven Blades scored goals, Harold White getting two plus one assist. Los Angeles struck for three in the first period and added three more in the second and two in the third.

PLAYER SLASHED

The Blades' Stan Maxwell was slashed by Orland Kurtenbach in the third period and taken to Memorial Hospital in Culver City with tendon and possible nerve injuries in the right leg.

THE EXHIBITION CIRCUIT

Friend, Law, Maris, Snider In Big League Headlines

By ASSOCIATED PRESS

Bob Friend has the range from 60 feet, but the 250-foot experiment has failed Vern Law, and today the pitching partners who brought Pittsburgh a world championship in 1960 were worlds apart.

Friend pitched a four-hitter over the nine-inning route yesterday as the Pirates defeated Minnesota 3-0 in an exhibition at Orlando, clinching the opening day pitching assignment only hours after Law learned he was leaving the team for awhile.

Law's failure to overcome his shoulder ailment—and the announcement that he would be sent to the club's minor league camp to try and regain the form that made him a 20-game winner in 1960 — came on a day filled with events of more than passing interest.

Roger Maris, the New York Yankees' 61-homer hitter of 1961, pulled a hamstring muscle in his left leg while making a diving catch during a 3-2 victory over Detroit at Lakeland, and likely will miss the world champions' series opener a week from today.

Duke Snider, veteran Dodger outfielder, was sold by Los Angeles to the New York Mets. The official confirmation of the much-discussed transaction was made by the Mets, who did not play yesterday. The Dodgers were beaten 6-1 by Baltimore at Vero Beach.

Law, a 33-year-old right-hander who posted a 20-9 record in 1960, then followed with 3-4 and 10-7 marks, had been pitching at distances up to 250 feet in an effort to strengthen his arm muscles. The plan failed. Law has pitched in only one exhibition, giving up four runs in three innings.

Law will be sent to Daytona Beach, and may stay until the last minor league club leaves about April 20.

Friend, meanwhile, was midseason sharp, allowing the Twins only four singles. The Pirates also got only four hits homer in the sixth wrapped it up.

Maris homered for the Yankees in the top of the fourth, then in the bottom of the inning made a spectacular catch of a Dick McAuliffe liner and wound up on the injury list. Joe Pepitone continued to sizzle for the Yanks, hitting his third homer in two games and eighth of the spring.

Robin Roberts went nine for the Orioles, holding the Dodgers to six hits while Brooks Robinson paced an 11-hit attack with a two-run homer and single.

Don Lee and Julio Navarro combined for a four-hitter as the Angeles beat the Colts, Jim King's two-run 10th inning triple gave the Senators their victory over the Braves, the Phillies used a triple by Tony Taylor and a wild pitch in the eighth to beat the Cards and Don Blasingame and Gordie Coleman each stroked three hits in the Reds triumph over the A's.

TERRA LINDA'S BILL LEE IS PREP OF WEEK

Bill Lee, southpaw hurler for the Terra Linda High School baseballers, has been selected Prep of the Week by the Independent-Journal for his performance last Tuesday in the Marin Athletic League opener.

Lee, a junior, pitched a two-hitter as his Trojan team downed the San Rafael High School nine 5-2 at Albert Field, San Rafael. The only two safeties against Lee were singles.

The dazzling Lee struck out 11 San Rafael batters en route to the victory. He went the seven innings on the mound for the Trojans and promises to be one of the league's outstanding pitchers.

Palmer (Who Else?) Natural Favorite In Masters Golf

By MILTON RICHMAN

AUGUSTA, Ga., (UPI) — Kingpin Arnold Palmer bemoaned his misbehaving driver today but drew no sympathy from fellow pros who feel he can win his fourth Masters golf title even by using a brassie off the tee.

Palmer, of course, will stay with his driver when the first round shooting starts Thursday over the Masters' lush 6,980-yard layout and he'll be trying not only to become the first four-time winner here but also the first player ever to win titles back-to-back.

"I wish my driving would be a little better," he claimed after spraying a few during yesterday's practice round. "I've got a couple of days to work on it, anyway."

Peeling his glove off, the perspiring Palmer then headed for the barber to get a haircut, and most of the other competitors in the probable field of 82 believe that's all he needs to win his fourth Masters in the last six years.

NATURAL FAVORITE

Art Wall, one of the two men to break Palmer's monopoly since 1958, claims Arnie has to be "the natural favorite" any time he sets foot on this course.

"I'd have to say Palmer feels as much at home on this course as he does on his own," Wall said, putting on his golf shoes before starting his own practice round.

"You have to reckon his chances as being excellent. But I'd also say keep an eye on Julius Boros. I think he has the best opportunity among the so-called outsiders."

Wall, winner of the 1959 Masters, even thinks he has an outside chance himself.

"You never can tell who'll get hot and come on to win this one although it's extremely unlikely that a fellow playing here for the first time will do it," he said.

"There's a great deal to be learned about this course and it takes a while to do it," said Wall, who fired five birdies over the last six holes to beat runnerup Cary Middlecoff by one stroke in 1959.

Plagued by back trouble the past two years, Wall has been experiencing rough going although he did win the Caracas Open last month for his first victory since 1960.

"Winning in Caracas gave me a tremendous kick," he grinned. "I don't care if it's the Honesdale Open, it's always a thrill to finish first."

Outside of Wall, the only other player besides Palmer to win the Masters in the past six years was South African Gary Player, who became the only foreigner in history ever to take home the title in 1961.

PLAYER OPTIMISTIC

Player wound up in a three-way playoff for the crown last year, shooting a one-under-par 71 to finish second to Palmer's 68. Dow Finsterwald, the third man in the playoff, faded badly with a 77.

"I'm rather optimistic about my chances this year," said Player, who leads all money-winners this year. "I look at the money winning list and it encourages me.

"Naturally, I'm not overlooking Arnold. How can you? How can anyone? But I really haven't given much thought to picking some one this year. I'd like to win it myself and I feel my chances are good."

UCLA Makes Change In Grid Schedule

LOS ANGELES (UPI)—UCLA announced yesterday it has rescheduled a football game with the University of Illinois to Friday night, Oct. 25 instead of the following afternoon.

Two other Saturday afternoon games were rescheduled previously because of the possibility that hot weather might hamper the players in the afternoon.

Gentleman's Agreement In Sale Of Duke

ST. PETERSBURG, Fla. (UPI) — There's a "gentlemen's agreement" clause in the sale of Duke Snider to the New York Mets, it was learned today.

When the straight case deal was announced last night, it was estimated the Mets paid the Los Angeles Dodgers $40,000 for the 36-year-old outfielder, who was known as the "Duke of Flatbush" during his salad days in Brooklyn.

However, only about $30,000 passed hands in the transaction. The Dodgers, though, have been promised additional money if Snider regains some of his past slugging form with the Mets.

"If Snider is able to do any kind of a job for us, we'll give the Dodgers more money at the end of the season," said club president George Weiss.

ADDITIONAL CASH

The Mets' boss declined to estimate how much additional cash he will use to sweeten the put, but it is assumed this figure, too, will depend on whether the Duke still has it.

Asked who will determine whether Snider's work with the Mets is up to par, Weiss said, "they (the Dodgers) will know and we will know."

Under the terms of the unique sale, Snider will not be required to play a minimum amount of games, nor will he have to hit a certain number of home runs for his new club.

AN ANGEL FALLS FOR A STAR

Los Angeles Angels pitcher Bo Belinsky and actress Mamie Van Doren, pictured on a Hollywood nightclub date last year, yesterday announced they are engaged to be married. "She's my kind of girl," said the 26-year-old Belinsky, noted for his antics on and off the diamond; "I'm just plain nutty about Bo," said Miss Van Doren, 30, married twice previously and the mother of a seven-year-old son. They have not yet decided on a date for the marriage.

DFG Official Will Speak At Marin Rod And Gun Clubhouse Thursday

STEVENS

Willis Evans of the Department of Fish and Game had better have a large fund of answers anent the past, present and future of the planting of catchable size trout in the waters of Marin County as well as all waters included in the fish and game plan of restocking the close-in areas.

Art Clay of the Marin Rod and Gun Club phoned to announce the appearance of Evans at the Marin Rod and Gun Clubhouse will be Thursday at 8 p.m. The subject will be as stated above and the public is invited to come, listen and talk.

I HAVE before me copies of three letters: one to Governor Brown and two to the Department of Fish and Game. Each stresses the need for better methods of restocking Marin waters. I wonder if those letters are what caused the determination to hold the open meeting. If so, perhaps other clubs may learn a lesson. Certainly all members of the conservation committees of rod and gun clubs should attend this meeting.

I suggest they talk with Robert Roy, author of the three letters I mentioned above.

Speaking of meetings, Walter T. Shannon, director of the DFG, made a fine talk last Friday to the Organized Sportsmen of Modoc County. Particularly interesting and extremely important was the section devoted to the management of deer herds. He spoke of the mule deer herds specifically but his words apply to all herds in California.

SHANNON called attention to the decline in the number of deer as compared to what it was 20 or 30 years ago. He blamed the decline on "deterioration of the range." He said, in part:

"It would be wonderful if this trend could be reversed, and the land restored to high deer productivity, but there can be no complete assurance that even the expenditure of millions of dollars in habitat improvement would have this effect.

"If there is to be a permanent return to high deer numbers, all land management agencies in the area must arrive at plant communities on the range which will support high numbers of deer both on winter and summer areas. Such a plan involves restricting all animals—cattle, sheep and deer—to such a degree and for such a time as to attain range recovery, and this may be a considerabale time."

THE DFG proposes 37 controlled antlerless or either-sex deer hunts for the 1963 season, with a total of 16,080 permits to be issued. The counties affected would be Lassen, Tehama, Butte, Nevada, Placer, El Dorado, Amador, Yolo, Monterey, San Luis Obispo, Fresno, Tulare, Mono, Inyo, and five of the southern counties.

Two of my readers may be wondering why the picture they sent has not appeared in the paper. Here's why—one is far too dark to take news print, and the other has writing on the back that defaced the face of the print. Please take note if you intend submitting a snap of yourself and your fine catch.

Seals' Star Second In Scoring Race

SEATTLE (UPI) — Seattle's Guyle Fielder edged San Francisco's Nick Mickoski by two points to win the Western Hockey League's individual scoring championship for the 1962-1963 season, league statistics showed today.

Fielder posted a record of 17 goals and 80 assists in 69 games for a total of 97 points. Mickoski, with a one-game disadvantage, had 41 goals and 54 assists in 68 games for a 95-point total. Fielder's assist record outdistanced that of second-place Phil Maloney of Vancouver by 19.

Portland goalie Don Head took goaltending honors, holding the Bucks' opponents to an average 2.53 per game.

FIGHTS LAST NIGHT

BALTIMORE — Dick Turner, 146½, Philadelphia, outpointed Isaac Logart, 146¼, Cuba, 10.

SAN ANTONIO—Humberto Barrera, 119, Robstown, Tex., outpointed Jorge (Baby) Salazar, 115½, 10.

HOLLYWOOD—Kid Rayo, 149½, Los Angeles, outpointed Frankie Belma, 147, Los Angeles, 10.

SACRAMENTO — Fred Roots, 163½, Sacramento, knocked out Charlie Austin, 156½, Phoenix, Ariz., 6.

College Coaches Sing Blues

SAN FRANCISCO (UPI)—College baseball coaches sang an old refrain today when they asked professional baseball teams to stop enticing players with eligibility remaining into signing pro contracts.

"We'd have more big league prospects if the professionals would allow our players to complete their eligibility and education," says Clint Evans, retired University of California coach. "The major leagues must depend a lot now on college kids to help them because so many minor league teams have been abandoned."

Coach Peddy Cotrell of Santa Clara agreed.

"I have a young pitcher named Nelson Brills who is a fine prospect," said Cottrell. "But I'm afraid to bring him along too fast for fear that the major league scouts will sign him up. He's only a sophomore and still has a lot to learn."

Cottrell lost two fine athletes, both with eligibility remaining, to the majors last summer. Infielder Ernie Fazio was signed by the Houston Colts for an estimated $60,000. And pitcher Bob Garibaldi was signed by the San Francisco Giants for the equivalent of $150,000.

Both youngsters have been farmed out to the minors for more seasoning—bearing out Evans' contention that they could have gained both education and experience if they had been allowed to stay in college.

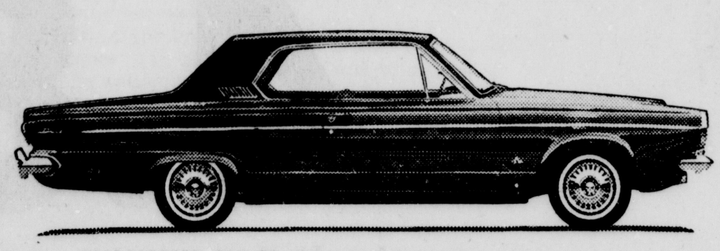

The observations were made at a meeting of coaches and sports writers, during which coach George Wolfman of California warned the UCLA Bruins that they were a long ways from being "in" as champions of the California Intercollegiate Baseball Assn.

"The Bruins have a 6-0 record after whipping us twice last weekend," said Wolfman. "But they come to play a twin bill on our diamond this Saturday and it may be a different story."

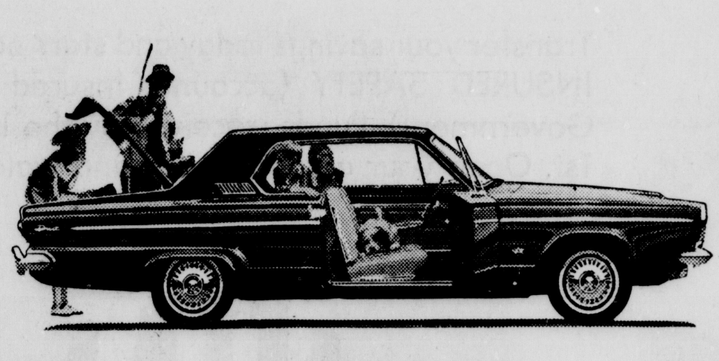

Wolfman warned that University of Southern California, although not as powerful as in some recent years, still could be hard to beat.

The Trojans have a 2-2 record, while Santa Clara, California and Stanford all are 0-2.

DESIGN FOR HELIPORT—Except for the tank in the background, this could be a Marin heliport scene — but it happens to be the Berkeley Heliport with a SFO helicopter making its takeoff. Commercial heliports require little space—less than two acres. Marin has numerous locations that would be suitable.

MARIN BUSINESS And INDUSTRY

By HARRY CRAFT

Finding A Heliport Site In Marin Should Pose No Great Problem

If certification is granted for **SFO Helicopter Airlines** to operate in and out of Marin, a suitable heliport should pose no great problem—such as the county has encountered in trying to get an airport location.

The principal dimension is vertical—not horizontal. In a pinch, almost any piece of flat land will do, from one and one-half acres up in area and reasonably close to a main road.

The Berkeley Heliport is a good example, and might be used as a model for Marin. All it has is a 175-by-175-foot hard-topped landing field; a 750-square foot frame building for a waiting room, ticket desk, baggage racks and rest rooms; ground to park maybe 50 or more cars—and a cyclone fence around the whole thing which doesn't cover more than two acres. From the air it looks even smaller.

The City of Berkeley built the heliport and collects a fee from SFO for every outgoing passenger. The arrangement has turned out to be a profitable one for both parties, according to SFO's director of sales . . . **Charles Peet.** He estimates that in Marin a fee of 25 cents per passenger should pay off the original investment in six or seven years, and the company is hoping for this kind of community support.

Fisher

It believes Marin will do even better than Berkeley, providing about 12,000 emplanements during the first year of operation, 15,000 the second year, 20,000 the third and around 25,000 the fourth where it will start to level off.

Still in its second year in Bay Area operation, SFO now claims a higher yield per passenger-mile than its older counterpart helicopter lines in New York, Chicago and Los Angeles. It is in second place in terms of total number of passengers carried and first in revenue-hours per aircraft per doay. Expectations are that it it will commence to break even on income and operating expense by this summer.

Sheetrock Dumped

Dumping of 40 sheets of sheetrock from a railroad flatcar at the rear loading platform of the Di-Wal Co. 61 Jordan Street, San Rafael, was reported to police yesterday by David C. Walker, co-owner of the company. Walker said the sheetrock was dumped on the ground over the weekend. He estimated damage between $150 and $200.

Encyclopedia Places Civic Center In Book

Marin County's Civic Center is pictured in the 1963 edition of the Encyclopedia Britannica Book of the Year, just released.

An overhead photo of the center while it was still under construction is displayed as an example of modern architecture in the United States.

Accompanying text records the completion of "Wright's embattled Marin County Administration building, in the hills north of San Francisco — outwardly much like a Spanish monastery, inwardly a split scheme of halls and rooms in parallel, flanking a long central light well."

The architect designed the building in 1957, two years before his death.

Citation Given On Green Light

An unusual citation, charging failure to proceed on a green light, was handed out by the California Highway Patrol Saturday at the Highway 101-Black Point Cutoff intersection following a minor accident.

Henrietta Janssen, Modesto nurse, was driving north at 10:25 a.m., intending to turn right on the Black Point road. She missed the intersection, so tried to get from the middle to the left lane to turn back southward. Thomas A. Scadden of San Francisco, also northbound and in the left lane, started with the green signal but his car plowed into the rear of the Janssen vehicle when it stopped preparatory to turning left.

Scadden suffered cuts and bruises for which he declined hospitalization. The woman driver was cited.

3 Seek San Jose Posts

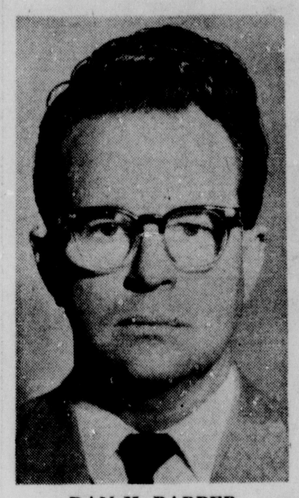

The two San Jose Elementary School District candidates whose terms are expiring both seek re-election on April 16, and a third candidate is seeking one of their positions.

The incumbents are **Dan H. Barber** and **James A. Swenson.** The challenger is **Deloss M. Wood.**

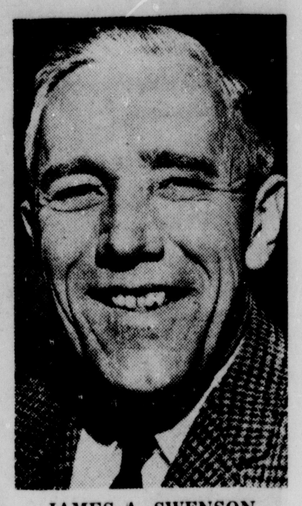

Barber, is completing his second term on the district board. Swenson was appointed to complete the term of Robert Allen, who resigned last fall.

DELOSS M. WOOD

DAN H. BARBER

JAMES A. SWENSON

Barber, manager of the safety department of Standard Oil Co. of California in San Francisco, lives at 1294 Parkwood Drive, Novato. He is a native of Inglewood, and completed his education at University of Southern California.

He is president of the Lynwood Park Improvement Assn. He is a veteran of World War II and the Korean conflict, and was discharged from the Air Force as a captain.

He and his wife, Bette, have four children: Mrs. Vicki Groft of Lompoc; Dan, a junior at San Rafael High School; Jack, a freshman at Terra Linda High School and Cory in the second grade at Lynwood School.

In his platform, Barber stated:

"I get a great deal of satisfaction working for the children in the district. I have helped the district grow from one and one-half schools to five large schools, from a student enrollment of 300 to 2,400.

"Children come first—in accepting responsibility as a board member, this is the main thing for which you are working. I would like to continue to help, collectively with the rest of the board members, to furnish the basic fundamentals of education. This includes reading, writing and arithmetic, plus other essential basics including sciences, history, geography, the arts and physical education."

"I favor unification. As to which lines should be followed in unification, I prefer to await results of the survey by Booz, Allen and Hamilton, now under way."

Swenson, manager of San Rafael Glass and Paint Co., is a native of Minnesota. He moved to California in 1938, and lived in Pasadena until World War II.

He was with the first troops to land in the Aleutian Islands in 1942. He was released from the Army as a first lieutenant in 1945, and was recalled in 1950 for the Korean conflict, serving as an instructor at the officer candidate school at Fort Riley, Kan. Prior to joining San Rafael Glass and Paint Co., he worked for W. P. Fuller and Co., Morwear Paint Co., and Transcopy Inc.

He and his wife, Beverly, have two daughters, Jan, a freshman at Terra Linda High School, and Karen, a fifth grade pupil at Pacheco School. They live at 424 Alameda De La Loma.

"It is the duty of a school trustee to provide the best possible educational opportunities in a modern school plant, staffed by fully credentialled teachers," Swenson said. "It is my intention to fulfill this duty."

Wood, 30, salesman for Consolidated Freightways, lives at 423 Calla De La Mesa, with his wife, Sally, and three sons. He is a native of Los Angeles, and attended University of San Francisco.

He spent two years in the Air Force, principally in the Air Material Command. He was Pacific Far East Lines operations manager in Guam for 18 months before joining Consolidated Freightways. He has lived in Novato since January, 1960.

He is vice president of the Loma Verde Home Owners Assn., a member of the Loma Verde Recreation Club, the San Francisco Junior Chamber of Commerce, and San Francisco Junior World Trade Assn.

"I feel I have the time, energy and enthusiasm to spend working with the administrators, teachers and parents of the San Jose School District," he said.

"I feel that there is a great need to bring these groups more closely together.

"It is also my belief that we should have a stronger teaching staff with low class loads. If teachers show an outstanding ability in their teaching, they should be compensated for their effort. It is my belief that reading, grammar and English should be stressed even more strongly than currently.

"We need more counseling and counselors in our elementary school program . . .

"Greater emphasis should be placed on our school building programs, and the board must have a closer liaison with the planning commissions . . . To keep class loads down, I have favored creation of a larger school district, and feel current study by Booz, Allen and Hamilton will greatly benefit planning of the school district."

Novato Council Sets Road Hearing

A public hearing on proposed changes in the San Jose Boulevard project will be held by the Novato City Council at 8 p.m. today at the Community House.

In original plans for realignment of San Jose Boulevard to connect with the Ignacio interchange now under construction, the 11 acres of Christopher R. Wylie would be dissected. Wylie proposed curving the street to the south edge of his property.

The council will also hear a proposal for changes in the street improvement policy by Charles Joseph, director of public works.

MESDAMES CHARLES P. Davies, from left, David Sproul on truck, A. P. Mrs. Henricks made the posters advertising the bazaar to be held at Nave's Shopping Center, Novato.

Bazaar In Novato To Again Feature Hundreds Of Trees

The annual spring bazaar of the Novato Garden Club will be held Friday and Saturday at the Nave Shopping Center in Novato.

Hundreds of trees, shrubs and annuals will be offered for sale by the Garden Club, stressing the theme of the Garden Club to make Novato beautiful.

GARDEN CLUB members are pledged to donate 10 growing plants each, Mrs. Lucile Cannon, chairman, said. Captain and Mrs. Charles Clarkson have donated 50 old fashioned lilacs in both purple and white.

Mrs. Charles P. Davies is donating pelargoniums, some five years old, in redwood planters.

Booths are also being reserved by various organizations in the area with a choice of everything from pizza pies to homemade aprons.

THE De MOLAY Mothers' Club will again feature their nutbreads, a sellout before the two day bazaar closed last fall.

Mrs. Delmer Turner, who makes several types of the nutbreads, shares her recipe for Cherry Nut bread:

Three cups of sifted flour, 2 cups sugar, ½ teaspoon salt, 2 tsp. baking powder, 1 cup butter or margarine, 1 tsp. vanilla, 3 eggs, beaten, 1 13-oz. can evaporated milk, 1 cup chopped nuts and 1—8-oz. jar of maraschino cherries.

Sift the flour once, and sift three times with sugar, salt and baking powder. Cut in butter until mixture resembles fine meal. Add eggs, vanilla and milk and beat only until smooth. Fold in nuts and drained cherries. Pour batter into two loaf pans, greased and lined with brown paper and greased again, bake at 350 deg. for 1 hour and 10 min. Eat with lots of butter, Mrs. Turner suggests.

The Rainbow Mothers' Club will feature a variety of homemade candies and cookies, attractively boxed in one and two pound tins. Mrs. William W. McNerney, chairman, is being assisted by all the Rainbow mothers.

PIZZA PIES—To eat hot or to take home to bake, will be offered by the St. Francis Episcopal Church Women. They will also have cakes and pies. Co-chairmen of the booth are Mesdames William Crose, Harry Sharkey and Frank Canlett.

Homemade items which include practical and frilly aprons, pillow cases, stuffed toys, tea towels and novelty gifts will be in the booth of the Donald V. Westlund Auxiliary, 7816, Veterans of Foreign Wars. And for those who have everything, a request was made for shoulder covers, to protect the clothes when using an electric tooth brush. Mrs. Harold Harker is chairman.

A weekend trip to Forest Lake resort at Clear Lake will be awarded by the Novato Young Republican's Club. They will also have something for the children—helium filled balloons. Co-chairmen are Donald Saunders and Deloss Wood.

Explorer's Post 56 will again have three sizes of redwood planter boxes. They also plan to have driftwood and rocks. Colonel Robert Beebe is advisor of the group and Douglas Johnstone, assistant advisor.

MRS. DELMER TURNER, left, and Mrs. Raymond Muir sit back and enjoy a cup of coffee after a session of making nutbread for the Garden Club Bazaar. The nutbreads will be sold in the De Molay Mothers' Club booth. (Independent-Journal photos)

Diamonds Lead A Lonely Life

Diamonds should not be kept in the same box as other gems because diamonds' very hard surfaces will scratch the surfaces of other stones.

Diamonds, rubies and sapphires are easy to care for — they can be cleaned with a tooth brush and detergent — but their settings should be checked at least once a year.

MADERA GUILD TO CELEBRATE 10TH ANNIVERSARY AT LUNCHEON

Mrs. Edward Spita, President of Madera Guild of Sunny Hills, announced the Guild will celebrate its 10th anniversary with a fund-raising event.

Mrs. Walter Long will chairman a noon Luncheon-Fashion Show at Sabella's Restaurant, May 2. The Mannequin League of Marin will model "Round The Clock" fashions.

Table decorations, designed by Mrs. William Hood and Mrs. James Mahood, will be displayed on each table, carrying out a theme of "Oriental Splendor."

Mrs. Charles Gondak, past president, will act as the commentator.

Reservations for the luncheon and fashion show, to benefit the children of Sunny Hills may be made with Mrs. David Zita of Corte Madera or Mrs. Matt Shau of Terra Linda.

MARIN'S SOCIAL WHIRL

Mr. And Mrs. Schultz Jr. Feted At Bon Voyage Parties

By FLORENCE DONNELLY

Many bon voyage parties are being given for Mr. and Mrs. Niels Schultz Jr. of Greenbrae who are making a jet flight to Europe Saturday. A complete surprise was the cocktail party and dinner dance given Saturday at the Meadow Club for the popular couple. Niels and his wife had been invited to the Robert Lee home for dinner and when they arrived were told that the dinner would take place at the Meadow Club because a problem had arisen over table service. When the two couples came into the clubhouse they found 46 friends assembled.

Bob Lee was master of ceremonies and taking part in a clever skit on travel were Paul Hartman, Charles Cain, C. M. (Mel) Freeman, Dan Sweeney and Don Watts.

THE ROBERT Milmoes Jr. of Greenbrae gave a party aboard their Trojan motor cruiser Sunday honoring Mr. and Mrs. Schultz. The clever invitation sent by the Milmoes had an imitation compass on the outside and inside were shipping papers.

The boat is berthed at Sausalito Yacht Club. It cruised around the bay for several hours while champagne and hors d'oeuvres were served to Mr. and Mrs. Schultz and the other guests, the Jack Craemers, Mel Freemans, Harding McPhuns and Mr. and Mrs. Nicholas Krumze who came from San Francisco for the party.

Luncheons were given for Mrs. Schultz by Mrs. Herbert Crocker at Dominic's, Mrs. George Antipa at her Greenbrae home, Mrs. S. K. Herzog at Peacock Gap Golf and Country Club and Mrs. Max Herzog at her Sleepy Hollow ranch home.

Mr. and Mrs. Schultz, whose children will remain at home under care of a nurse, will fly to Frankfort, buy a car and travel for two months through Germany, the Scandinavian countries and Austria. They had seen the other European countries during a trip in 1948.

MRS. DONALD SPRINGSTED of Lyford's Cove, Tiburon, entertained at a luncheon for Mrs. Joseph Tobin of Mill Valley recently.

Mr. and Mrs. Tobin and their son, Stephen, a student at Tamalpais High School, left Saturday aboard the Holland American liner, Ryndam, for Montreal. From there, they will sail to England, where Mr. Tobin, a criminologist, will be connected with the English Penal System. The Tobins expect to tour Europe, after they are settled in London.

Mrs. Tobin is formerly of Buckinghamshire, and has many friends and relatives in England.

En route to Montreal, they will visit in New York City for several days with Mr. Tobin's brother and sister-in-law, Mr. and Mrs. Harry Tobin.

Many luncheons and dinner parties were given for the Tobins before their departure.

VISITING MR. AND MRS. NEWMAN PAGE of Rolling Hills, Tiburon, for several weeks, is Mrs. Robert Cate of Long Island, N. Y.

Mrs. Elmer Fraass of Belvedere entertained Mrs. Cate at a luncheon last week.

KOL SHOFAR SISTERHOOD will sponsor a Passover Seder at Marin Jewish Community Center in San Rafael April 9 at 7 p.m. Reservations are being taken by Mrs. Louis C. Roth, 38 Twin Oaks, San Rafael.

MARION HAYES CAIN of San Anselmo is being congratulated on the leading roles in TV and movies her son, Ron Hayes, is getting. His most recent appearance was Sunday night when he was a guest star in Bonanza, playing the part of the identical twins.

MRS. CARLOS DUNLAP of Larkspur, who will be married to John Fisher of San Rafael at 3:30 p.m. May 12, is being honored at a number of prenuptial parties. Mrs. Dunlap's sister, Mary Keltner, of Larkspur, will be maid of honor and other bridal attendants will be Mrs. Harold Holtzinger, of San Rafael, Mrs. Ronald Pascoe of Tiburon and Midge Ross of San Rafael.

Mrs. Dunlap will be given in marriage by her stepfather, Eldon Easterday of San Rafael. Best man will be John's brother, James Fisher of San Rafael. The wedding reception for 250 guests will take place in Bermuda Palms.

Mrs. Dunlap has four youngsters by her previous marriage. Following their honeymoon, John and his bride will live in their own home in Larkspur.

Young Marrieds

WASHINGTON (UPI) — The Population Reference Bureau, Inc. estimates marriages in the United States in 1962 totalled 1.6 million, a three per cent increase over 1961. Almost two fifth of the brides and one eighth of the bridegrooms were in their teens.

Even more startling, said the bureau, over 50 per cent of today's teen-age wives become mothers while still in their teens. One of every six teenage wives has two or more children.

Bonnie Currey To Wed In June

The engagement of Bonnie Marie Currey to Larry Paul Nelson of Longview, Wash., has been announced by her parents, Mr. and Mrs. Robert Currey of San Rafael.

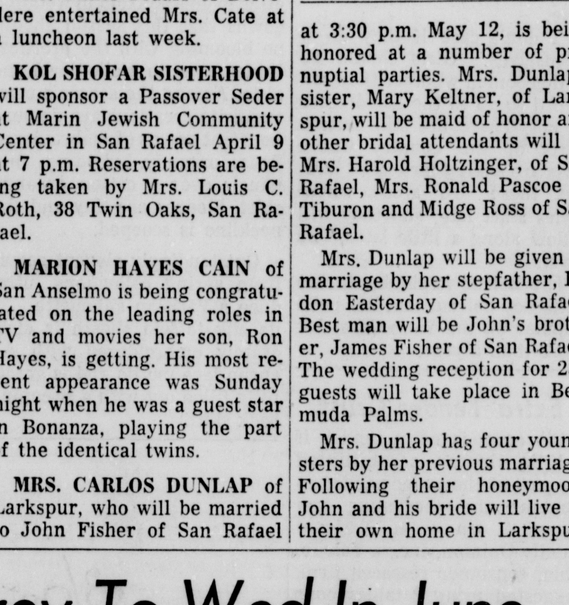

Miss Currey is a graduate of San Rafael High School and attended Portland State College in Portland, Ore. She is employed at the A & W Root Beer Drive-In, San Rafael.

Her family includes two sisters, Judy and Pat, and a brother, George, all of San Rafael.

Parents of the future benedict are Mr. and Mrs. Russell Nelson, also of Longview. A brother, Donald Nelson, lives in Ketchikan, Alaska; a second brother, Ronald Nelson, lives in Portland.

The future bridegroom graduated from Fort Vancouver High School, Vancouver, Wash., and is employed by Weyerheuser Lumber Co. in Longview.

The wedding is planned for June 22 in Saint Raphael's Church, San Rafael.

POPULAR COUNTRY LOOK

The popular country look pervades this comfortable living room with white painted board and batten walls flanking the painted brick fireplace. Twin sofas facing each other in front of the fireplace are covered in an orange and yellow damask matching the damask used on the folding screen framing the windows, which are covered in sheer white casement cloth. A parquet type floor design is carried out in textured woodgrain vinyl asbestos tile combined with plain black and woodgrain bands to create a three-dimensional effect. A big square French Provincial coffee table painted in pink provides a focal point in the setting. Interest is added through such accessories as the tall case clock, the primitive painting of a child, the pair of china cats and the twisted brass lamp bases with tole shades.

Sewing A Useful Experience

Sewing is now a useful experience for the students at the MARC-Marin Work Training Center located in Lucas Valley.

The Reserve Officers Assn. Ladies presented the center for the young retarded adults with an electric sewing machine, which they purchased with proceeds from their Marin Art and Garden Fair booth and the group's annual rummage sale.

This auxiliary has donated 10 junior memberships in the Reserve Officers Assn. to outstanding ROTC cadet officers, and has fulfilled its financial pledge to the national memorial building fund as a result of active participation in the club's projects.

Mrs. Andrew Bahr of Corte Madera is president of the Marin club. Mrs. Robert Paine of Novato was chairman of the ROAL fair booth, and Mrs. Earl Rains of San Rafael and Mrs. William Carr of San Anselmo were co-chairmen of the annual rummage sale.

The projects have been handled by Mrs. David Vail of Mill Valley, club secretary, and by Mrs. Clarence Spencer of San Rafael, committee chairman.

TRYING OUT the new sewing machine presented to the MARC-Marin Work Training Center in Lucas Valley by the Reserve Officers Assn. Ladies is Lou Yetter. These Little Peas-In-The-Pod Need Chance For Individuality

FANNIE R—What a shame to be blessed with such darling little identical twin boys, and make such a point of keeping them apart and making them grow up different. They're my nephews, my brother's children, and in all their five years, I've rarely seen them together. Now my sister-in-law has registered them in separate kindergartens! How experimental should parents get? How about being human?

TRUDIE C.—Fannie is disappointed that we avoid turning our sons into mirrors of each other. But she exaggerates the separations. They're together a great deal, because after all they're brothers and I must feed them together, bathe them, take them on trips at the same time. My husband and I regard them, however, as two people rather than dependent halves. We want to give them a chance to be themselves, like boys who aren't twins.

THE COUNCIL: For those who, like Fannie, aren't up on Twinmanship, we must report that the two little-peas-in-the-pod aren't being left there for long, in progressive circles. No longer must they sacrifice their individuality so that admiring ladies may cluck over their cuteness. The aim is now toward what one Twins Club (Queens, N.Y.) calls "Twincerity." the old "image-life" of dress-alike, play alike, stay-alike, is frowned upon.

Since Trudie's boys have a head, a prenatal, start on togetherness, since their inner impressions and memories are bound to be similar, there's value in helping them become two whole persons who can stand alone, rather than halves who, joined at birth, remain incomplete.

An Oliver Hairdo With A New Twist

An impish Cockney cut may win the spring coiffure race by a hair, even though hairdressers do not see strand to strand on this, the Oliver.

Ruel, a style, director without a first name, explains that so many girls have adopted it that the hair style can't miss.

"It is the most versatile hairdo for a hairdsesser to work with," he points out. "I can get more than 50 different combouts from it, so a girl can have any short style she likes," he says, in answer to critics who say the hairdo is just a big mess.

THE HAIR IS razor-scissors shaped, ranges from zero to a length of 1½ inches at the nape of the neck, to 1½ inches at the ear lobe, 3 to 3½ inches at the hairline and 5 inches at the crown.

The hairstyle may be varied for more sophistication, Ruel says. The 5 inches at the crown is a good length for elevation, he points out. Bangs may be curved or brushed with more order than the wisps that go with the straight Oliver.

HE ADMITS that the '20s hairdo was a flop but says girls wanted to get away from the short hairdo that was too sleek and plastered down. It added 10 to 15 years to the older girl's looks.

But the Oliver is a soft look, a youthful frame for the features, and it'll look good on women of 70, he says, going way out on a limb. Many hairdressers are taking pot-shots at the hairdo now because stylists who favor it claim it can be worn by 40- or 15-year-olds.

MOST HAIRDRESSERS agree with Ruel that the full, bubble top hairdos made women look top-heavy, and most are against teasing the hair.

"The Oliver hairdo is one that all women can wear in good taste," he says. "We don't contemplate cutting everyone's hair short if they want it, but we won't tease, rat or high-comb it either."

"If a woman wants something for a formal occasion we advocate hair accessories," he explains. Many of the Oliver's critics say that is like gilding the porcupine.

THOUGH hairdressers opposed to this waifish style say it can't be successfully worn with hats, Ruel thinks otherwise.

"I don't care if they do it themselves. Girls should be well-groomed whether they can afford to go to the hairdresser or not. There are still certain parts of the country where girls are asking for teased hair, but these are areas where styles start late, and they will follow along a little later," he says.

The hairdo is similar to the little boy haircut that has been popular on the West Coast for more than a year.

Extra Tender Crust

Pie crust is extra tender if a little vinegar is substituted for part of the water needed to combine the shortening and flour. A tip from National Family Opinion, Inc., a Toledo, Ohio, consumer research firm, suggested using 2 tablespoons of vinegar for 2 of the tablespoons of water ordinarily used in a two-crust pie.

Bridal Gown Costs Are Up

NEW YORK (AP)— The father of the bride will have more to weep about next fall.

The cost of bridal and bridesmaid dresses are expected to rise from $10 to $20 as a result of increases in the wholesale prices of silks and imported laces.

Many gowns require up to 10 yards of silk and are heavily embellished with laces.

Although some members of the bridal industry say they will try to combat the price rise by cutting corners in workmanship and yardage, most feel they must maintain the quality and style of their designs and pass on the increased costs to the bride—or rather, her father.

Swiss Organdy Popular Spring Bridal Fabric

Spring brides have so many beautiful fabrics and silhouettes to choose from in wedding gowns that this season should be blooming with the prettiest brides ever to walk down the aisle. Among the season's most exquisite creations are demure bouffant gowns of embroidered Swiss organdy, dividing into panels over a cotton organdy skirt. Sleeves are tiny and the neckline is scooped.

Outstandingly elegant gowns from spring collections introduce a Parisian silhouette . . . its silk taffeta sheath is elaborately embroidered with Alencon lace motifs and is gracefully filled out with a sweeping back skirt.

Bringing Up Baby®

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

Sometimes new mothers concentrate so hard on the technicalities of baby care they forget to enjoy their babies. Your delight in your baby is one of the great golden gifts you can give. The baby who is talked to (and laughed with) lovingly, develops security and sociability. The baby who is played with happily gains confidence early and learns invaluable lessons in co-operation.

•

Vitamin C availability. I know you mothers usually think in terms of orange juice for baby's vitamin C. But it should be reassuring to know that Gerber Strained Apple Juice and juice combinations are fortified to give your baby just as much of this important vitamin as Gerber Orange Juice. One can of any of the other eight Gerber Juices supplies over 100% of the recommended daily dietary allowance for vitamin C. 9 varieties in all including the new Mixed Fruit Juice and Prune-Orange.

•

Golden rules for baby care. By-the-book rules are fine as guides but all rules do not fit all babies and any rule is only as good as its flexibility. Guides to good mothering: heed your doctor and your common-sensible head and lead with your heart. Happy is the baby whose mother makes adjustments for his (or her) individuality.

•

Growth patterns. Your baby grows much faster the first year than the next few put together. That's why he needs protein aplenty to give that growth a boost. Gerber Strained Meats are high in protein, low in fat and ever so easy to digest. Points to remember:

• Gerber Meats are cooked by an exclusive process which preserves the utmost in nutritive values; insures a smooth moist texture.

• They're the products of two great specialists—Gerber, famous for fine baby foods and Armour, famous for fine meats. Gerber Baby Foods, Box 72, Fremont, Michigan.

VOLUNTEERS OF MONTH

Two Men Share Honors With Their Wives

San Francisco YWCA's choice for Volunteer of the Month of April is a team of four Marinites — with two men sharing honors with their wives.

The two couples selected are Mr. and Mrs. Howard Kiehn of Sausalito and the Robert Eschens of Greenbrae.

Both Carol Kiehn and Irma Jean Eschen serve the YWCA in many ways. But the men got into the act, recently, when the Y's Marin offices moved from San Rafael to 216 Greenfield Ave. in San Anselmo.

Kiehn, whose wife is a member of the Marin YWCA Board, made the construction estimates, did much foot work in locating donated or bargain materials, and built sliding doors to cover the shelves that line an inside wall of the building.

ESCHEN, whose wife is the leader of the Tamalpais YW-Wives Club, helped Mr. Kiehn lay a parquet floor and did much of the electrical work. His batttle scar is a case of poison oak picked up while working on an electrical repair on the outside of the building.

The two women, meanwhile, provided moral support by providing their working husbands with food and encouragement during the many evenings and weekends of labor that resulted in an attractive office and meeting place for the Marin YW.

MRS. KIEHN, in addition to her work as a board member of the Marin unit, also serves the entire San Francisco YW as a member of the membership development committee, and teaches English to Japaneses-speaking members of the YWCA center at 1830 Sutter St. in San Francisco.

The Kiehns have lived in Marin for five years. Mrs. Kiehn helps her husband in his contracting business by doing carpentry and custom furniture design, is active in the Great Books group, and makes all her own clothing.

Mrs. Eschen met her husband at Bethlehem Steel in San Francisco where she was a secretary and he a business administrator. They have lived in Marin four years with their two daughters, Kathleen, 15, and Eleanor, 14.

ONE YEAR ago she founded the Tamalpais YW-Wives club, with financial help from the United Crusade, to bring recreational, health, educational, and leadership training opportunities to women in the community.

Her chief hobby is painting. Her specialty is still life and animals, but recently she has taken up portraiture, with the Eschen daughters as her subjects.

Designer Says Let The Dishes Wait 'Til Morn

ST. LOUIS (AP) — A French fashion designer says women should not "spend the evening hours doing dishes when their husbands are at home."

Mrs. Claude Riviere says "the dishes can be done the next morning."

If the dishes must be done in the evening the least a woman can do is be careful of her clothes. And if a husband won't help with the dishes, Mrs. Riviere says, he should help his wife pick her clothes.

"Husbands usually have good ideas about what looks attractive on their wives, and can help with advice."

The designer and her husband, glove manufacturer Lionel Le Grand, were in St. Louis during a tour of the United States.

"I design clothes for the woman who wants to keep her figure. Very often she is a matron who realizes how important this is. Anyway, no woman is ever old. She may change, yes, but she always has something lovely about her. There is beauty in every age," Mrs. Riviere says.

Speaking ow women and the way they dress, Mrs. Riviere says:

"The women I do not criticize are those who cannot help themselves. Russian women, instance, do not have fine shops. They must choose from poor stick in which certain articles are all the same size, and so on.

"But in countries like the United States and France, where there is an abundance of fashionable clothes, I do not see why some women dress in a careless manner. I think it's a matter of letting yourself think you are too tired to do this or that. Young married women, especially, get into this habit, and soon they just don't care.

"In France, women are fortunate enough to have more servants and more leisure time than many American women. Yet some are too tired to change into a pretty dress when their husbands are at home. I also have heard American women say they can't wear pretty at-home clothes because they will ruin them when washing dishes."

Marin Branch AAUW Names Grants For Two Presidents

Two past presidents of the American Assn. of University Women, Marin Branch, were honored with having fellowship grants named after them. Mrs. Hugh Marchant, who served as president of the branch from 1959 to 1961, and Mrs. V. H. Wheeler, who was president from 1953 to 1955, were each given scrolls signifying this highest of local branch honors at a recent meeting.

The Jean Marchant International Grant ($500) will aid a foreign student doing graduate work in this country and the Claire Wheeler National Grant will be given to an American student continuing her education at the doctorate level.

Members of the name grant committee were Mrs. W. H. Ecker, chairman, who received a similar honor last year, and the Mesdames R. I. Christensen, J. C. Stovall, J. S. Detweiler (also honored last year), and John C. Cummings.

Mrs. Marchant, a graduate of the University of California, won the Rosalie M. Stern award several years ago. This is given to one young woman graduate each year who has excelled in voluntary community services. She is currently president of the Wolfe Grade P-TA, and has been active in the Camp Fire Girls and Junior Museum as well as AAUW.

Her former positions in AAUW include hospitality chairman, recording secretary, financial secretary, treasurer, program chairman, and fellowship chairman. She has also served on the state nominating committee.

Mrs. Wheeler, also a University of California graduate, is employed as a home teacher in the Tamalpais High School District. She is a former home economist, and has often served as chairman of branch pot luck suppers.

Besides president, Mrs. Wheeler's past positions with the branch include hospitality chairman and recording secretary. She has been an active member since 1942, and in 1947 she was chairman of the Building Fund Fair.

Both women find time for hobbies as well as for their families and their professional and volunteer work. Jean enjoys playing golf and bridge, and Claire takes pride in weaving at her own loom and in gardening.

Flowering Pins

The newest design: flowering parasol pins that bloom on their own slender stalks. Milady has a choice of daisies, tulips, orchids, roses or a charming miniature nosegay.

Cool Linens 'Hot' Items For Spring

Rivaling the prettiness of spring itself, is the lovely Irish linen being introduced. Long America's favorite fabric for "round the clock," round the calendar, it's a favorite, too, of designers, all of whom feature linens of all types in their collections.

For spring, there are linens for every occasion—all with a wonderful hand-crafted look, clean, crisp texture and distinctive fashion-rightness so typical of this wonderful fabric.

Linen is being shown in suit and dress weights, as well as gossamer sheer linen—all crease-resistant and adaptable to daytime and evening styles.

Tweed-like linen weaves, rich jacquard and damask linens in rustics, floral, and delicate patterns lend exciting variety to the ever interesting story of fashions in linen.

Some of spring's newest linens feature a coarse hand and many upholstery-type dressmaker linens are in this group.

There are now more linens blended with wool or silk in the spring fashion picture.

Linens look especially wonderful and exciting in the new whitened, bright pastels and high colors.

HOW TO PLAY WINNING BRIDGE

By ALFRED SHEINWOLD

Don't Send Anybody Man Or Boy) To Do A Job That Is Impossible

When an opponent over-ruffs, he will sometimes snear "Don't send a boy to do a man's work."

Don't try to prove that you had only boys at your disposal; the point may be that you should not have tried to do the job at all.

Opening lead — ◇ K

West takes the top diamonds, and East signals for a continuation by playing the five of diamonds first and the three of diamonds next. West then continues with the jack of diamonds.

OVER-RUFF

If South ruffs in dummy, East will over-ruff no matter how high the dummy ruffs.

East may sneer at declarer, and declarer may retort that any ruff at all would suffer the same fate.

Any such conversation may be amusing, but it misses the point. South should not ruff the third diamond at all.

GOES DOWN

Declarer goes down if he does ruff in the dummy. East over-ruffs, and the defenders eventually get a heart and a club.

South makes his contract if he discards a heart from dummy on the third round of diamonds.

This allows West to win the third trick, but puts South in position to ruff a heart in dummy later on.

LOSES CLUBS

South eventually loses a club in addition to the first three diamonds, but he can play the trumps so as to pick up East's king.

Think of this hand the next time you are threatened by an over-ruff.

You may be able to transfer your ruff to a different suit if you don't try to ruff at all.

ALMANAC

Today is Tuesday, April 2, the 92nd day of 1963 with 273 to follow.

The moon is approaching its full phase. The morning stars are Venus and Saturn. The evening star is Mars.

On this day in history:

In 1792, Congress enacted legislation authorizing a mint of the United States to coin money, all coins to be enscribed with the motto, "E Pluribus Unum."

In 1917, before a joint session of Congress, President Woodrow Wilson called for a declaration of war on Germany.

A thought for the day—Woodrow Wilson said: "The highest and best form of efficiency is the spontaneous cooperation of a free people."

is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

COUNTY OF MARIN, STATE OF CALIFORNIA MARINERO RESIDENCE NO. 1 UNIT 2 IMPROVEMENT DISTRICT

NOTICE OF RECORDING OF ASSESSMENT

NOTICE IS HEREBY GIVEN that on the 29th day of December, 1963, there was recorded in the office of the County Surveyor of the County of Marin (i) an assessment levied upon all that property in an assessment district in the County of Marin, State of California, designated Marinero Residence No. 1 Unit 2 Improvement District, comprising the territory described and provided for in Resolution of Intention No. 7392B duly adopted by the Board of Supervisors of said County of Marin on November 13, 1962, wherein it declared its intention to order certain work to be done and acquisitions and improvements to be made in said County of Marin in said Marinero Residence No. 1 Unit 2 Improvement District, all in accordance with said Resolution of Intention to which reference is hereby made, and (ii) a diagram showing said Marinero Residence No. 1 Unit 2 Improvement District and the boundaries and dimensions of the lands within said District.

All sums assessed by said assessment are due and payable immediately and the payment of said sums is to be made to the County Tax Collector at his office in the City of San Rafael, Marin County, State of California, on or before the close of business on April 30, 1963 (except as the right to pay within such time is waived by property owners).

NOTICE IS FURTHER GIVEN that serial bonds payable to bearer to represent unpaid assessments of $50 or more and to bear interest at the maximum rate of not to exceed 6% a year payable semi-annually will be issued in the manner provided by Division 7 of the California Streets and Highways Code, the Improvement Act of 1911, and said bonds shall extend over a period not to exceed 14 years from the 2nd day of January next succeeding the next September 1st following their date.

Dated: Mar. 29, 1963.

STOP, THIEF!

Owner tired of mulching plants, fertilizing lawn, cleaning garage. All those roses to cut! Made the mistake of putting in new carpeting recently, too. 4 Bedrm. house too big for one person, anyway. Some quick lucky buyer will find good terms! Will sell all for $23,000.00.

ANYONE FOR BLISTERS?

You can blister while dissipating your energy in the garden, or simply by falling asleep in the sun. Or better still, break out the binoculars and enjoy watching others from this knoll. The large 4 Bedrm. house will provide room and to spare for your large family, and beautiful carpeting and appliances will make you feel a little better about paying for all this. We'd give more information if we were not suffering from spring fever. Oh yes, the price—a reasonable $31,800.00.

DOMINICAN

Perhaps the last time you will find a top quality 3 bedrm., 2 bath home on a beautiful large lot in the heart of the Dominican area at this low price. Vacant. Ready to move in. The extras—a large fam. rm., L.R., and dining area. Easy walking distance to schools. Financing is easy, house in excellent condition and so is the neighborhood. Only $35,500.00.

I SAY HOW NICE!

Real long & low with shake roof. Painted red with white shutters, corral fencing in front gives desired Ranch Style effect. 3 Bedrms., 2 baths. Excel. eating area. Kitchen contains all the built-ins and has special custom tile. Very large level lot. All fenced & landscaped to a tee. Close to bus, school & within easy walk of North Gate Shopping Center. This house was built by Kenney, and is truly a beauty. Many other features too numerous to mention. $29,500. Eves. call Fran Jenkins, 479-0848; days, Livewire Lindskog, GL 4-0832.

WATERFRONT!

An elegant 4 bedrm. home that includes a 35 ft. dock for your yacht. There is a separate dining room with fireplace, a huge kitchen with all the modern day built-ins. And a utility room big enough for laundry, freezer & storage. There are 3 tile baths, each different and interesting. For example: Master shower has steam jets and heater unit for steam bath. The living room is spacious & independent from the rest of the house. The lovely patio, accessible to and sheltered by 3 sides of the house. What a place for entertaining after a day on the bay!! The construction is all of redwood with a heavy shake roof. The profile is low and Ranch styled complemented by just the right kind of landscaping. Even if you don't buy it will be a rich experience just to look! Price $67,500. CALL FRAN JENKINS, eves., 479-0848; days GL 4-0832, "Livewire Lindskog."

RALPH LARSON Not a cultist—not a fanatic—but a conservative Christian minister who has for years specialized in the study of the books of Daniel and the Revelation, with a special interest in how they have been understood by scholars of past ages—invites you to share with him the inspiration gained from this stimulating study. All of his findings are interesting, some are fascinating—some are positively exciting!

Mr. Larson's dignified presentations, in sharp contrast to the shouting emotionalism of many revivalists, have drawn the largest total attendances yet recorded for meetings of this type in cities of Hawaii and Northern California.

3 Bret Harte Flood Pumps Inoperative

By BRYCE W. ANDERSON

Three of five pumps that are supposed to lift Bret Harte floodwaters into the San Rafael Canal are inoperative, and may have been so when a boy drowned in the Bret Harte flood last Jan. 29.

The city public works department's excuse is that ia makes no difference if these pumps are out, for an up-flood bottleneck prevents sufficient water from reaching them.

But to Mayor John F. McInnis, the situation is inexcusable.

NO REPAIRS

He said so at last night's city council meeting, as he brought to light that repairs to the pumps and cleaning of the pump stations was not done before the start of the rainy season.

There have been numerous complaints in the past about failure of the city's pumps during major storms. City Engineer Dominic Selmi has been backed by consulting engineer Daniel P. Coleman in contention that the pumps are of improper capacities and improperly located.

They are also, Mayor McInnis made plain last night, improperly maintained.

DUMBFOUNDED

McInnis disclosed he had inspected the five pumps in the Francisco Boulevard pumping station at invitation of some Bret Harte property owners.

"I was dumbfounded at the condition of the pumps," he declared.

Public Works Director Norris Rawles, in response to a letter from the mayor yesterday, reported that "one 25-horsepower pump has been inoperative the past week. . . . This was called to my attention Wednesday night." That pump, said Rawles, was removed for repairs Friday.

"A second pump," he continued, "probably needs repair also," and "will be repaired as soon as the company can get to it."

A third, a 40-horsepower pump which is the largest in the Francisco Boulevard station, "does have a hole in the bottom of the pipe but the pump is operating at 90 per cent of capacity," went on Rawles.

He said the pumping station "has total capacity of 170 horsepower" but a pumping station behind Geister Brothers property up-channel "pumps approximately 40 second feet. . . . The Francisco pumping station at one-half capacity will handle all the water that gets to it."

"Horsepower does not give you the capacity of pumps," snorted Councilman Fred E. Jensen. "Don't we have a pump man in the City of San Rafael?"

Engineer Selmi amended that the Francisco Boulevard station has a capacity of 100 second feet of water.

Melvin Geister of Geister Brothers, a trucking firm, said "six or eight months ago" he

Marin Called Site Of Next State Population Explosion

By THERON A. NEWELL

Marin County will have the next big population explosion in California.

About 3,600 pupils will be added to the enrollment of the San Jose Elementary School District.

The district may lose one school site provided in the Loma Verde master plan.

These predictions were brought out in a community planning meeting last night at San Jose intermediate school. Representatives of large developments and of Novato and Marin County planners met with the school board.

Jack West, developer of Bel Marin Keys, quoted officials of the Chase Manhattan Bank in New York that "the next big population explosion in California will be in Marin County."

"We will have 300 houses built this year in Bel Marin Keys if we have four months of construction weather; if we have six months, then we will have 400 houses ready to go," West said. He said there will be 900 houses in the development by the end of 1964.

With Seabreeze Construction Co., the picture looms even larger, according to Ed Dulin, head engineer of its North Marin projects.

"In Loma Verde, we have 58 homes under construction this year," he said. "In other land acquired from Trousdale in Country Club Estates, we will have 177 homes built. In addition, we will have 95 fourplex multiples for another 380 units.

"Over the next three years, we plan 513 single-family dwellings, 384 fourplex dwellings and 2,000 apartment units in nine large multiples. This also includes building on 25 acres at the crossroads."

Trousdale Construction Co. has plans "for 60 homes in the Country Club area this year and 200 more homes in the next one and one-half years," wrote Gordon Walker, company representative, who could not attend the meeting.

Robert Lagle, Novato city planner, noted these figures do not include other developments in the district such as the Forest Park units of Kaehler Construction Co., subdivision of the Beverly-Maple Corp., and many smaller ones.

The district may lose one school site because of a quirk in the Loma Verde master plan, said David Van Pelt, Marin County planner.

"The original Loma Verde master plan showed three school sites, one of which lies partially on someone else's property. That property is now up for subdivision," Van Pelt told the board. "S. H. Cervantes has filed a tentative subdivision map for six acres of that proposed school site with the City of Novato."

Trustee Alan Swabaker asked what legal protection the district had in keeping the site.

"You can protect that portion of it that is within the Loma Verde master plan, but not that part owned outside the plan," Van Pelt told him.

Swabaker said that the board did not have money to buy the site now.

Supt. Ralph Giovanniello suggested the district could borrow from the state with voter approval. Van Pelt said he felt the board should take the problem of acquiring the site directly to the state.

POWDER EXPLOSION INJURES YOUTH, 14

Joey Wilson, 14, experimented with lighting gun powder in a bottle in Mill Valley early today and "learned his lesson."

The boy, son of Mr. and Mrs. M. E. Wilson of 61 Lovell Avenue, was treated for first degree burns around both eyes and on his forehead at Marin General Hospital and sent home around noon.

Mrs. Wilson said Joey went to a vacant lot behind Stiveson's Restaurant about 8 a.m. He apparently lit the gun powder in a small brown bottle, his mother said. The bottle exploded in his face, burning his eye lashes off but not cutting him.

Joey, an eighth grader at Edna Maguire School, was taken to the hospital by the Mill Valley Ambulance.

Mrs. Wilson said she did not know where her son got the gunpowder. "I think he's learned his lesson," she said.

Churchill's Citizenship Passes Senate

WASHINGTON (AP)—The Senate passed by voice vote today and sent to President John F. Kennedy a bill to make Sir Winston Churchill, World War II prime minister of Great Britain, an honorary citizen of the United States.

Senate Republican Leader Everett M. Dirksen of Illinois called up the measure less than an hour after the Senate judiciary committee had approved it unanimously.

There was no discussion as the Senate moved to give Churchill an unprecedented honor.

The bill directs the president to issue a proclamation declaring Churchill an honorary citizen.

County Parks, Rec Director Named

Kelvin J. Nelson, 35, superintendent of parks and recreation for the city of Idaho Falls, was unanimous choice of county supervisors today for the new position of Marin County Parks and Recreation director.

With an executive session still in progress, Supervisor George Ludy emerged briefly to announce the board's choice, resulting from almost a full morning of questioning five candidates top-ranked by an oral examination committee yesterday.

Nelson is married and has five children.

Bing's Son Lindsay Divorced By Wife

LOS ANGELES (UPI)—Crooner Bing Crosby's son, Lindsay, was divorced today by his former showgirl wife, Barbara, who testified he stayed away from home nights repeatedly.

"I don't know where he was or what he was doing and when I asked him I only received vague explanations," she wept.

Russians Launch Rocket To Moon

MOSCOW (AP) — The Soviet Union announced they fired an unmanned, 3,130-pound research vehicle toward the moon today from the orbit of an earth satellite. A Soviet astronomer hinted it may land a robot observatory on the moon's surface.

This is part of the Soviet preliminary work in a race with the United States to be the first to land men on the moon.

Tass, the Soviet news agency, said the automatic instrument station will reach the area of the moon in three and one-half days, apparently meaning some time Saturday.

Tass said the device was outward bound 31,370 miles above the Yellow Sea and rocketing along close to its present trajectory. Its instruments were said to be functioning normally.

Tass called the device Moon IV, though its predecessors in Soviet moon shot work have been known as Luniks.

Lunik I missed the mark, Lunik II was reported to have scored a hit. From Lunik III came the release of pictures purported to show the hidden back side of the planet.

The United States had landed one rocket on the moon's back side, but instrument failure limited the value of the exploit.

Without saying whether Moon IV was intended to hit or fly by the moon, Tass said the launching was in accordance with the Soviet program for "exploration of outer space and planets of the solar system."

The phraseology of its communique suggested the vehicle was shot from an orbiting space platform, but the communique did not go into detail.

Governor Defends CDC, Unruh In Party Feud

SACRAMENTO (AP)—Gov. Edmund G. Brown defended both Assembly Speaker Jesse M. Unruh and the California Democratic Council today in their bristling intra-party feud. (See story page 6.)

The Democratic governor told his news conference that he didn't always agree with either the powerful speaker or the volunteer party organization.

But he called Unruh a "strong, forceful leader" and disagreed with a CDC convention report taking a slap at the Los Angeles Democrat's campaign operations.

As for the CDC, he said it generally does a good job, it's a good influence and he hopes it keeps on growing.

At least, he said, the delegates openly debated issues, and that's more than he could say for the Republicans.

Brown was asked for comment on a demand by Caspar W. Weinberger, Republican state chairman, that he publicly support resolutions adopted by the CDC at its Bakersfield convention last weekend.

He said he was disappointed in Weinberger's leadership of the opposition party, calling it as negative as the John Birch Society.

The governor added that Weinberger, a former San Francisco assemblyman, is not a Bircher himself.

Brown reiterated his opposition to the CDC position favoring abolition of the House Committee on Un-American Activities. He said he favors an affirmative loyalty oath, but that he's not sure the state's present oath is satisfactory.

On other subjects, Brown had this to say:

TAXES — Revision of a bill to increase the gasoline and other motorist taxes doesn't water down his commitment against new taxes this year.

BILLBOARDS — The governor declared his full support for forthcoming bills designed to prohibit billboards along state and federal highways.

BRADEN — He said Senate President pro tem Hugh M. Burns (D-Fresno) predicted the Senate will confirm his reappointment of Tom Braden to the State Board of Education.

$4 Million Ruled For Marinite

About 32 million dollars, four-fifths of the Miller and Lux Estate, has been divided among the eight heirs of California cattle king Henry Miller, but the legal dispute over the division is still undecided.

Mary Nickel Lombardi of 25 Palm Avenue, San Rafael, will receive about four million dollars of the tax-free inheritance.

In a decision made in San Francisco Superior Court yesterday, Judge Joseph Karesh ordered that one-fifth of the estate, about eight million dollars, be retained until the legal dispute over the division is settled. Attorneys for the heirs have promised to carry the dispute all the way to the United States Supreme Court.

Miller, whose land holdings ranged from the Oregon border to Mexico, placed the stock in trust in 1913, prior to inheritance tax provisions. The trust terminated with the death last December of Mrs. Beatrice Nickel Bowles Morse, the last of Miller's three grandchildren.

No one is exactly sure of the value of the Miller and Lux shares. The 32 million dollar estimate appears to be conservative.

Six thousand shares, valued at about 5.5 million dollars, will go to each of Mrs. Morse's three children, Henry Miller Bowles of San Francisco, George McNear Bowles of San Francisco and Mrs. May Bowles Lawrence of Orinda.

The judge ordered that 4,500 shares, valued at more than four million dollars, go to each of three children of George W.

ARGENTINE REVOLT CONFINED TO RADIO

BUENOS AIRES (UPI) — Retired military officers tried today to spark a revolt, with apparent navy support, to block what they termed a threatened Communist takeover.

The government tried to minimize the scope of the revolt movement and described it as a war of nerves. However, security measures were in evidence in Buenos Aires and elsewhere in Argentina.

President Jose M. Guido warned rebels that a joint army-air force task force would "undertake operations" against rebellious naval elements if they did not end their "subversive attitude."

Hostilities appeared to be confined to the air waves — at least during the early hours of the revolt.

A radio station at La Plata reported rebellious navy aircraft had attacked a pro-government tank battalion at Magdalena and a communications regiment near La Plata because they refused to surrender.

The station claimed widespread support for the rebel cause.

The government immediately termed the reports "absolutely false."

Guido's reference to the Navy was the first official indication that branch of the armed forces was implicated in the call for an uprising, described earlier by rebel leaders over a seized radio station as a "national revolution."

The revolt's principal aim seemed to be to block the forthcoming June elections in which the government is permitting neo-Peronists to participate. Argentine Communists have supported Peronist candidates in past balloting.

Khrushchev Appears Still In Firm Control

MOSCOW (UPI) — Premier Nikita Khrushchev basked in the Black Sea sun today with every indication he still is in firm and unchallenged control of the nation despite speculation abroad that he might be in trouble.

Speculation in Western European capitals that Khrushchev might be losing an internal struggle for leadership was strongly discounted by veteran Moscow observers.

The "Khrushchev in trouble" reports were revived by an article in the Italian Communist Party newspaper, L'Unita, which said Moscow is living a "delicate political moment." It said the situation stems from disputes with Peking, the Cuban crisis, problems in farming and the chemical industry, and difficulties with Soviet cultural leaders.

(Another Rome newspaper, the Communist-line Paese Sera, reported from Moscow today that Khrushchev is meeting "conservative resistances" to both domestic and foreign policy in a debate "of a liveliness unprecedented in the Soviet Union's recent past.")

Western observers in Moscow interpreted the report by L'Unita's Moscow correspondent Giuseppe Boffa, as merely a chronical of the problems facing Khrushchev as chief of the government and Communist Party and not as an indication he is losing his grip.

Pravda, the Soviet Communist Party newspaper and the top official guideline to Kremlin political fortunes, today front-paged a photograph of Khrushchev smiling broadly.

WORLD NEWS IN BRIEF

Satellite Launched

VANDENBERG AIR FORCE BASE (AP) — Another military satellite has roared into orbit from this Air Force missile base.

The Air Force doesn't release details of military launchings. After the shot yesterday a spokesman announced only: "A satellite employing a Thor-Agena combination has been launched."

The Thor-Agena first and second stage units have been used in almost all launchings of satellites in the Discoverer series. The Discoverers are research vehicles. They have been used in the past in the development of the Midas and Samos surveillance satellites.

Paris Strike Talks

PARIS (UPI)—Representatives of 200,000 striking coal miners renewed negotiations with the government today in search of a compromise settlement.

Both sides have said they will not back down.

But the reopening of talks after an eight-day lapse brought cheer to the coal centers, where miners and their families have held out on small strike payments.

Daydreams Dangerous

HOUSTON (UPI) — Don't daydream. It's dangerous.

Dr. Jerdol D. Scott, a Houston consulting psychologist, said yesterday that the daydreamer can become involved in many kinds of accidents. He spoke at a session of the 24th annual Texas Safety Assn. conference.

"The type of person likely to daydream is one extremely concerned with the impression he makes on others," Scott said. "He is the type who will sometimes show off by operating equipment he is not qualified to operate—a sensitive person, who, if he fails to get needed recognition on his job, may resort to daydreaming.

Eruption In Alaska

ANCHORAGE, Alaska (UPI)—Things were back to normal today in Alaska's remote Valley of the Ten Thousand Smokes following a spectacular show yesterday.

Mount Mageik, a 7,250-foot peak in the uninhabited southwest region of Katmai National Park on the Alaska Peninsula, erupted yesterday and puffed a huge cloud of dust and smoke nearly nine miles in the air.

Bridges Hits JFK

SAN FRANCISCO (UPI)—Harry Bridges, president of the International Longshoremen's and Warehousemen's Union (ILWU), opened the union's biennial convention yesterday with a verbal attack on President John F. Kennedy and government intervention in labor disputes.

Bridges, making the keynote address at the 15th biennial meeting of the ILWU, said that the new frontier was going in the wrong direction.

Autopsy Planned

SANTA ROSA (UPI)—An autopsy will be performed to determine the cause of death of Sonoma County Public Defender Frank McCauliffe according to Coroner Andrew Johansen.

McAuliffe, 52, was found sprawled in a hallway of his home yesterday. Johansen said there was a bruise on one arm but not other sign of violence.

"I cannot say if his death was natural," the coroner said.

Admits Killing Laos Aide

VIENTIANE, Laos (UPI)—A corporal of the Laotian neutralist army has been arrested and confessed to the assassination of pro-Communist Foreign Minister Quinim Pholsena, it was announced today.

Pholsena

The death of Pholsena, who was killed by a burst of machine gun fire as he and his wife stepped from a car in front of their home here last night, threatened to upset the shaky three-way coalition government and set off a new crisis in this Southeast Asian kingdom.

Pholsena's wife was wounded seriously in both legs.

The corporal was quoted as saying he killed Pholsena deliberately, although no motive was given.

Nassar, Syria Rift In Open

BEIRUT, Lebanon (UPI) — Simmering trouble between President Gamal Abdel Nasser of the United Arab Republic and the new regime in Syria appeared today to have flared into the open.

The Syrian government yesterday ordered a daily 6 p.m. to noon curfew to "isolate disorderly elements."

Unconfirmed reports said the order followed clashes between Nasser supporters and members of Syria's Ba'ath Arab Socialist Party in Damascus Sunday and yesterday.

Candy Barr Freed From Prison

EDNA, Tex. (AP)—Candy Barr, a sweetheart of gambler Mickey Cohen before she was sent to prison, came home to her parents last night and vowed she is through with being a night club stripper.

Candy

She went free from state prison after serving three years and four months of a 15-year sentence for illegal possession of marijuana.

Her daughter, 7, ran to hug the baby-faced former entertainer as Candy arrived at the home of her parents, Mr. and Mrs. E. F. Slusher.

"She didn't forget me," Candy said happily.

The once blonde darling of night clubbers said, "I may do some acting, but no more strip tease."

Inmate Shot In Prison Break

FORT MADISON, Iowa (UPI)—One prisoner was shot and seriously wounded in the leg last night as he and three other inmates unsuccessfully attempted to break out of the Iowa Penitentiary after holding two guards captive for more than two hours.

A tower guard shot and wounded Harold Buck, 33, as the prisoners stuck his leg out of a cell block window on the way to freedom after the four inmates had sawed two bars from the window.

Negro Vote Request Rejected

GREENWOOD, Miss. (AP)—A federal judge has rejected a Justice Department request for an immediate court order barring interference with Negro vote registration efforts.

But U.S. Dist. Judge Claude F. Clayton of Tupelo plans a hearing on the matter Thursday at Greenville, Miss.

Meanwhile, Negro comci Dick Gregory—who flew here to speak at a vote registration rally—said he would join members of his race going to the Leflore County courthouse today to take registration tests.

Truett Chairman Of Catholic Unit

Harold J. Truett, San Rafael attorney, is new chairman of the executive committee of the Catholic Inter-racial Council of Marin County.

Truett succeeds Maxwell A. Hull, Tamalpais High School teacher, who has become chairman of the Fair Play for Housing Committee in Marin.

Officers who will serve with Truett are Dr. John Bennett of San Rafael, vice chairman; Cyril E. Beattie of Mill Valley, liaison officer; Peter Allen Smith, Kentfield attorney, development officer and Mrs. Robert J. Glessing of Sausalito, public information officer.

Mrs. Glessing said the central purpose of the Catholic Inter-racial Council is to inform fellow Catholics and the general community of ways to promote inter-racial justice and understanding.

JFK Asks $4.5 Billion Aid

WASHINGTON (AP) — President John F. Kennedy asked Congress today for 4.5 billion dollars in new foreign aid money, slashing 420 million dollars from the total he proposed before Gen. Lucius D. Clay's aid advisory committee reported the current program is much too big.

Last year Congress cut the President's 4.9 - billion - dollar foreign aid request to 3.9 billion dollars and opponents want to pare even deeper this year.

In a special message to Capitol Hill, Kennedy outlined a six-point program aimed at improving the big overseas assistance program. He drew heavily on findings of the Clay committee with which he agrees.

"Our world is near the climax of an historic convulsions," Kennedy said. He declared that U.S. aid will help determine whether large segments of the world chose "consent or coercion" as a way of life.

The presidential message launched the annual legislative battle over the politically unpopular aid bill.

A preliminary skirmish has already been set off by the recent report of the Clay committee, a group of 10 prominent citizens appointed by Kennedy to take a look at the aid program.

The Clay report said a "properly conceived and implemented" effort is essential to U.S. security-words which Kennedy quoted. But the group concluded the current program is a half-billion dollars too big. It passed no judgment on Kennedy's request for the next fiscal year.

Kennedy's new money request for the fiscal year starting next July is now $4,525,000,000, or $420 million below the $4,945,000,000 he called for in his fiscal 1964 budget submitted in January before he got the Clay report.

Officials figured actual spending for fiscal 1964 would probably drop less than 100 million dollars during the year as a result of the proposed savings because spending lags behind appropriations.

In the new money request, $1,405,000,000 would go for arms aid—a $75 million dollar reduction from the January figure — and $13,120,000,000 for economic assistance, a $345-million dollar cutback.

The president also requested abolition of the ban Congress included in last year's trade law against giving most-favored-nation tariff concessions to Communist Poland and Yugoslavia.

Kennedy's six key recommendations:

1. "To apply stricter standards of selectivity and self-help in aiding developing countries.
2. "To achieve a reduction and ultimate elimination of U.S. assistance by enabling nations to stand on their own as rapidly as possible.
3. "To secure the increased participation of other industrialized nations in sharing the cost of international development assistance.
4. "To lighten any adverse impact of the aid program on our own balance of payments and economy.
5. "To continue to assist in the refense of countries under threat of external and internal communist attack.
6. "To increase the role of urivate investment and other non-federal resources in assisting developing nations."

Guatemala Chief To Fight Communism 'To The Death'

GUATEMALA CITY, Guatemala (AP)—Vowing to fight communism "to the death," Guatemala's new dictator, Col. Enrique Peralta announced last night he will deport all Communists in the country and let no others enter.

The provisional president told a news conference Guatemala is calm following Sunday's military coup. But the defense Ministry charged Communist agitators are planning disorders.

Communist demonstrations were banned, but a mass rally was planned today to register public approval for Peralta, 54, an army officer and former diplomat who seized power with the avowed purpose of cracking down on Communist subversion.

Most political parties in this Central American nation approved the coup, although Miguel Ydigadoras Fuentes, the elected president it deposed, was a militant anti-Communist and a conservative.

Alberto Herrate Gonzalez, the new foreign minister, expressed hope for prompt recognition by all members of the Organization of American States.

The request presented a problem for the United States and those of Guatemala's anti-Communist allies in South America who feel freely elected governments are the best defense against communism.

In Washington, State Department press officer Lincoln White said the United States "is consulting with other countries in the hemisphere on the question of establishing relations with the new regime."

Meanwhile, the State Department urged the new regime to send a delegation to the Central American security conference scheduled to start tomorrow in Managua, Nicaragua.

Costa Rica and Venezuela announced they will not recognize the Peralta regime. Both countries also have refused to recognize governments set up by military coups in Argentina and Peru. Mexico recalled its ambassador for consultation.

In Managua Ydigoras, who at first declared the coup was good for Guatemala and the rest of Central America, charged that Peralta is allied with Red sympathizers.

Postage stamps were first used by the United States in 1847.

JFK Under Pressure To Bar Cuba Raiders

WASHINGTON (AP) — The Kennedy administration was under pressure today to deny re-entry to the United States of refugees who participate in hit-and-run raids on Cuba.

Sen. Wayne Morse (D-Ore.) said he was awaiting an answer from Atty. Gen. Robert F. Kennedy to a March 20 letter in which he proposed enforcement of Neutrality Act provisions against Americans and non-citizens taking part in expeditions to other countries.

Morse, who heads a Foreign Relations subcommittee on Latin America, denounced the raids yesterday as ineffective and dangerous.

Sen. John Sherman Cooper (R-Ky.) said he agrees that the United States cannot permit the exiles to dictate the course of U.S. policy. But he said that policy isn't firm enough.

"The best thing we could do to reduce provocations in the area is to make it clear that the Soviets must withdraw all of their troops from the area," he said.

No Giampoli Decision; Maybe Before Vote

Nick Giampoli tried without success last night to get a San Rafael City Council finding on whether his discharge from the police force was justified, but he may yet get it before next Monday's municipal election.

Two weeks ago, the council postponed action on Giampoli's appeal from his ouster until last night. But the item did not appear on the agenda for last night's meeting. Nevertheless, Giampoli was there, and had previously asked Mayor John F. McInnis to try to get a decision.

The mayor tried; but councilmen all agreed the case of the ousted lieutenant had been muddied rather than clarified by legal arguments in his behalf by San Francisco attorney William J. Murphy.

City Atty. A. E. Bagshaw insisted several times: "This council should not attempt to rule on the legalities involved. It is not the tribunal for that. It should rule on the merits of the discharge."

After considerable discussion, Councilman L. H. (Bud) Baar moved that a hearing be held, with Giampoli and Chief Charles J. Chiesa, who fired him, present—but with no attorneys. This passed 3 to 2, with Mayor McInnis and Councilman Charles W. Aby voting "no." The dissenters held there would be no point in further hearings.

Then, after more discussion, Giampoli agreed to file today a narrative reply to Chiesa's account of what transpired up to the firing last Dec. 12. The council will study that and may or may not call the two men in for a hearing afterward. Whether it will be done this week was left nebulous.

Giampoli is a candidate against Chiesa for police chief in next Monday's election. An interested spectator last night was a third police chief candidate, Vernon D. Thomas Jr. Chief Chiesa, who rarely misses a council meeting, was not there.

STORM JOB BIDS ARE CALLED FOR

Bids for a storm sewer on Grand Avenue were called last night by the San Rafael City Council, although a Bret Harte resident objected that the money should be spent on Mahon Creek diking instead.

After the council had voted unanimiously to open bids April 15 on the sewer project, to extend from Third and Union streets to Fourth and Grand, Melvin Geister of 444 DuBois Street arose to protest that "you went too fast" and to demand why the project was being financed out of general funds when Bret Harte sewer improvements were not.

BLACKMAIL CHARGE

"The city council has seen fit to blackmail us to the point that if we don't take that one-million-dollar drainage project, you won't do anything about Mahon Creek," declared Geister, referring to the Bret Harte Drainage Assessment District.

Councilmen Fred E. Jensen said he thought next fiscal year's budget should include funds for diking Mahon Creek where it overflows near the Northwestern Pacific Railroad.

Councilman L. H. (Bud) Baar said the council had expressed intention to proceed on Mahon Creek diking as soon as the State Division of Highways buys right-of-way for widening the freeway.

STANDS GROUND

Geister was insistent that the Grand Avenue project should be held up so the money could be spent in Bret Harte, but the council stood on its earlier action.

The San Rafael City Council last night also:

1. Granted Richfield Oil Co. a one-year lease extension on a portion of the city's Francisco Boulevard property at $200 a month, up $60 from the former rental.
2. Set for April 15 hearing on Louise V. Walsh's appeal of planning commission denial of a use permit for a real estate office in an apartment building at 1422 Lincoln Avenue.
3. Approved transfer to George Mountanos and Ronald E. Fine of a liquor license at 869 Fourth Street.
4. Granted the Montecito Merchants Assn. permission for a carnival on the Montecito Center parking lot on June 20, by 4-1 vote. Mayor John F. McInnis voted "no," saying, "I am not in sympathy with these sideshows in San Rafael." Steven Brauer of Goodman Builders Supply, president of the merchant group, asked how he could get the carnival permit fee paid. The council told him flatly, "You can't."
5. Put over to budget time Chief Building Inspector Andrew Thomas's request for an additional inspector.
6. Approved final maps of the seven-lot Madrona subdivision at Greenwood and Madrone avenues, and the 32-lot Terra Linda No. 19 subdivision.
7. Was told by Public Works Director Norris Rawles that he is part way through a rough draft of a proposed ordinance to place utility lines underground, beginning in the downtown district.

Fond Farewell For Bagshaw

The San Rafael City Council bid fond farewell last night to Albert E. Bagshaw, city attorney for seven years.

As the council meeting drew to a close at 11 p.m., Mayor John F. McInnis remarked:

"I think we all find a certain amount of regret that this is Mr. Bagshaw's last appearance here. It has been a most constructive association."

Responded Bagshaw, who will not seek another term in next Monday's election: "My respect for local government has increased many, many fold over what it was when I embarked on this job . . . I have always respected this council's sincerity and I certainly admire your devotion to your task."

Dance At Drake

"Spring Fever" will be the theme of a dance at Sir Francis Drake High School on April 19 from 9 p.m. to midnight in the girls' gymnasium. It is sponsored by Drake's Lettermen Club and dance committee.

No Blank Check For Architects

The San Rafael City Council is not about to hand a blank check, nor anything remotely resembling one, to architects for the new city hall.

Councilmen made that plain last night as they picked to pieces a proposed contract (a standard American Institute of Architects form) submitted by the three San Rafael firms engaged to jointly design the structure.

OBJECTIONS

They objected to (1) a loosely drawn section covering extras not provided for in the basic contract, (2) the price of three times cost for such extras, and (3) the absence of a maximum figure on construction.

Architect Carl F. Gromme, acting as spokesman for the group, said it was intended to stay within the figure set in the Ebasco Services report on city hall needs.

Then that figure $640,000 should be incorporated in the contract, the councilmen held.

"My experience is that most of the litigation growing out of architect's contracts . . . arises from the fact that the contract does not specify the exact number of feet and the total cost," put in City Atty. A. E. Bagshaw.

Upshot was that the council handed back the contract to be gone over and rewritten in consultation with Bagshaw and a representative of Ebasco Services.

Summer Rec In Ross Slated

Registration for the Ross summer recreation program will be taken on May 2 and 3 from 8:15 to 9 a.m. at the Ross School.

The program will include courses in art, creative writing, puppetry, dramatics, sewing, dressmaking, auto shop and typing. Tennis, swimming, diving and life saving will also be taught to children of grammar school age.

The program will be divided in two sessions spanning June 24 to July 31. Director of the program is Mrs. Charles F. Doyle of Ross. Sponsors are the Ross Parent-Teacher Assn., the Town of Ross, and the Ross School District.

San Rafael Artist Wins First Prize

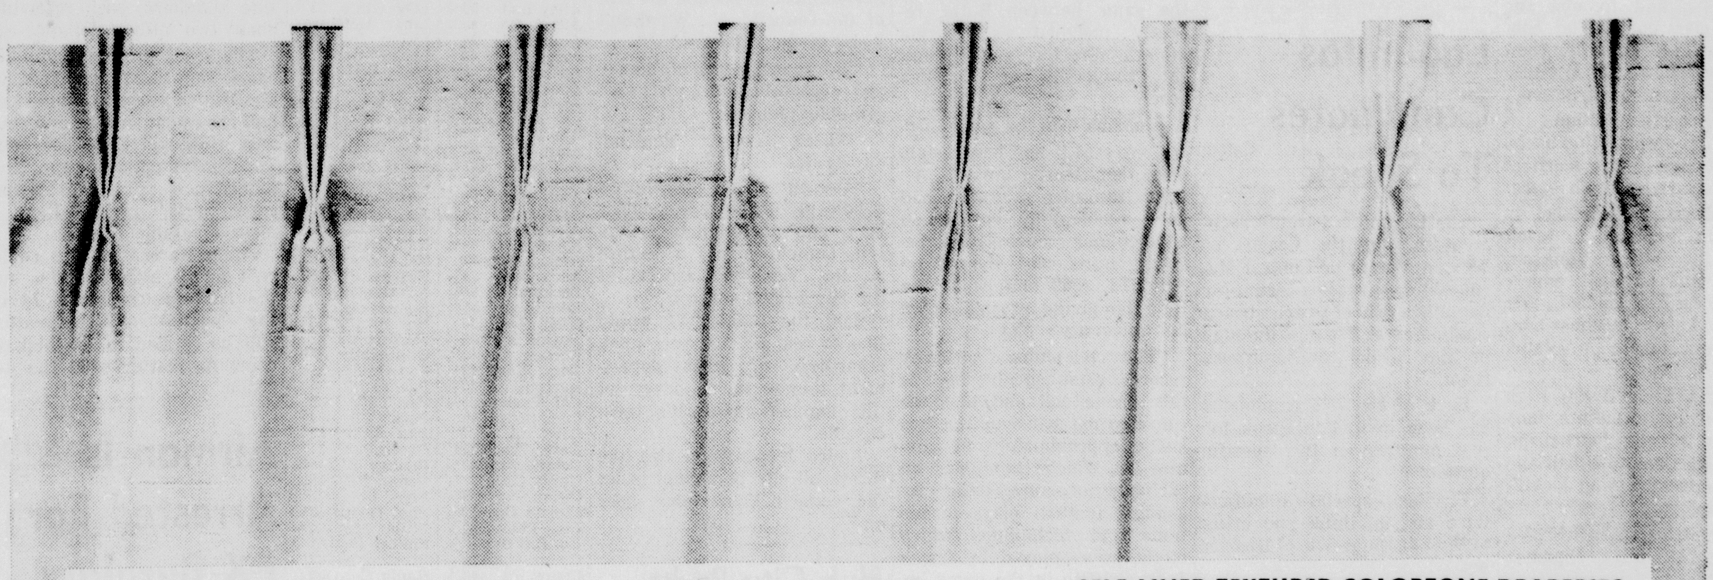

Robert Kosta, a San Rafael art student at Mexico City College, recently won a first prize in graphics and an honorable mention for drawing in the 14th annual college art exhibit at the Mexican-American Cultural Institute in Mexico City.

Kosta, son of Mr. and Mrs. Stanley Kosta of 14 Belloreid Avenue, entered four etchings, three drawings and one painting. A San Rafael High School graduate, he began his art work at the age of 8 in classes sponsored by the Marin Society of Artists. He studied two years at the California College of Arts and Crafts before entering Mexico City College last September.

Marinwood Fire Chief Dismissed—'Untenable Situation'

By ALTON S. BOCK

Marinwood fire chief John G. Unsworth was fired last night by unanimous vote of Marinwood Community Services District directors.

His dismissal was the result of what CSD Chairman Howard Council called "an untenable personnel situation." But Council added that the dismissal was decided on an "amicable hearing."

Unsworth, who talked with the CSD board for an hour and one-half in closed session before the firing was voted on, agreed with Council. He emphasized that the fire department is "definitely in good shape."

The brief CSD meeting was attended by 19 persons, mostly members of the Marinwood Assn. and the 21-man volunteer fire department.

"This is an unpleasant thing," said Director Glenn D. Tobias, "but it has come about because of a deep-seated and insoluble conflict. It does not mean the iminent collapse of the fire department. We have reviewed the case thoroughly and it is a personnel conflict."

Unsworth said "the situation had become unbearable." He said the "situation arose between me and the two hired men, and it takes away from my position and prestige. I have rules to operate under, and the men under me feel they do not have to follow my orders. It was a misunderstanding among all of us—the CSD board, the fire commission, and the personnel."

The dismissal of Unsworth a little more than a year after he was hired was recommended last Thursday by the fire commission. In January of 1962 the then fire chief, Donald G. Ray, quit in the middle of a stormy CSD meeting at which he was threatened with pay reduction and probation for alleged refusal to keep the fire department under tight administration.

Boyd F. Wells, Marinwood Assn. director, said: "Something should be salvagable, and why can't you reconsider this? Does it have to be this way?"

"Believe me, we've done everything," said Council.

Unsworth said he had been given the chance to resign and instead insisted that he be fired.

"I wanted it that way," he said.

He said he had recommended to the commission that the two paid firemen, Joseph D. Medley and James W. Cameron, be fired, but the commission refused—"and with good reason," he admitted.

Fire Commission Chairman James McElhattan said replacement of Unsworth would be considered at a future meeting. Unsworth will continue to serve as chief until May 1.

"I would like to find another job in Marin," he said. "I've been a fireman for 15 years, and that's all I know."

Kaiser Hall To Be Used For English

Kaiser Hall at Tamalpais High School will switch from rockets to reading.

Tamalpais Union High School District trustees last night approved working drawings for conversion of the hall from a science building to one for English classrooms. The conversion will be done after completion of a new science building, now under construction.

With trustee Edmund J. Thomas Jr. absent, the board approved hiring nine teachers for next school year. They are:

At Redwood High School — Mary Ann Donovan, to teach English; K. Sheila Johnson, English and physical education; Martha A. Orendorff, art; Albert E. Ragan, business education, and Louise M. Veite, English.

At Sir Francis Drake High School — Patricia Ruth Bagley, English and journalism; Richard De Conti, English and physical education, and Jack E. Smith, biology.

At Tamalpais High School—Fernando M. Silva, Spanish and French.

Leave of absence for next school year was granted Norman Goldstein, Drake science teacher, working on a national science foundation grant to devise new high school instruction methods in biological sciences.

The Tamalpais Union High School District board also authorized Supt. Chester G. Carlisle to apply for national defense act matching funds to buy language laboratory materials for the district's three high schools and build an electronics laboratory at Tamalpais High.

Tiburon Fire Unit Votes 3 Hydrants

The Tiburon Fire Protection District Commission last night voted to purchase three steamer type fire hydrants for installation along Tiburon Boulevard. According to Fred C. Hannahs, secretary, this type of hydrant produces a higher flow of water.

(The area in which the hydrants are to be installed are within the limits of the parcel which Fred G. Zelinsky proposed that Belvedere annex at last night's Belvedere City Council meeting.)

The commission requested Chief Frank J. Buscher to prepare specifications by the April 17 meeting on a new 1,000-gallon pumper.

Lectures Set On Communism

The first of a series of five lectures on "Communism in Practice" will be at 8 o'clock tonight at the Dominican Priory, 217 Laurel Grove Avenue, Kentfield.

The series, sponsored by the Dominican Fathers of Kentfield, will be given by Rev. Nicholas Kurguz, O.P., a native of Russia and a student of Russian history. He received a master's degree from Dominican College and is a candidate for a doctorate at Stanford University.

His first lecture is entitled, "Karl Marx, Father of Communism." Other lectures will be given April 23 and 30 and May 7 and 14.

Hearing Continued On Liquor Charge

A continued hearing by the Department of Alcoholic Beverage Control of charges that Al's Liquor Store, 5939 Redwood Highway, Ignacio, sold liquor to minors, has been taken off the department's calendar.

The hearing on the license held by owners K. Darroll Ashpole and Edrick W. Noon had been set for April 10 at the Labor Temple in San Rafael.

'Unethical, Unsportsmanlike' Findings In Football Probe

ATLANTA (AP) — Atty. Gen. Eugene Cook reported to Gov. Wallace Butts gave advance information to Paul Byrant on last September's Georgia-Alabama football game which was "unethical, improper and unsportsmanlike."

"The furnishing of such information might well have vitally affected the outcome of the game in points and the margin of victory," Cook said in a summation of his findings after a two week investigation.

Sanders ordered the investigation after the Saturday Evening Post charged in its March 23 issue that there was collusion to affect the outcome of the game between Butts, recently resigned as Georgia athletic director, and Byrant, the University of Alabama coach.

Alabama won the game 35-0.

Cook said it had been establishd that George Burnett, Atlanta insurance salesman, had been accidentally cut in on a telephone conversation between Butts and Byrant on Sept. 13, 1962 and heard the Georgian giving information on his university's plays.

"The telephone company records establish the fact of this phone call and that the conversation between the two lasted approximately 16 minutes, in which there was an exchange of conversation regarding football plays formations and techniques which might be employed by Coach John Griffith in the game between Georgia and Alabama on Sept. 22."

Cook said the evidence clearly indicates that the conversation was not "casual and general football conversation."

Lagunitas Candidates To Speak

The Lagunitas Parent-Teacher Assn. and the League of Women Voters of Central Marin will co-sponsor a forum for Lagunitas School District board candidates at 8 p.m. Thursday in the school multi-purpose room.

Each of the five candidates has been invited to speak for five minutes on two specific questions:

1. What special qualifications do you think you bring to the Lagunitas School District board?

2. What changes in school board policy would you like to see in order to support your philosophy of education?

A 30-minute session will follow the speeches.

Incumbent board members will explain the request for tax increase authorization which also will be on the ballot.

Candidates are incumbent Leslie C. Stone, Joseph Furdas, Mrs. Lorraine Dudley, Mrs. Georgette Vilas, and Mrs. Charlene Sutton.

Sunday Closing Law Is Opposed

The Novato Chamber of Commerce board last night voted to go on record as opposing the proposed California Sunday closing law.

Edmund Grundstrom Jr., chairman of the legislative committee, recommended that the board oppose the measure, which is Senate Bill 845.

The retail merchants committee held a special meeting on the proposed law and recommended that the entire chamber board oppose it, reported Richard Greenberg, chairman.

The motion to oppose passed by vote of 12 to 2, with chamber president Wayne Womack and Gordon Adams of the Novato Advance voting against it.

Mail Stolen, Found On Merrydale Road

Two envelopes, one containing a $38 government check were stolen from apartment mail boxes on Merrydale Road north of San Rafael but discarded in a laundry room, sheriff's deputies reported today.

Lois Marie Butler, manager of the apartment at 238 Merrydale Road, reported the mail tampering last night. She said one of her tenants found the two pieces of mail behind a washer-drier in the laundry room.

Novato Horse Group Will Play Sunday

The Novato 4-H Colts and Fillies, formerly the Novato 4-H Light Horse Group, will hold a playday Sunday at the Pacheco Ranch at 1695 Indian Valley Road.

Trophies will be awarded to the top three places with a ribbon going to fourth place, in both the junior and senior classes.

Burglar Breaks Into Gas Station

A burglar broke into the Union Oil Station near H. Koch and Sons Inc. at Corte Madera wye sometime last night but apparently took nothing but two keys to the cash box.

Owner Frank L. Knouse of 122 Birch Street, Corte Madera, discovered the break-in and notified the sheriff at 7:25 a.m.

Deputy Sheriff Boyd Burnham said the thief had climbed trash cans to the rear of the station to break a window for entry. The cash box and desk drawers had been opened, but nothing of value appears to be missing.

Four Ballet Pupils Pass Dance Tests

Four ballet pupils of Mrs. Cecile Preble of San Anselmo recently passed achievement examinations administered in Oakland by a representative of the Royal Academy of Dancing of London, England.

Mrs. Preble said this is the first time Marin ballet pupils have passed the tests, which are administered all over the world once a year.

Donna Lambke, 9, of Terra Linda received commendation on her certificate. The other three pupils were Karen Schmidt, 9, of Los Ranchitos; Jacqueline Evanikoff, 9, of Sleepy Hollow, and Venette Allen, 10, of Marinwood.

Fort Baker Soldier Hurt In Auto Crash

Army Sp/5 Alexander Disberry, 22, of Fort Baker suffered multiple but minor injuries yesterday when his car ran off Panoramic Highway three miles east of Stinson Beach, the California Highway Patrol said.

Disberry's westbound car skidded 120 feet, left the road and landed in a creek bed 90 feet off the road. He was treated at Marin General Hospital for head injuries, face and leg bruises and abrasions.

quoted prices to two repair contractors for removing the pumps for repair, "but nothing was done."

"That's a new one on me," said Rawles.

"Our policy has been to inspect well before the storm season," said Mayor McInnis. "Apparently this was not done. It is a source of extreme embarrassment to me and the rest of the council. . . . We didn't know of the situation."

"We spend a lot of money and everything's haywire," grumbled Jensen.

"What's haywire," demanded Rawles.

"The pumps are out, there's a hole in the pipe, the debris isn't removed," shot back Jensen, launching into a lecture on the "haywire" aspects of the city's flood control.

Said the mayor: "I would like to ask all city personnel, regardless of what department they're in, to never let this happen again. It's inexcusable."

Added Jensen: "I'd also like to ask all city personnel to let the council know what goes on."

Hub City Parks Group Approves Tentative Budget

The San Anselmo Recreation and Parks Commission last night approved a tentative budget for 1963-1964 but the total budget figure was not available today because individual items have not yet been added up, according to chairman Dwight Nelson.

The budget calls for an expanded after-school and vacation recreation program for Yolandsdale School and the drawing up of a recreation master plan for the Sorich Ranch property at the end of San Francisco Boulevard.

Uses proposed for the property include a .22 caliber rifle and pistol range, day camp facilities and a natural area with barbecue pits, according to Nelson.

The commission last night decided also to study the need of tot lots in various locations in the city. The budget is expected to be totaled up by the April meeting of the commission.

Vandals Hit Homes Under Construction

Vandals scattered powdered cement on floors and damaged trimmings at two homes under construction at 342 and 352 Pinehill Road in Tamalpais Valley, foreman Harry Chapman of Marin Home and Investment, told Deputy Sheriff William N. McKillop yesterday. Chapman said it would cost $150 to $200 to repair the damages.

Chapman complained that this type of malicious mischief has been going on ever since construction began on the homes.

Handicapped Children Films To Be Shown

The first of a series of nine movies on the training of hearing handicapped children will be shown for the Marin County Parents of Hearing Handicapped Inc. at a meeting at 8 p.m. tomorrow at the Marindale School, 1501 Los Ovejas Avenue, Terra Linda.

The films are accompanied by tape recordings and will be followed by group discussions.

STOCKS TODAY

NEW YORK (AP) — The stock market closed mixed today in a final wave of heavy trading.

An early rally continued yesterday's advance and the market was close to reaching the mid-February recovery highs. Some mild profit taking was already setting in when news came that steel companies had been indicted on price-fixing charges.

Volume for the day was estimated at 4.4 million shares compared with 3.98 million yesterday.

Soldier's Change In Plea Is Continued

An expected change of plea by Army Sgt. Ruben E. Rudolph, accused of strangling him German wife and dumping her body beside a road in Fort Barry last May, was continued until next Tuesday in San Francisco Superior Court.

The continuance today was at the request of the 35-year-old Presidio soldier's attorney, George T. Davis. Rudolph had been expected to switch from an innocent to a guilty plea in Judge Francis McCarty's court.

Nickel. They are Mrs. Wallace Mein of Woodside, George W. Nickel Jr. of San Francisco and Mrs. Lombardi, who is legal secretary for San Francisco attorney James Martin MacInnis.

A fourth member of the Nickel family, John Beverly Nickel, was killed in a plane crash in 1954. His two children, Nina, 12, and Jack, 8, are to divide his share, each receiving about two million dollars.

The legal dispute arose because the three children of Mrs. Morse say they should get half the estate and the descendants of Nickel the other half. The Nickel children want the inheritance split into seven equal parts, giving them a more favorable formula.

Judge Karesh said he would rule on the matter May 6, but the lawyers (there are 13 in the dispute) said the matter will be carried to the highest court no matter what the decision.

Airman Is Arrested For PX Burglary

A second suspect has been arrested in the $800 burglary of the Hamilton Air Force Base Post Exchange last Oct. 4, Special Agent Frank L. Price of the Federal Bureau of Investigation disclosed today.

The suspect is Robert Richard Jones, 19, an airman at Hamilton who had been sent to England for overseas duty. He was returned to San Francisco by the Air Force and was arraigned today before the United States commissioner there.

Jones's suspected accomplice, Mitchell Evan Spangler, 20, who was discharged from Hamilton on Jan. 8, was arrested by the FBI last week when he visited a friend in San Rafael.

The two are accused of breaking into the Hamilton PX and stealing $800 worth of movie and camera equipment.

FBI agents said they will seek an indictment against the two men before the federal grand jury tomorrow.

Jones, whose home town is Concord, is on three years probation for attempted burglary of La Petite Auberge restaurant in San Rafael in December of 1961.

Woman Is Treated For Drinking Poison

Ann Marie Langley, 34, of the Carmel Hotel, 830 B Street, San Rafael, was in satisfactory condition today at San Rafael General Hospital after being treated for drinking a poison and tranquilizers.

Mrs. Geraldine A. Nardi, a bartender at the Mission Inn at 720 B Street, told police Mrs. Langley added some poison and tranquilizer pills to a screwdriver which was served her at the bar about 3 p.m. yesterday.

Lynwood Meeting

The Lynwood Park Improvement Assn., originally scheduled to meet last night, postponed its meeting until 8 o'clock tonight in the Lynwood School because of the San Jose Elementary School District community forum meeting last night.

Split Tiburon School Site Gets Approval

A school site split by the Northwestern Pacific Railroad tracks in Tiburon was approved yesterday by the Marin County Planning Commission.

Principal Planner David Van Pelt told the commission that the Reed Union School District had selected three potential sites for a junior high school near the railroad tunnel at Blackfield Road in Tiburon.

"The site on both sides of the tracks is the one that would be less likely to require extensive grading," said Van Pelt. "It is the one preferred by the district, although they want to offer the other two for possible state approval in case the State Division of Architecure doesn't approve the first."

elementary school sites in the Bel Marin Keys development, said the district could take certification of the builders to Sacramento for proof of the need of a school.

"This is a common practice down south," he said. "We give certification of the number of houses to be built in an area and then the state moves faster in allowing the school district money for sites and buildings."

The only static area for the district is Hamilton Air Force Base. Lt. Col. Clifford F. Baxter, base executive officer, reported. "If one outfit moves out, we have others that want in."

School Pay Hikes Set In Mill Valley

Mill Valley School District trustees last night approved salary increased of $1,000 per year for Logan T. Miles and Leo B. Edson, assistant superintendents, and of $750 per year for Supt. G. R. McConnell.

The assistant superintendents' salaries will go from $16,000 to $16,750.

Also approved was the establishment of $25 per day salary for long-term substitute teachers. At present the teachers' salaries vary from $22 to $27 per day based on training and experience.

Boy In Molest Case Made Ward Of Court

A 16-year-old Sausailto boy who allegedly molested a 6-year-old girl in Bonita Street Feb. 14 has been made a ward of the court, Walter H. Busher, probation officer, said today. He was released to his parents and is to continue receiving psychiatric treatment under supervision of a probation officer, Busher added.

The youth was reported to have molested the girl in a washroom of a private home. He was charged with statutory rape.

SUCH A PLEASANT KILLING!

Dan Smith as the police chief is all smiles as he "investigates a murder" in "Amelia Goes to the Ball," to be presented Thursday and Friday at 8:30 p.m. by Tamalpais High School students in the school's Ruby Scott Auditorium. Hap Smith (next to the chief) is more businesslike as he takes notes, while Jim Carstarphen (at right) looks with disdain at the "corpse" (Terry McCue). Jan McCready as Amelia tries to explain it all away — the corpse being her husband.

No Marin City Depot For Year

Marin City will be without a Western Greyhound Lines ticket agency for at least a year after the present depot is closed April 30, Marin County Redevelopment Agency commissioners learned yesterday.

Bert Klahn, executive director, said moving the ramshackle depot and cafe building would be "unwarranted" and that Greyhound has given 30 days notice to tenants.

Greyhound intends to sell tickets on the bus on the Donohue Avenue loop, Klahn reported. There will be no ticket agency until such time as someone in the commercial area, to be built in about a year, requests to take over the agency.

Klahn said there is no need for northbound passengers to board near Juanita's Galley as had been contemplated by the commission March 4.

The commission decided to build an open, three-sided $225 shelter on Donohue Avenue to get riders out of the rain.

Commissioners also agreed to putting in a hand rail for elderly people going through filled area between Donohue and the depot until the depot closes. This was decided after pleas from Mrs. Earl James, who said, "I am not a gazelle."

"Can you tell us anything regarding a central (bus) terminus here in Marin City?" Chairman Alton Lerch asked Richard M. Smith, director of Marin Transit Authority.

Smith answered that his firm will ask for a certificate Friday to operate buses "up 101 to Loma Verde and to serve Sir Francis Drake Boulevard to San Anselmo, Ross, Kentfield and Greenbrae." No additional routes are contemplated into the southern end of the county as yet, said Smith.

"We're waiting on more information. We have been approached by Harbor Tug and Barge Co. in San Francisco on bringing commuters to the ferry in Tiburon to alleviate San Francisco commuter problems.

We also talked to people on the Golden Gate Bridge Authority who are contemplating starting bus service. It's somewhat mumbo - jumbo right now," Smith said.

Asked by Lerch if his firm were replacing Greyhound routes, Smith replied, "No . . . we're going into Lucas Valley, Marinwood, Hamilton Air Force Base and into the tracts."

Hardy Westmore Sr. told the commission he has a petition protesting closing the depot with "roughly 700 signatures" which he asked to be made part of the record.

The commission also heard an opinion from its counsel, Leland H. Jordan, that the agency has discharged its legal duty if it has made reasonable attempts to get housing for relocatees. It heard that eight of the "pole houses" are complete and ready for occupancy.

New Directories Sent To Novato Telephone Users

New telephone directories for the Novato area were being sent out yesterday and today by the Western California Telephone Co.

This year's directory has one of the last pictures taken of the Freitas C Ranch before the San Marin subdivision work began. It shows the rural dairy ranch which is now being replaced by a 4,200 home subdivision.

The white phone listing portion of the directory is larger than last year, said Ross Wright, local manager. It has 176 pages, 16 more pages of listings than before, Wright said.

There are 119 pages of advertising in the yellow pages compared to 114 last year in the Novato directory, he said.

The phone company has more than 500 more Novato listings this year than last, he said.

2 In Drake Musical 'Turn Pro'

Sir Francis Drake High School can boast two professionals in the cast of its musical, "Bye, Bye, Birdie."

They got that way after the show started its run, which will conclude with performances Friday and Saturday at 8 p.m. in the high school's little theater.

Suzanne (Stevi) Berry, 17, who has a singing lead in the school production, and Paula Jean Jacobson, 15, a dancer, have won parts in the professional production of the same show to open April 9 at the Sheraton-Palace theater in San Francisco with Van Johnson as the star.

Seventeen of the Drake High cast decided to "turn pro" and tried out for parts in the San Francisco show, which is being produced by Russell Lewis and Howard Young.

Miss Berry, daughter of Mrs. Robert Freeman Jr. of 57 Willow Avenue, Fairfax, and Paula, daughter of Mrs. Patricia Jacobson of 330 Bolinas Road, Fairfax, made it.

One question remained unresolved today: whether they'll be able to attend rehearsals without cutting classes.

Artists To Auction Works For Fund

Hundreds of paintings, pieces of sculpture, jewelry, weaving and craft work donated by members of the Marin Society of Artists will be auctioned Sunday at the Marin Art and Garden Center to raise funds for the society's fine arts award fund and building fund.

Les Crane, KGO radio and television personality and a resident of Marin County, will be the auctioneer in verbal bidding. Prior to this, from 2 to 3:30 p.m., "silent bids" will be submitted by prospective buyers who will write their names and bids on numbered slips of paper placed with each piece of art.

BELVEDERE CHURCH SCHOOL PROTESTED

Backed by a petition bearing 119 signatures, Herbert H. Scheier of 16 Golden Gate Avenue, Belvedere, appealed at the Belvedere City Council meeting last night to protest the establishment of a day school by St. Stephen's Church.

The church had announced plans to open the primary nongraded school in September in the church's classroom.

Scheier maintained it would be in violation of single family residential zoning. If it were permitted, residents would lose confidence in the city ordinances, he declared.

"A precedent would be established," he claimed, "and we may have a music school on Peninsula Road, a areal estate or Secretarial school on San Rafael Avenue, or a swimming and boating school on the lagoon."

He reminded the councilmen that many large, older Belvedere homes, including the Coffitt Mansion, would make ideal schools.

Scheier warned that time was of the essence as the church has scheduled a public meeting April 23 to discuss methods and curriculum and has put out calls for both teachers and pupils.

Mayor Robert P. Watkins replied, "We are with you in supporting regulations and if there is a violation, responsible members of the church should be warned."

He instructed City Atty. William MacKay to meet with James Michael, whose wife is chairman of the board of the new school and who, reportedly, has written an opinion that establishing the school is legal.

Summer Workshops

Three summer workshops for teachers of the Tamalpais Union High School District are planned this year, Supt. Chester G. Carlisle announced today.

They will be in science, on "slow learner" instruction, and in business education. Workshops will be held July 29 to Aug. 23, 8 a.m. to noon, probably at Redwood High School. Participating teachers will be paid $5.50 per hour.

Hospital Plan Gets Approval

The Marin County Board of Appeals last night made an exception to a technicality, approving Timothy Egan's plan to build a technical second story into an addition to the Rafael Convalescent Hospital in Santa Venetia.

Egan plans to put living quarters for employees in the lower level of one wing, but the county building code allows only single-story construction for wood frame hospitals. The appeal board ruled that the safety of occupants was adequate, since the building will be built on a side hill and the upper story exits will all be at ground level.

The board decided there was nothing it could do about a section of the building orinance requiring fire retardant treatment of Philippine mahogany used for interior finish. San Rafael contractor Charles Hendrickson protested the provision.

The board appointed member Fred Woodhall, an electrician, ot study with electrical contractors the 1962 National Electrical Code with a view to adopting it as the county's code.

Marinites Witnessed Bali Eruption, Deaths

Several Marin County residents were eye witnesses to the destructive force of Mount Agung, Bali's sacred mountain, which erupted two weeks ago causing deaths estimated from 1,500 to 11,000.

All were attending a conference in Djakarta, Indonesia, of the Pacific Area Travel Assn., an organization formed to promote travel in the Pacific.

Sam Mercer of Tiburon, assistant vice president of American President Lines, reported that he, Huntley Bennett of Ross, who is with Johnson Lewis Advertising Agency, and several other men were in Bali just before the conference started.

The Balinese had just started the festival of purification, which is celebrated every 100 years, when the volcano exploded. The island was decorated with bamboo and flowers to welcome the Hindu gods to the island.

It had also been 100 years since Agung erupted.

"The Balinese are now convinced the gods come to the island," Mercer added,

He said the rumble of the volcano could be heard in Denpasar, 60 kilometers away. An attempt was made by the visitors to leave the island in a DC-3, but at 1 p.m. it was so black they could not see the wing tips. The pilot turned back. Twenty-four hours later they were able to catch a jet plane en route from Macassar to take them to Djakarta. However, they missed the opening session of the conference.

Later in the week Barnwell Fanning of Tiburon, vice president of the Cartan Travel Agency of San Francisco, went into Bali. He could not estimate the casualties but said that as this was a sacred mountains, the natives headed toward the temples at the mountain instead of away to safety and were trapped. Many others went back for livestock and possessions or to search for relatives.

Fanning flew close to the erupting volcano. He said smoke and debris were rising four miles into the air.

So obvious was the destitution that delegates to the conference personally contributed $1,000 on the spot for relief work.

Also attending the conference from Tiburon was Douglas Jenkins, account executive with Campbell-Ewald Co. of San Francisco.

McCarthy Will Reject Braden

SACRAMENTO (AP) — Despite the opposition of two leading Republican senators, Brown administration forces appeared confident today that the Senate will confirm reappointment of Thomas W. Braden to the State Board of Education.

The vote was set as a special order of business for tomorrow afternoon. Confirmation requires the assent of at least 27 of the 40 senators. The Senate is 27-13 Democratic.

Senate minority leader John F. McCarthy (R-San Rafael) and John A. Murdy Jr. (R-Santa Ana) said yesterday that they will vote against Braden.

Both, however, joined three Democrats on the Rules Committee in sending Braden's nomination to the floor with a recommendation that it be approved.

Sen. Hugh M. Burns (D-Fresno), chairman of the Rules Committee and president pro tem of the Senate, in announcing the unanimous vote said that Braden's opponents "just did not make a case."

McCarthy and Murdy had slightly different explanations of why they voted for Braden in committee, but intend to vote against him on the floor.

McCarthy, who is unofficial Republican leader, said he just wanted to get the issue before the full Senate.

Murdy said he went along with the committee Democrats because he did not believe it should be presented to the Senate as a partisan issue.

Leader of the opposition to Braden is Sen. Jack Schrade (R-Del Mar) who says he has the votes to block the appointment. Braden, 45, publishes a newspaper in Oceanside, which is in Schrade's district. The newspaper endorsed Schrade's opponent last November.

Schrade said that's not the reason he opposes Braden. He charged the publisher with injecting partisanship into education by endorsing Ralph Richardson for superintendent of public instruction.

McCarthy said he will vote against Braden because he had publicly involved himself in partisan elections—by endorsing Richardson, and by injecting himself into the Brown-Nix on gubernatorial contest "on a level which I consider below the belt."

This apparently referred to a question which Braden asked Nixon during a pre-election televised appearance with Brown before a group of newspaper editors. The question, which concerned the Hughes loan, was ruled out of order by the moderator, but Nixon answered it.

McCarthy said confirmation of Braden would set a precedent "for every board and commission of state government to publicly involve themselves in non-partisan elections."

Assembly Committee Kills Rafferty Textbook Plan

SACRAMENTO (AP)—"Multiple adoption" of elementary school textbooks, backed by Max Rafferty but opposed by Gov. Edmund G. Brown and the State Board of Education, has been defeated in the Assembly.

The Assembly Education Committee refused yesterday to send the constitutional amendment by Assemblyman Gordon H. Winton Jr. (D-Merced) to the Assembly floor.

The vote was 9-7 for the proposal, but 11 votes were necessary. All seven no votes were Democrats. Only two Democrats—Winton and Carley V. Porter of Compton—voted for it.

The proposal would have required a two-thirds majority in the legislature and a majority vote by the people at the 1963 election.

It would have changed the present textbook adoption procedure, put in the constitution in 1884.

The State Board of Education now adopts "uniform" texts in each required subject, which must be used by all elementary schools in the state.

The board may—and has on one occasion—adopt two books on one subject, with instructions that each book be issued to every other child.

In addition the board may, and does, adopt supplementary books to be distributed one to every four,five, or ten pupils.

Winton said his proposal would provide even more flexibility. Under it the state board would adopt a list of approved texts in each subject — although a "list" could consist of one book.

Each child would still get one free basic text, paid for by the state.

But the book would be chosen from the state-approved list by local school authorities —the district board in the case of large districts, and the county board in the case of the small districts.

The local authorities would be able to choose any number of any of the books on the state list, so long as their total order equalled their total number of students.

Rafferty says this would allow local authorities to fit the textbooks to the ability of their students—ordering different books for the slow, medium and fast learners.

Opponens said it would cost more, because the state would lose quantity discounts; and would subject local school boards to pressures from publishers and militant organizations.

Rattigan Believes Sunday Closing Opposition Is Mainly Religious

SACRAMENTO (CNS)—Sen. Joseph A. Rattigan (D-Santa Rosa) author of a "Sunday closing" bill in the legislature, said he believes opposition to the measure is almost entirely based on religious motivations.

The measure is scheduled for its first hearing before the senate committee on business and professions April 29.

Generally, it would outlaw the sale of all hard goods on Sundays in any urban area—the latter applying to any county with 175,000 population or more, or within 10 miles of a city of 5,000 or more or in the city.

Rattigan said his impression is that, including opposition because of religious motivation, he has received more mail opposing the bill than favoring it.

"However, excluding the religiously motivated letters, the letters are overwhelmingly in support of the bill," Rattigan said. "I can't identify any substantial opposition to the bill that is not motivated by religious convictions."

Rattigan said he had received many letters from ministers of identified denominations.

"As to many other letters in opposition, it is only an assumption that they are written because of religion," he said. "But it is a fairly reliable assumption as the letters all arrive at once and from a given place."

GOP Rips Two CDC Resolutions

SACRAMENTO (AP) — Democratic assemblymen retreated behind a "no comment" wall today in the feud between Speaker Jesse M. Unruh and the California Democratic Council.

Republicans quickly jumped on what they termed left-wing positions taken by the Democratic club organization at its Bakersfield convention last week.

Senate Minority Leader John F. McCarthy (R-San Rafael) demanded that Gov. Edmund G. Brown repudiate two resolutions he disavowed in the 1962 campaign.

The resolutions called for abolition of the House Committee on Un-American Activities and repeal of the present state loyalty oath in favor of a "positive oath of allegiance."

"While Brown spends considerable time preaching to the Republican Party about right-wing anti - Communist programs," said McCarthy, "he forgets that elements in his own house present a far greater threat to American freedom and principles."

Defending the CDC resolutions, Sen. Albert S. Rodda (D-Sacramento) described them as "liberal and well-balanced."

Unruh continued his silence on the CDC rebuke to "machine politics" directed at his campaign fund-raising and other activities. Most Democrats followed his example in publicly ignoring the convention hullaballoo.

Senate Majority Leader Hugh M. Burns (D-Fresno) sided with Unruh to the extent of saying the party's actions should be built around the elective offices. The CDC feels it should be built around party volunteers.

"The CDC isn't responsible to the rank and file on whose behalf it speaks," Burns told a reporter. He said the left-wing is "clearly influential" in the organization.

NEW CONSTITUTION VOTED IN MICHIGAN

DETROIT (AP) — Michigan voters adopted a new state constitution yesterday in a spring election that enhanced Gov George Romney's political prestige.

With virtually all 5,209 precincts reporting, the winning margin was about 9,000 votes.

Romney, whose election last fall ended 14 years of Democratic rule, campaigned for adoption of the revised document as strenuously and frequently as he could.

Romney was accused of backing a document Democrats said would give the GOP permanent control of the legislature and one-party government.

"I don't think people recognize generally what a mess this executive structure is," Romney told reporters. "After all, there are 120 to 125 agencies that I'm supposed to keep in touch with personally."

Under the new constitution, the state agencies will be concentrated into 20 major departments.

Other changes would lengthen the term of the governorship from two years to four; reapportion the state Senate on a formula based 80 per cent on population and 20 per cent on area; establish a court of appeals under the Supreme Court; eliminate the office of justice of the peace; bar a graduated income tax and establish the nation's first constitutional Civil Rights Commission.

Council Accepts Clerk Resignation

The Corte Madera Town Council last night accepted with regret the resignation, effective June 1, of Town Clerk Naydeeen Tuttle.

Mrs. Tuttle, who had served since September, 1958, also resigned as senior clerk. She said she wishes to devote her full time to her home.

After the meeting Town Mgr. Arthur H. Brandow said specifications for a successor would be prepared today and be available at the town hall.

The new clerk must live in Corte Madera and have two years of college or buiness college education and one year of experience as an office manager or senior clerk, and be adept at shorthand and typing.

The council voted to conduct a review of town employees' at an adjourned meeting at 7:30 p.m. April 18.

It voted 4-0, Councilman Norman R. Barnett absent, authorizing Brandow to ask the Corte Madera Sanitary District board whether it wishes space in the firehouse when it is remodeled.

The firehouse is to be remodeled after a public safety building is erected on Pixley Avenue. The old building would still contain the town meeting hall and the sanitary district board would be able to use this for meetings, Mayor Edward W. Colthurst said.

The Corte Madera Town Council Also:

1. Continued to April 15 discussion on efforts to purchase land of Mr. and Mrs. William H. Wilkinson, 2 Harbor Drive, and Mr. and Mrs. David E. Swanson, 4 Echo Avenue, for improvement of Paradise Drive.

2. Continued to April 15 discussion on clearing grass and tree cuttings from land owned by Ralph E. Tobener at Lakeside Drive and hCeyenne Way. Brandow said Tobener had removed old lumber and neighbors apparently had dumped the other debris.

3. Put over to May 6 a report by Councilman Charles F. Pendleton on the search for a disaster committee director.

4. Received a report from Brandow that plans for tennis courts in the town park will be drawn in about two weeks; authorized Brandow to have the park's ball field designed so it may be used either by the Little League or by softball teams.

5. Authorized payment by the town of half the $5.80 per month per member cost of the town employees' new health insurance plan; this overruled a request by the employees that the town pay at least $4.04 as it had been doing when employees used a plan costing $8.07.

6. Granted approval for Policeman Fred Talmadge to attend a five-week training course at Diablo Valley Junior College, Concord, on Chief Frank L. Nelson's assurance that no extra policemen would be hired in the period.

Ponding Area Sought In Corte Madera

The Corte Madera Town Council last night took under advisement an offer by an owner of marshland east of Hiway 101 to pay for land further east to provide a ponding area.

Vernon Humber spoke as representative of himself and three others owning 90 acres west of the Northwestern Pacific Railroad tracks. He objected to town terms for grading and drainage, saying they would require nine and one-half acres for ponding and drainage via San Clemente Creek into the bay.

Humber proposed the ponding be on less than half the proposed acreage and be on land other than his. He said if the town would acquire four acres east of the tracks from Dominic Muzzi, he and his associates would pay the costs.

The council took the offer under advisement until April 15, when it will resume discussion of a proposed grading and drainage ordinance.

Named Alternate For Scholarship

Patricia J. Miller, senior at Sir Francis Drake High School in San Anselmo, has been named second alternate in the annual $400 4-H Club scholarship awarded by the bay area district of the California Bankers' Assn., according to Peter Ferrarese, Novato banker.

Miss Miller won the award for her work in the Ross Valley 4-H Club. She has had seven years of food projects, five years of clothing projects, four years of home furnishing projects, and three years as a junior leader. Mrs. Helen Youngclaus of 10 Court Lane, Fairfax, is her club leader.

Patricia is a daughter of Mr. and Mrs. Dan Miller of 29 Valley Road, San Anselmo.

Two Typhoid Fever Outbreaks Reported

SACRAMENTO (CNS)—Two separate family outbreaks of typhoid fever were reported in a rural county in the central valley between late December and the end of January of 1963, the state department of public health reported.

The department said six cases occurred in one family where the source was believed to be the carrier father and two cases occurred in the second family where the mother was found to be the chronic carrier.

Sheetrock Is Stolen

Theft of 78 sheets of eight by four-inch sheetrock, valued at $195, over a three week period from homes under construction in Terra Linda at Lenglen Avenue and Carroll Court was reported to San Rafael police yesterday by Edward Winsett of Napa, construction foreman.

"Old at 40, 50, 60?" Man, Get Wise! Pep Up

Thousands are peppy at 70! So, if you feel weak, low in energy, "old" at 40, 50 or 60, quit blaming it on age. If you want to feel younger, try Ostrex Tonic Tablets at once. Also for debility due to rundown body's lack of iron, the "below-par" feelings you may call "being old". Puts pep in both sexes. Try Ostrex—feel peppy, younger. 8-day "get-acquainted" size costs little. All druggists.

Developers Seeking District

An assessment district to provide public improvements for 28 newly subdivided lots was asked of the Corte Madera Town Council last night by developers George Roemer and Jack Estes.

The two said they represented 11 owners of the property, which is now in 46 small lots but would be resubdivided into 28 lots of not less than 10,000 square feet.

The area is the Madera Park tract on the hill south of Tamalpais Drive. Sausalito Street would be its main artery.

Estes estimated the district would cost about $250,000. He and Roemer asked that the town set it up under the 1915 public improvement act, under which the town guarantees the bonds.

Town Mgr. Arthur H. Brandow said the 1915 act has never been used in Corte Madera. The town's assessment districts, he said, have all been under the 1911 act, in which the contractor guarantees the bonds.

The council postponed decision to April 15.

Reed Candidate Night At 8 P.M.

A "candidates night" will be sponsored by the Reed District Parent-Teacher Club at 8 p.m. today in the Reed School auditorium.

Candidates to fill two positions on the Reed board, two vacancies on the Tamalpais Union High School District board, and one on the Marin County Board of Education will appear, said Mrs. Peter Macgowan, chairman.

They are: Reed: David D. Ring, Marilyn Steinau, Leonard M. Sperry Jr., Fred C. Hannahs and K. L. (Jim) Rice; Tamalpais: Dr. John C. Siemens, Dr. J. M. Stubblebine, and W. G. Woodward, and Marin County: Henry B. Grandin, Theodore V. Cole and James Carroll.

Berton Jacobson will be moderator.

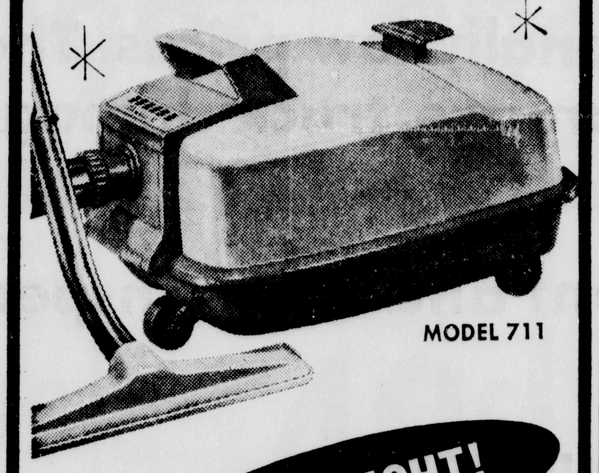

Graphics, Paintings, Pastels On Show

A two-artist show will highlight gallery activities of Creative Arts at 22 El Portal, in Sausalito this month. It features Ada Garfinkel of Kentfield and Jim Bertram of Sausalito and Mendocino, showing graphics, paintings and pastels.

Mrs. Garfinkel was represented in the fourth winter invitational at the California Palace of the Legion of Honor this year; Bertram won first award in 1961 and 1962 in the Marin Society of Artists Graphics competition. The gallery is at 22 El Portal.

ZELINSKY ANNEX PLAN IS GAINING

Annexation of part of Tiburon to Belvedere was requested by Mr. and Mrs. Fred Zelinsky at the Belvedere City Council meeting last night.

The parcels in question are the present site of the shopping complex to be knows as "the Belvedere" which includes a Safeway Store and Mobil Gas Station at Tiburon Boulevard and Beach Road. The Zelinskys are the only property owners involved.

The Safeway site connects to a swampland now owned by the Zelinskys which is within the city limits.

Zelinsky wrote he had discussed with Howard Allen of Belvedere Land Co. the possibility of them annexing the land company's post office property and the area from Juanita Lane to Main Street. Zelinsky said Allen replied, "Anything good for Belvedere was interesting to him."

"It is our feeling that if you show great interest to annexation, all preliminary work, legal fees and all costs should be borne by the city with proper protection given to us in completion of our project," the letter concluded.

Mayor Robert P. Watkins said he favored the idea. Councilman John H. Flint commented it would increase assessed evaluation, require minimum police protection and would be an impetus to forming a drainage assessment district.

City Atty. William H. MacKay said the next step would be for Zelinsky to delineate the boundaries for presentation to the county boundary commission. He was asked to meet with Zelinsky.

The council passed a resolution stating its sympathy with efforts of the Tiburon Sanitary District to establish a drainage district.

Thomas R. Clark and Kenneth G. Wells were appointed to the Belvedere Recreation Commission, replacing David W. Ross and Robert G. Barth, whose terms are expiring.

Frederick Jandrey was appointed to the planning commission, replacing Merrit K. Ruddock who has left on an extended trip.

A revokable license was granted John Lawson to permit access to his docks.

The council requested City Mgr. Britton Rey to request replacement of two defective pumps in the sewage system by subcontractor Smith and Loveless.

A request by Robert A. Davies for reimbursement for $250 he expended on drainage control in front of his home at 161 San Rafael Avenue was deferred until the next meeting.

Post Office Plan On Agenda Again

Owner Frank Rusalem's latest plan for a $95,000 post office in the southeast corner of the Corte Madera Center will be discussed again by the Corte Madera Planning Commission at an adjourned meeting in the town hall at 7:30 p.m. today.

A motion to reject the plans was defeated 3-2 at the March 11 meeting. A motion for acceptance died for want of a second.

The commission will continue discussion of a proposal by Patterson Properties for a planned unit development for 1,112 person east of Mariner Cove and north of Paradise Drive.

In Training

Airman Basic Frank L. Nelson Jr., son of Police Chief and Mrs. Frank L. Nelson of 34 Madera Boulevard, Corte Madera, has been reassigned to Greenville Air Force Base, Miss., for technical training as a medical service specialist, after completing basic military training at Lackland AFB, Tex.

Airport Zoning Proposed

Marin County Planning Commission Chairman William Upton aroused little enthusiasm from his fellow commissioners yesterday with a proposal that the county start thinking about zoning what may be the site of a new county airport.

"It may be easier to pass a bond for the airport if the county can zone adjacent land rather than buy it," said Upton, who is a member of the airport committee. He said the site under consideration parallels the Hamilton Air Force Base strip, and nearby lands would be desirable for industrial use.

Commissioner Charles R. Johnson said zoning would be no guarantee the county would save money on land. He added that the airport might be privately developed.

"I doubt if it's worthwhile for the county to speculate in land," said Commissioner Niels P. Schultz.

Medical Symbol Stolen At Center

A 150-pound, five-foot-high caduceus, symbol of the medical profession, last night was stolen from in front of the Terra Linda Medical Center at 300 Las Gallinas Avenue.

Dr. Ralph William Jacobs told San Rafael police the caduceus, which is a snake wrapped three-and-one-half times around a staff, was taken between 10 p.m. Sunday and 10 p.m. yesterday.

He said it was valued at $1,500. It was designed by San Rafael architect Harold Blewett.

Water Board To Meet

A contract to supply the North Marin County Water District with one rubber-tired loader will be awarded at a meeting of the district board at 8 p.m. today in the administration building.

Marin Control Nears On Small Subdivisions

With the warning that "today's counties are tomorrow's cities," the Marin County Planning Commission yesterday moved a little closer toward adopting controls for small subdivisions.

Principal Planner Sidney Shaw said control over small subdivisions is not "peculiar" to cities and should be seriously considered by the county.

Under present county regulations, subdivision maps are required ony for development of four or more lots. Shaw said all 10 of Marin's cities impose controls on all subdivisions.

Commissioner Niels P. Schultz asked, however, "what good has it done?" He expressed doubt that legal control over subdivisions of small parcels is really enforced.

Chairman William Upton, asking for at least some kind of attempt at control, said "you can't protect all the people all the time."

"Control over this should be the business of title companies," said Commissioner Felix M. Warburg, although he admitted there was no way to require that they do.

Shaw suggested a separate ordinance for splits into fewer than four lots.

Upton asked for further study at the April 15 meeting.

The Marin County Planning Commission Also:

1. Continued indefinitely a request by Max Weiss to zone property at Tocaloma on Sir Francis Drake Boulevard for commercial use. Conversion of the old railroad station into business property on the roadside has been opposed by the planning staff.

2. Approved commercial zoning for a 750-square-foot parcel near the Wiltshire Towers restaurant opposite the Civic Center. Staff Planner Edmund Gagi asked for a more restricted commercial zoning, requiring use permits for most business. Chairman Upton dissented from the approval.

3. Approved a use permit for an office addition to Ross General Hospital. The planning staff said the addition would be an "enhancement" to the hospital.

4. Approved a small office and equipment storage yard at 521 Auburn Street in the South San Rafael area, requested by Ghilotti Brothers Construction Co.

5. With consent of the applicants, harmony Baptist Church, abandoned a proposal for rezoning for a church site at the north end of Las Gallinas Avenue in Terra Linda. The staff reported that the site would be reduced to less than half an acre because of street dedication and would be insufficient.

6. Approved changing the name of Reed Court near Reed Boulevard in Alto to Bay Vista Court. The change was requested by the Alto Fire Department because of elleged confusion.

7. Granted architectural supervision for conversion of a building at Pacheco and Eureka streets in Marin City for use as a church by Gospel Fellowship, Inc. The church will seat 60 people.

8. Approved plans for a 12-unit administrative-professional building on the site of the Burris Lumber Co., South Knoll Road and Tiburon Boulevard in Alto.

9. Abandoned a proposal to change the name of Meyer's Service Road in the South San Rafael area. Residents on the road said no confusion now existed with another Meyer's Road in Greenbrae, despite the request for a change by the county public works department.

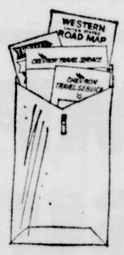

Drake High Acts Against Transfers

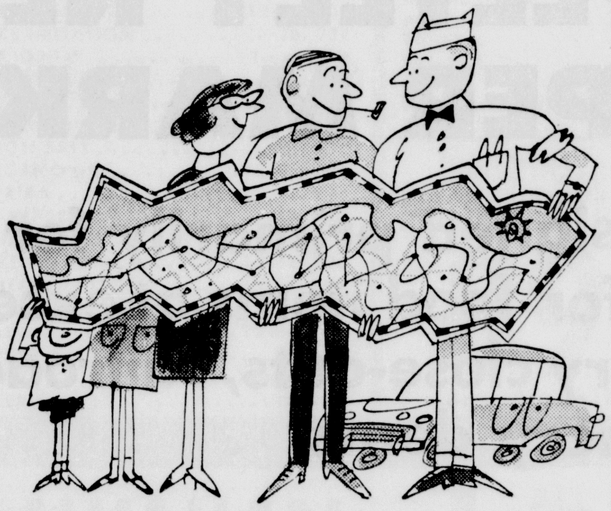

No inter- or intra-district transfers of students will be accepted next year at Sir Francis Drake High School, and those already in effect will be "carefully reviewed" because of expected heavy enrollment, Supt. Chester G. Carlisle of Tamalpais High School District said today.

Principal Harold Allison said Drake is expected to have an opening enrollment of 1,607 next fall, while the rated capacity of the school is 1,475.

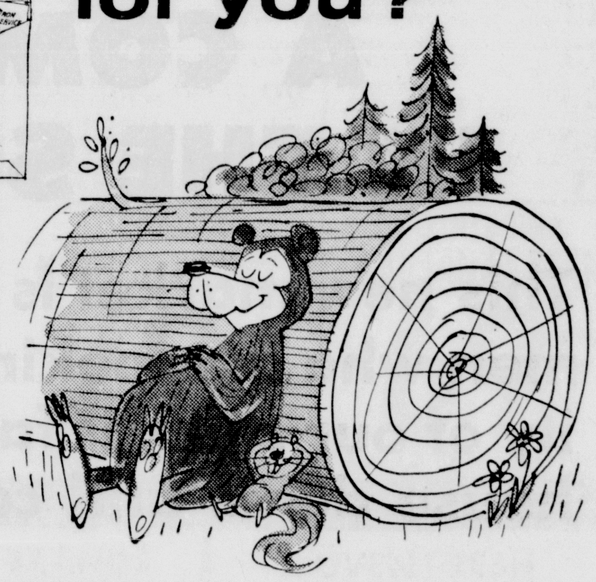

If the estimate is correct, Allison said, Drake can operate for one more year without double sessions. The school is already using storerooms and six temporary classrooms, Allison said.

COUNTY EDUCATION STUDIES APPROVED

The Marin County Board of Education last night approved the hiring of six consultants and a consultanting firm to conduct studies and do other advisory work.

Dr. Cecil Parker and Dr. Frank Farner of University of California were employed to study curriculum needs of Tomales Joint Union High School District and the eight elementary districts from which it draws students, with a view to achieving more uniform courses of study at the elementary level.

Dr. William O'Dell of Stanford will be retained to study future enrollments and building needs of the Tamalpais Union High School District to 1975.

Dr. Carl Madden, a professor at Sonoma State College, and an assistant will be hired to bring up to date a review of courses of study in county schools.

The board approved hiring Dr. Karl Scheville, head of the University of California languages department, as a consultant for setting up foreign language programs in the schools.

The firm of Booz, Allen and Hamilton was approved for studies of school district reorganization involving San Rafael, Dixie, San Jose and Novato Unified districts.

The board also agreed to continue using the services of Mrs. Mae Durham of University of California as library consultant.

The board heard a report by Charles J. Vento, audio-visual services coordinator, on a group of science, mathematics and foreign language projects to be financed on a matching fund basis with federal grants under the National Defense Education Act. The total expense, $43,381, would be shared equally by the county. Separate from this is a proposal to make a film of plant and animal life in Marin County, estimated to cost $75,000, with the federal government putting up all the money.

The board approved 80 life credentials for teachers and others requiring certificates. The heavy volume of applications for permanent credentials was prompted by the prospect of stiffer requirements in teacher training, said Asst. Supt. Edward R. Credell.

A one-year leave of absence was granted to James Lujan, a teacher at San Quentin Prison, so he can accept an associate professorship in modern languages at the Loyola University graduate school in Chicago.

Dr. Dufficy Turns In Resignation

Dr. Rafael G. Dufficy Jr. today gave county supervisors a letter embodying his long-anticipated resignation as county medical director.

Before doing this he introduced his successor for a maximum of six months, Dr. Michael Scholl of Tiburon, who has been serving as one of the county's part-time assistant physicians.

Dufficy's letter set April 30 as his date of resignation, in accordance with plans started a years ago for construction of his own hospital. He said the action is "not without sorrow in leaving the many friends I have made in the past 12 years."

Acting Chairman William D. Fusselman responded that "there is nothing to do but to accept with thanks" and added: "I know you've tried and have done your best."

Dufficy then launched into discussion of what he said was an urgent need for giving the assistant physicians more pay.

After hearing Dufficy's request that physicians on call be paid $100 a day because of increasing difficulty in getting doctors to work as emergency physicians for the county, the board delayed any action on the request until next week.

Supervisor Peter Behr suggested the board should hear a suggestion from the Marin Medical Society first.

Sausalito Teacher Raises Seem Out

There may be no raises for teachers in the Sausalito School District for the next school year, trustees learned last night at a preliminary budget hearing.

Trustees discussed two proposed budgets but took no action. They tabled consideration of salary increases and noontime supervision, Supt. Marcus F. Davis said. Should additional funds be made available through proposed legislation or other sources, the board indicated it would reopen salary negotiations.

One budget figure is $720,000 would include proposed salary increases.

The second budget discussed is $646,000, which Davis estimated as the district's maximum income.

Davis said the board will attempt to hold its present tax rate of $2.25 per $100 general purpose tax rate. The district's only additional levy is for retirement and insurance funds, totaling 14 cents.

Noah Adair, chairman of the teacher salary committee, told trustees teachers are aware of the lack of funds but had hoped some salary increases could be granted.

Next meeting is at 8 p.m., Monday, in the district office.

Clinic On Birth Control Planned

A birth control clinic will be held from 1:30 to 5 p.m. Sunday at Our Lady of Loretto Church, Novato.

Dr. Gill Ayotte, staff doctor of St. Mary's Hospital in San Francisco and Rev. John Heany, chaplain at Sacred Heart High School of San Francisco, will discuss marriage before married couples of all ages. "Marriage — Your Road to Happiness" is the theme of the conference.

Mr. and Mrs. James Heffernan and Mr. and Mrs. Joseph Bendix of Novato are co-chairmen.

4 New Shops Approved In Terra Linda

Four new shops to be built in the Terra Linda Shopping Center were approved yesterday by the Marin County Planning Commission, despite planning staff objections that there is no room for extensive expansion.

Chairman William Upton dissented in the vote which granted a use permit to Frank E. Hawkins. Upton said the 8,000-square-foot site on Manuel T. Freitas Parkway was "originally intended for a nursery" and should not be considered for expanded development.

Attorney Thomas E. Schaal, representing Hawkins, agreed to reduce the original request from six shops to four to win commisison approval.

Staff Planner Edmund Kagi said there was still a parking problem in the area, and that proposed use of the site is "far more intensive than the use permit intended."

Tennis Court Use

Use of the tennis courts at the Novato Community House will be discussed by the Novato Parks and Recreation meeting there at 8 p.m. today.

Steel Firms Indicted On Price-Fix Charges

WASHINGTON (UPI) — Seven steel companies were indicted today on charges of conspiring to five prices for wrought steel wheels and rolled steel pipe flanges and rings.

Atty. Gen. Robert F. Kennedy, in announcing the action, said the indictments charged that railroads, subways systems such as the New York City Transit Authority and other industrial customers had been "deprived of the benefits of free price competition."

The indictments were returned by a federal grand jury in New York.

Five companies were named in an indictment charging price fixing for steel wheels. Two of them were named along with two others in a second indictment charging price-fixing for the rings and pipe flanges.

Named in the steel wheel indictment were United States Steel, Bethlehem Steel, Armco, Edgewater Steel and Baldwin-Lima-Hamilton. Kennedy said U.S. Steel does more than 35 per cent of the annual 60-million-dollar business in this field.

The other four are its only competitors in the wrought steel wheel field, he said.

Edgewater and Baldwin also were named as defendants in the second indictment, along with Taylor Forge and Pipe Works and Aleo Products Inc. of New York City.

The indictment said these four accounted for an annual business of about 10 million dollars in rolled steel pipe flanges and rings.

Hub Candidates Forum Thursday

The combined parent-teacher associations and the Parents Club of the San Anselmo School District will sponsor a trustee candidate forum at 8 p.m. Thursday in the multi-purpose room of the Isabel Cook School, 1000 Sir Francis Drake Boulevard.

Mrs. Jaap Suyderhoud, president of the Isabel Cook School P-TA, will open the meeting, and Mrs. Loretta Phelps of the League of Women Voters will introduce candidates Dr. Elmer A. Weden Jr., Joseph E. Tilt, Kenneth Hansen, and Mrs. Doris Harnsberger.

Drake High Students Will Get Bus Service

Sir Francis Drake High School will bus its students from Nicasio and the Lagunitas area starting April 15.

It will be the first time in a decade that the bus service has been offered by Tamalpais Union High School District.

Trustees of the district last night approved it on a trial basis for the rest of this year, and limited to 80 students. Greyhound buses will be chartered for the service.

Supt. Chester G. Carlisle said cost from April 15 to the end of school would be about $1,400. On a yearly basis, it would cost $8,000, he estimated.

Carlisle said investigation by district business director Frank A. Cassou showed that the Nisacio-Lagunitas area is the one of "greatest hardship" and having least access by other means of transportation. He possibility of transportation for other areas.

Tamalpais High School District abandoned transportation of students nine years ago after completion of Drake High.

Tree Trimmer Clips Woman For $229

A Tiburon resident complained to the sheriff last night that she was charged $229 to trim one willow tree in front of her house.

Mrs. Tilden Hayes Glass of 2265 Paradise Drive told Deputy Sheriff Herrick E. Morgan that a man came to her home about 10 a.m. last Wednesday, identifying himself as "John T. Thomas, a tree surgeon." The man told her the willow tree needed pruning and he would do the job for about $9, Mrs. Glass said.

He completed the job about 2 p.m., then said the work cost $229. She told officers she did not want to argue and paid $210, all she had at the time. He came back on Friday and collected the remaining $29, Mrs. Glass reported.

Sheriff's deputies issued a warning that this may be a scheme to bilk residents.

Mrs. Glass described the man as a Negro, about 47 or 48 years old, and six feet tall.

San Anselmo Girl, 17, Hurts Knees In Crash

Joanne Montpart, 17, of 111 Medowcroft Drive, San Anselmo, was treated for a skinned knee at San Rafael General Hospital yesterday after an automobile accident at 4:18 p.m. on Second Street, 400 feet east of its juncture with Fourth Street in San Rafael.

Police said Carl H. Newman, 52, of 60 Redwood Road, Fairfax, was pulling out from the shoulder of the road when his car was hit from behind by the car driven by Miss Montpart. Newman told police he would see his doctor for treatment of neck injuries.

Rec Director's Job On Agenda

Marin County Parks and Recreation Commissioners will discuss jobs to be done by the commission's new director tomorrow at 2 p.m. in Room 332 in the Civic Center.

Office space in the Civic Center for the new director, whose appointment is to be authorized this week, will be considered as well as a priority list of projects for his first month on the job.

The commission will continue discussions of the 1963-64 budget and will consider the possibility of conducting night meetings.

Lions Governor Plans Visit

Gil Woodworth of Petaluma, governor of Lions Club District 4-C2 which takes in the Redwood Empire region, will make an official visit to the Corte Madera Lions Club Thursday at 7 p.m. in the Corte Madera Recreation Center.

Woodworth will present "key awards" to Edward P. Sabo, William H. Schwartz, Beverly A. Sill, Andrew C Vireno, John McDermott, Robert Mason, James C. Tonge, Lyman B. Trumbull, Raymond J. Brandt, Robert F. Vogel, Charles F. Pendleton and Philip Arnone.

Woodworth, a tire distributor, is also chairman of the Council of Governors of Lions District 4, which includes California and Nevada.

A Memo to the
HARD of HEARING
By J. PAUL MESSINGER
Certified Hearing Aid Audiologist
Here are five typical symptoms which might indicate a hearing loss:
1. Turning up the volume and sitting close to the radio or television set.
2. Not answering when spoken to.
3. Frequently asking you to repeat what you said.
4. Talking too loudly.
5. Turning head to the side when listening.

1 out of every 94 employees in California will head for work on a telephone job
Some 68,000 Californians, like Operator Vivian Coleman (below), now make their living from Pacific Telephone jobs. And as this number has increased to meet California's growing telephone needs, the payroll they put to work throughout the State has grown larger, too. (1962 total: $426 million.) Yet phone rates in California are among the lowest in the country.

Fight Industry Must Put House In Order

Naturally, the critical injury or death of a participant in an amateur or professional sport is deplorable. But, pushing the panic button will not prevent the recurrance of such tragic events as the death of Davey Moore, after his defeat in a recent Los Angeles fight.

True, there is probably room for improvement in the professional operation of the 'manly art of self-defense,' as it has been conducted in recent years.

Neither, the demand for the repeal of the boxing laws, nor the effort to suspend or cancel, the state licenses of all fighters and promoters, are necessary to solve the question.

Granted that the death of a profighter is rare—almost negligible, per centage-wise in the nation, the situation does call for sober, calm and soul searching analysis—instead of grasping at spur of the moment, emotional conclusions. It is doubtful that blows from his opponent were the sole cause of Moore's death.

However, boxing, as well as other professional sports, must be made safer, and it becomes evident that the "cauliflower ear" trade must take steps to police its own industry, if it is to survive.

Further, there is sound reason to believe that the enforcement of the present state regulations on fighters, managers and promoters must be tightened. The Bobby Scanlon case in Marin County recently, appears to pin-point the need for better enforcement of existing safety regulations.

There appears scant doubt that the rough and tumble phase of box fighting can be minimized.

Safety devices, and more scientific techniques can and, must be devised without delay. The medical profession could improve on the design of the ring.

Fighters, too, can possibly be made to wear effective head-guards.

Promoters and managers will also have to face up to the fact that these reforms might have an adverse effect at the box-office, which is the only criteria used by the pros.

Inasmuch as the records show legalized boxing has had a hectic on-again—off-again career in California since the turn of the century, it behooves all factions in the "cauliflower ear" industry to take heed of the present clamour to outlaw fighting, and adopt some sensible and practical procedures, even though they may be forced to accept a smaller "gate" at future bouts.

THREE MINUTES A DAY

CROSS-COUNTRY HIKE FOR CRIPPLES

A 79-year-old man took 54 days to complete a 3500 mile stroll from San Diego to New York City.

The retired railroad conductor, who averaged more than 40 miles a day, wore out 4 pairs of shoes en route.

When asked why he had undertaken such an endurance contest, he replied: "I was a polio victim from 1890 to 1898 and I've been trying to help crippled children ever since."

Then he added: "I walk for those who can't walk. That's the idea." He explained that the objective of his long-distance walking was to focus attention on the need for helping handicapped children.

In countless ways, human beings display amazing resourcefulness when sparked by a desire to help others less fortunate.

Rather than be overcome by frailties, strive with God's help to turn handicaps into blessings. Discover methods of your own to make the world better for your being in it. You may be surprised at what you personally can do.

"Those excerpts from your wifely diary about your marital experiences are positively hilarious. We also like your tentative working title—'25 Years With a Male Rat'—and are sure we can put the book on the best seller list. We are enclosing $10,000 in advance royalties, and assure you this is a mere drop in the bucket to what . . ."

"There must be some mistake. In addition to free furniture, we promised you six months free rent as an inducement to sign a two-year lease in our new luxury apartment building, 'Echoing Heights.' As you have been a tenant only five months, we are returning your rent check. Your initial payment isn't due for still another month. Meanwhile, if you'd like your television set replaced—at our expense naturally—just let us know anytime."

"I hate to disappoint you, Maude, but we've been so busy since the sixth baby came that Fred and I haven't been up to planning our regular family visit with you and George this summer. All the kids send their best. See you next year. Your loving sister, Mabel."

"It is with deep regret I inform you that our firm will be unable, now or in the immediate future, to ship your small son the 18-foot python he ordered. The fact is that the only python we had on hand recently got into the main snakepit, ate up all our stock on hand, and died of indigestion. Therefore we are suspending all shipments until we can find a new supply. Sincerely, Jiff Snakes, Inc."

"YOUR DAUGHTER tells us that you don't approve of her ambition to sing mezzo-soprano in grand opera. We're on your side. While she's a nice kid, our audition showed she would make a better tenor than a mezzo-soprano. As lady tenors have a limited future in opera, we suggest you tell her to forget the whole thing and take up stenography."

"DEAR NORMAN, I am running off with the butler. I just couldn't stand watching you do any more card tricks at our cocktail soirees in front of my society friends. But recognizing you've been a faithful husband and given me some of the best years of your life, I'm asking my lawyers to settle $500,000 on you from the money father left me. This should pay your bar bills, and leave a little left over for you to buy a new deck of cards."

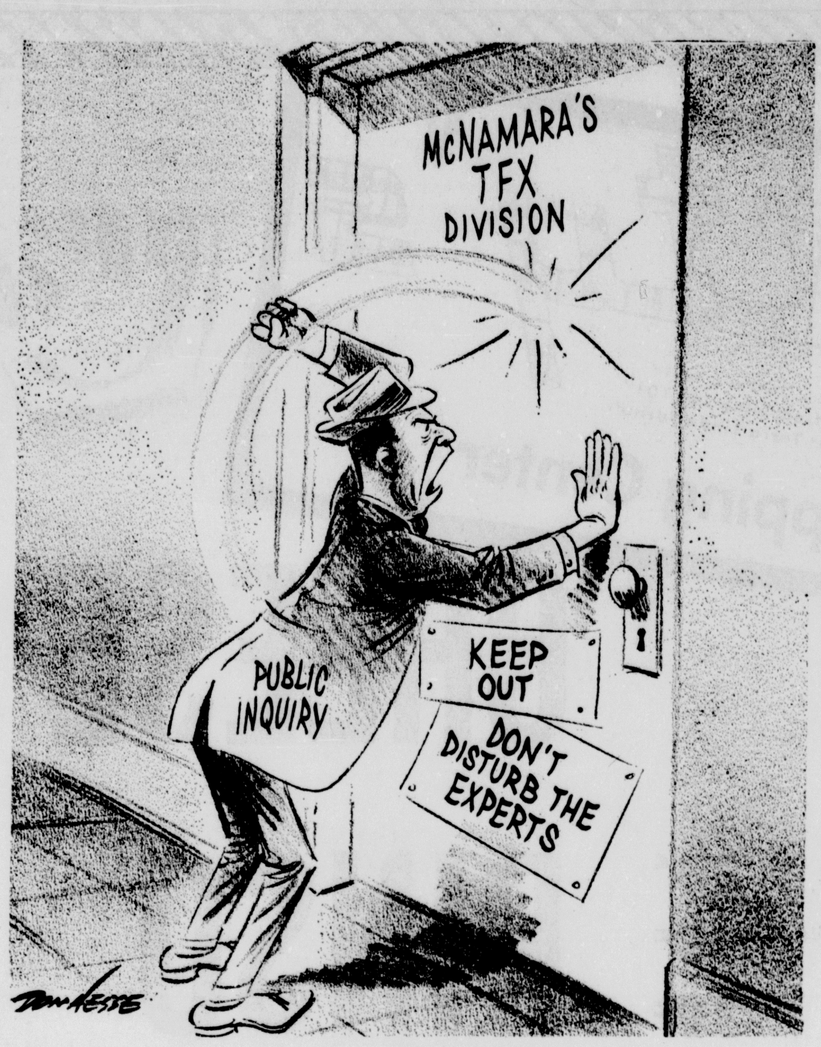

"Deeply distressed to hear you slipped and suffered a cracked tooth while making a patriotic pilgrimage through Grant's tomb. I agree fully that this shouldn't happen even to a Republican. The matter of compensating you for your ordeal will be taken up in my next annual budget message to the Congress. Sincerely, JFK."

Braden Hearing Tactics Attacked

EDITOR,
Independent-Journal:

Re Braden 3/27/63, your newspaper makes me sick! . . . I was at the hearing. This "Hugh M. Burns (D.-Fresno) said it didn't appear to him that Shrade made much of a case against Braden" is inconsistent with the hearing and Burns' questions and remarks AT the hearing . . . Your caption "Opposition To Braden is Waning" is ridiculous. The opposition are neither on the wane, nor are they going to change their minds. Braden represents the completely out-of-date, entrenched, 'progressivist' status-quo. The people and parents . . . vote for change and betterment and mean to get it. Braden, himself, thinks so little of public education that he sends two of his children to private schools . . .

Would that the public could have seen the tons of anti-Braden mail that Jack Shrade exhibited at the hearing. But, of course, nobody photographed that or indicated that the jam-packed auditorium of people from all over the State were 99 and 98/100 percent opposers of Braden as shown, when asked, by their raised hands.

Should Boxing Be Abolished?

EDITOR
Independent-Journal

Gov. Brown's asking for boxing abolition, and I am very much in favor of it, so as to prevent deaths and injuries from that so-called sport. In boxing it's very true that to win, a boxer has to protect himself at all times and to do this he has to hit hard. That means sooner or later one is either killed or hurt bad. If Gov. Brown has some help in putting a stop to boxing in California, it will be one of the greatest helps to humanity.

Wrestling is another kind of sport, plenty rough, yes. But there is a way to keep that sport clean. It's getting to a point where it is just as bad as boxing. If they take felows such as Ray Stevens the so-called champion and many others, no one will get hurt to any extent. Ray Stevens as it's known, can't wrestel so he wants to hurt some one by fighting. If this is not stopped someday, someone will be killed. That makes other good clean wrestlers feel that they should do the same to protect themselves. Stevens was beat and lost every match, still his manager makes him champion, why? They should bar these kind of boxers from the ring forever, otherwise wrestling be abolished same as boxing.

I watch wrestling and enjoy it very much when they have a good clean match in the ring. Children go to wrestling matches a lot and I don't think it is very nice for them to see what goes on with these rough tactics.

FRANK GIUBBINI
Inverness

(Ed. note: Competitive professional wrestling is already banned by law in California; what we see are "exhibition" matches purely for entertainment and show. To make the show entertaining, occasional "villains" are employed, like Stevens.)

High Medical Cost Blamed On Taxes

EDITOR,
Independent-Journal:

Your recent editorials in regard to "Socialized Medicine" touch me. I can really disagree with you only on one point: Socialism is no longer creeping upon us—it is in full pounce. However, you imply repeatedly that the high cost of modern medicine is the sole cause of the willingness of free men to accept socialism. This is specious reasoning . . .

I suggest that all of us ponder this whole problem much further. It is quite true that a great many people cannot afford medical care that is available, just as it is true that a great many people live in relative squalor in the richest nation on earth. These poor people already pay to their Federal Government over half of their earned income by direct and indirect taxation. Am I, then, to blame for 20% of my fees?) . . .

You ask, "Is not the only solution, then, some state or federal system of subsidization of costs and control of prices?" It should be apparent to everyone that subsidization simply means more taxes—paying a government agency to pay your doctor bill for you. I assure you, costs are greatly increased by taking this roundabout way . . .

My answer to your question is that there are many possible alternatives, other than socializing medicine. Chief among these is repeal of the Sixteenth Amendment to our Constitution—abolish the income tax, which is the most horrible type of tax ever devised. On the face of it, just leaving the money people earn in their own hands would enable them to pay for their own medical care, their own housing, their own schools, and their own old age.

There are other sources of federal revenue, all of them better than the income tax. For instance, we not only could, but we should tax the source of the wealth that leaves J. Paul Getty two billion dollars (after existing taxes). It is up to us, the people to repeal it.

I faithfully promise to cut my fees right square in half the very day the income tax is abolished.

Riding Of Bicycle Gains New Popularity In Mill Valley

Since last September 1,057 bicycles have rolled through the front door of the Mill Valley police department—red, blue and black ones, ones with fenders and ones without, one speeders, two speeders, 10 speeders. According to Rae Menzies, that's a lot of bikes. It's about one bike to every 10 people.

This compares to 1,669 dog licenses since last July or about one and one-half dogs to every 10 people.

"I believe there are really more dogs than that," says Bill Rutherford.

Mostly, the bikes are those of youngsters. This is not about the youngsters.

This is about youngsters past 20 who ride bikes, such as Henry Fostine, 67, who rides for the exercise. Henry has a hard tire, four-speed bike.

IN SAUSALITO Harbor Master Sid Foster rides up and down the boardwalks in the yacht harbor checking the boats on his bike.

In Stinson Beach, Jane Olds rides a bike "because it gets me places where I want to go and I'm out in the open." She goes to the post office, grocery and sometimes brings back driftwood from the beach.

In Tiburon, Mrs. Ray Weeks, who used to ride to baby sitting jobs by cycle, now rides just for pleasure.

Sixty-eight, Joseph L. Sottile rides to work daily in Mill Valley. "He drove a car in Italy," said his daughter Anna Maria, "but here he never touches a car."

Mrs. Charles Collett once told us she rode a bike from San Francisco to Eureka, taking three days, 100 miles per day. "It's a glorious feeling, she said, "healthful, carefree . . . a form of hiking."

Nan Stoller has a three speed, two-basket bike. "The gears don't all work," says Nan, "so I keep it in middle gear. I use the baskets to carry books to the library or to carry groceries to feed five."

Teacher Jack Larson rides from his home at 2 Oxford Avenue in Mill Valley to Tamalpais Valley school. "I receive physical and economic benefits," he says.

CYCLING IS BECOMING more and more popular, according to Russell Hoverson of Hoverson's Cyclery. Asked if he rides, Hoverson said "No, I don't because I'm afraid of automobiles. I walk instead." But he used to ride nine miles to and from school when a boy in southern Minnesota.

He said some Mill Valley boys ride as far as Inverness and back in a day. Mountain or Alpine gears help in the hills, he said, but added that the amount of pondage you use is the same as for a one-speed bike.

SterlingHayden, says Hoverson, has a special, Italian bike with a 25-inch frame. This compares with the average 21-inch frame. "He's a big man," Hoverson said.

Hoverson said several months ago someone spoke of putting in a bike path, such as they have in New York, along Tiburon Boulevard. But, he mused, talk and reality are so different.

The best comment we know about bikes—whether you're under or over 20—is by a boy we know named Joe. "I like a bike because they're fun to ride."

Foreign Aid Program In Latin Nations Called Big Gamble

The foreign aid program, which began with the Marshall Plan in 1948, has always been a gamble, has never been a sure thing. In Europe, it has been a brilliant success. But 15 years ago, nobody could know that it would be. In fact, such were the poverty and paralysis of France, Italy and Germany that there was a serious possibility of a general collapse into communism. The Marshall Plan was expensive. But, because it worked, all would agree today that it was cheap at the price.

Now, we are concerned with foreign aid in this hemisphere. The problem is not what it was in postwar Europe. There the purpose of aid was to enable advanced and highly-developed countries to **recover** from the world war. Our purpose in this hemisphere is more complicated and difficult. Broadly speaking, it is to help our neighbors achieve peaceably, and with liberty if not with democracy, a revolution out of their semi-feudal past. Our hope is that they will in fact achieve by progressive government what, failing that, their people will attempt to achieve by revolutionary communism.

OUR POLICY is not only difficult to carry out, but also it is difficult to explain. It is rather like attempting to explain why, in order to protect children from polio, we inoculate them with the polio virus. Our Latin-American policy would be easier to explain if we forgot about peaceable revolution and concentrated on the simple task of giving unlimited military support to any government, indeed to any dictator, who was unqualifiedly anti-Communist.

Knowing this, we are looking to the progressive governments, as in Mexico, Costa Rica, Venezuela, Colombia and Brazil, to carry out the progressive revolutions which are the alternative to the Castroite kind of revolution. It is, of course, a gamble, and nothing is easier than to think up the many reasons why it may be lost.

THE BIGGEST GAMBLE in all our foreign aid in this hemisphere is in Brazil. This is not only because Brazil is the biggest country in Latin America and the geographical heart of the South American continent, but also because, in Brazil, there are the biggest stakes to be won or lost.

If the progressive revolution fails in Brazil and the country descends into revolutionary violence, the whole continent is certain to become involved. It is possible more or less effectively to contain the revolutionary influence of a small island like Cuba. It would be a wholly different thing with a continental mass like Brazil which has a common frontier with every country in South America except two.

What is more, Brazil has good political habits in that it has learned how to change its government without violence. In this century, one Brazilian president has committed suicide and one has resigned.

IF WE STUDY the agreement just worked out in Washington between Brazilian Finance Minister Dantas and Bell, who now manages foreign aid, we are bound to marvel at the political courage of the Goulart government. To end the inflation and to re-establish its international credit-worthiness, the Brazilian government has adopted a program which only a very strong government, strong in its hold on popular support, would dare to undertake.

It is an astonishing program. The Goulart government, which is left of center, is strong enough to carry out the program. We must hope that it will be, and surely the administration has been right in deciding to help it. For it would be hard to name any item in our whole global foreign aid program which, if it succeeds, will do so much good.

Marin Planners Vote To Save A Tree

Joyce Kilmer's famous line "only God can make a tree" was recalled in spirit by the Marin County Planning Commission in cases involving a total of 112 Eichler Homes in Lucas Valley yesterday.

In one matter it was the whole story. A house in the Eichler Unit 2, at 65 Mount Ranier Drive, was allowed 17-foot setback rather than the legal 25 because there are two handsome bay trees on the property.

The adjustment was to save at least one of these trees and it was allowed solely on condition that this be done.

Tree-saving was a factor along with some others in causing the commission to allow adjustments where necessary probably in about two-thirds of the constructions, in 111 single-family houses of Unit 4 in the same area.

Just the same, staff and commission felt that the houses were too big for the lots and Chairman William D. Upton thought that people wishing to enlarge their homes later will be disappointed.

Only 606 acres of the Cabernet Sauvignon grape, the leading red wine grape of the Bordeaux region of France, were growing in California in 1961.

Lemon Chiffon Pie

RECIPE OF THE WEEK—
California Chicken*

2 large fryers
Salt and pepper
¼ cup butter, margarine, or salad oil
1½ cups sliced onions
1-lb. fresh mushrooms, sliced
2—10-ounce cans undiluted cream-of-mushroom soup
1½ cups milk
1 cup sliced, pitted ripe olives

Cut up for frying two large frying chickens. Wash and dry well. Sprinkle pieces generously with salt and pepper. In a skillet brown the chicken lightly in the butter or oil, sauteing about 10 minutes on each side. As the pieces are browned, drain on paper toweling and place in a casserole. When all pieces are in casserole, cover and bake at 350 degrees for 1 hour.

In 6 tablespoons of the drippings in the skillet saute until golden brown 1½ cups sliced onions and the sliced mushrooms. Remove from skillet and drain well on paper toweling. Drain skillet. Return onions and mushrooms to skillet and stir in two 10-ounce cans undiluted cream-of-mushroom soup (the easiest, most satisfactory sauce in the world). Gradually add 1½ cups milk and heat almost to boiling point. Do not let boil. Add 1 cup sliced, ripe olives. Pour sauce over chicken. Cover and bake an additional 30 minutes. Serves 6.

Giants Have Well-Stocked Infield; Rate High In League Comparison

(First in a series)

CONNOLLY

There are a few things in covering baseball that might help the reader understand some of the mechanics connected with the sport, especially the prognosticating angle.

To do a good job the writer has to know and like baseball. He has to call his shots or thoughts, just like the umpires do—as he sees them. So in the following series of stories on the SF Giants, I'm pulling no punches, favoring no player, nor making an alibi for anyone. I'm telling you how a veteran baseball scribe thinks of the National League champions chances to repeat as flag winners. And why.

TO SAY the Giants ought to repeat as National League champs in 1963 may be bold. In the last five years, five different clubs have won the pennant. The best and easiest way I know is to compare each Giant player with the player in the same position, on the other teams. It offers the fans a basis of comparison.

I believe Orlando Cepeda, first abseman for the giants, has the potential to be the best hitter among all first basemen in the league. I believe he has more power than any other first baseman. He could very easily hit anywhere from .300 to .340; he could hit 30 or 40 home runs; he can drive in more than 100 runs, and he is —in my opinion — a good enough infielder to be touted, side by side, with the best of first basemen.

St. Louis has the only rival for Cepeda. He's Bill White, a very fine player, probably the flashiest fielding first sacker. He hit .324 with 20 home runs in 1962.

ERNIE BANKS of the Chicago Cubs hits the home runs, but last year he hit only .269 including 37 homers and 104 runs batted in.

The L. A. Dodgers will start off with "Moose" Skowron. He had a bad year with the Yanks, hitting .270. He may be over the hill. Ron Fairly does all right also but he hasn't much power. Gordon Coleman hits the long ball for the Cincy Reds but is rather an awkward infielder. Houston will be playing Pete Runnels, a spray hitter who hits for the average but not for power. Roy Sievers of the Phils, a veteran with power, is clumsy fielding. Pittsburgh has a pretty good looking first baseman in Donn Clendenon, a promising young kid. Norm Larker will be at first base for the Milwaukee Braves. The Mets probably will start Tim Harkness who was with the Dodgers last season.

So frankly I'd rate Cepeda as the finest first sacker in the National League.

BILL MAZEROSKI of Pittsburgh, Frank Bolling of Milwaukee and possibly Ken Hubbs of Chicago rate ahead of our own Chuck Hiller as top flight second basemen.

But Hiller could be the slickest of them all, with another year of experience. He is a good double play man and a steady going infielder. He gets a lot of hits in the clutches and has plenty of moxie. This year will be his big test. Maybe he isn't the best right now but I'll take him until another Mazeroski comes along. The rest of the second sackers in the league are just average. They include Don Blasingame of the Reds; Julian Javier, St. Louis; Chaley Neal of the Mets; Tony Taylor of the Phils and a highly thought of rookie with the Dodgers named Nate Oliver. The Dodgers, however, are keeping Junior Gilliam around for protection.

There are some good shortstops in the league. Some of 'em are unpublicized.

JOSE PAGAN can play short with the best. He has the range, an accurate throwing arm and is steady. He's really top-flight and one of the main reasons why the Giants won the flag last year.

Maury Wills at Los Angeles is a big player because of his attacking qualities—base stealing and his ability to get on base. As a shortstop he is not the best, but is good enough. He makes a lot of errors yet was voted the Most Valuable Player in the league last year. I think he deserved it. His 104 stolen bases created a new dimension in this game of baseball.

A real blotter playing shortstop is Ruben Amara of the Phils. He is the best fielder but a light hitter. Cincinnati has Leo Cardenas, a very under-rated player. He's a great hitting prospect. Watch him. St. Louis has Dick Groat, a fine hitter but an ordinary shortstop. He's one of the best double play men in the league. The Cubs has Andy Rodgers. He makes too many errors and is like Bob Lillis of Houston, just ordinary. Milwaukee's Roy McMillan is an old guy on the way out who couldn't be topped a few years back. Julio Gotay at Pittsburgh is a fair fielder but not much otherwise.

THERE IS a world of talent at third base, but Jimmy Davenport ranks tops. He hit over .300 most of last year but toward the end of a hectic race, slipped and finished at .297 Davenport is a master glove man, sharp hitter and has great team hustle and spirit.

Another stellar third sacker is Ken Boyer of St. Louis. He does everything well. Last season he belted 24 home runs and fielded among the leaders. Ed Matthews at Milwaukee is an authentic hitter, a real power house. At times, Ron Santo of the Cubs looked great but got spotty in midseason. He hit only .227. Cincy Reds will be playing a rookie named Tommy Harper at third. He's rated a good hitter but supposed to be and in-and-outer in the field. Houston has Bob Aspromonte, a good hustler who hit .266 in 1962.

The one spot where the Dodgers are hurting is at third base. It seems to be their idea to try out Tommy Davis, the outfielder, but reports say Tommy Davis, the outfielder, but reports say Tommy doesn't hit as well in the infield as he does when cavorting in the outfield. The Mets have a rookie third sacker named Cliff Cook. Don Hoak will be at third for the Phils. Pittsburgh is replacing Hoak with a phenom named Bob Bailey, touted as a real hitter with only a fair throwing arm.

Windy..Cold..So The Giants Win One

BAKERSFIELD (AP) — The San Francisco Giants, 61-21 at home in 1962, waited until they were in the home-like confines of a windy Santa Barbara ballpark yesterday to break a seven-game losing streak.

The Giants nipped Cleveland 4-3 and it was the first indication in two weeks that the defending National League champions might at least be able to win at home this season.

Perhaps perked up by cold, blustery weather, San Francisco abated a loss siege that had reached 16 in 18 games, including an embarrassing defeat by Tacoma of the Pacific Coast League.

Juan Marichal's two-hit pitching for six innings and a four-run rally topped by Tom Haller's wind-blown home run combined for the victory.

Cynics laid the victory to the fact that Manager Alvin Dark left the team. Dark headed for New York to accept a sportsmanship award—a facet of his character probably not enlarged by events of the past two weeks.

Marichal yielded a run in the first inning on Vic Davalillo's double, a bad-bounce error by shortstop Jose Pagan and an infield out.

After that, nine Indians struck out at the hands of Marichal.

In the fourth, the Giants progressively bettered their hitting—Willie Mays singled, Orlando Cepeda doubled, Felipe Alou tripled and Haller homered for the four runs at the expense of Joe Schaffernoth.

Billy Pierce, unbeaten at Candlestick Park last year, nearly fell victim under Candlestick conditions when Bob Lipski poled a two-run homer in the seventh, narrowing the score to 4-3.

Larry Brown doubled in the ninth for the Indians, but Pierce easily retired the side to preserve Marichal's victory.

Dark, before leaving, announced an opening day lineup which contained exactly no surprises. It listed: Chuck Hiller, second base; Jim Davenport, third base; Willlie Mays, center field; Willie McCovey, field; Orlando Cepeda, first base; Felipe Alou, right field; Tom Haller, catcher; Jose Pagan, shortstop; Jack Sanford, pitcher.

After today's game here, the Giants and Indians will head for Fresno and tomorrow's continuation of the central valley swing.

ONE MAN GANG—Willie O'Ree (10) of the Blades is causing a lot of trouble for Seals as he works puck close to net in second period last night. Seals are Jean Marc Picard (6), Tom Thurlby (4), Duke Edmundson (9) and goalie Jim McLeod.

Seals Whipped In 'Our Worst' Game Of Year

LOS ANGELES (UPI) — The Seals' 8-2 loss to the Blades in their opening playoff game last night was "our worst game of the year," said San Francisco coach Bud Poile.

By contrast, it was one of Los Angeles' best showings against the Seals who racked up a 10-5-1 record against the Blades during the regular Western Hockey League season. The second game of their best-of-three series will be played in San Francisco's Cow Palace, as will a third game, if necessary.

Blades player-coach Jack "Red" Bownass said after the victory that he got "100 per cent effort from everyone on the team." Twelve of the 14 blades who took to the Sports Arena ice last night (excluding the goalie) were credited with either a goal or an assist.

Seven Blades scored goals, Harold White getting two plus one assist. Los Angeles struck for three in the first period and added three more in the second and two in the third.

PLAYER SLASHED

The Blades' Stan Maxwell was slashed by Orland Kurtenbach in the third period and taken to Memorial Hospital in Culver City with tendon and possible nerve injuries in the right leg.

THE EXHIBITION CIRCUIT

Friend, Law, Maris, Snider In Big League Headlines

By ASSOCIATED PRESS

Bob Friend has the range from 60 feet, but the 250-foot experiment has failed Vern Law, and today the pitching partners who brought Pittsburgh a world championship in 1960 were worlds apart.

Friend pitched a four-hitter over the nine-inning route yesterday as the Pirates defeated Minnesota 3-0 in an exhibition at Orlando, clinching the opening day pitching assignment only hours after Law learned he was leaving the team for awhile.

Law's failure to overcome his shoulder ailment—and the announcement that he would be sent to the club's minor league camp to try and regain the form that made him a 20-game winner in 1960 — came on a day filled with events of more than passing interest.

Roger Maris, the New York Yankees' 61-homer hitter of 1961, pulled a hamstring muscle in his left leg while making a diving catch during a 3-2 victory over Detroit at Lakeland, and likely will miss the world champions' series opener a week from today.

Duke Snider, veteran Dodger outfielder, was sold by Los Angeles to the New York Mets. The official confirmation of the much-discussed transaction was made by the Mets, who did not play yesterday. The Dodgers were beaten 6-1 by Baltimore at Vero Beach.

Law, a 33-year-old right-hander who posted a 20-9 record in 1960, then followed with 3-4 and 10-7 marks, had been pitching at distances up to 250 feet in an effort to strengthen his arm muscles. The plan failed. Law has pitched in only one exhibition, giving up four runs in three innings.

Law will be sent to Daytona Beach, and may stay until the last minor league club leaves about April 20.

Friend, meanwhile, was mid-season sharp, allowing the Twins only four singles. The Pirates also got only four hits homer in the sixth wrapped it up.

Maris homered for the Yankees in the top of the fourth, then in the bottom of the inning made a spectacular catch of a Dick McAuliffe liner and wound up on the injury list. Joe Pepitone continued to sizzle for the Yanks, hitting his third homer in two games and eighth of the spring.

Robin Roberts went nine for the Orioles, holding the Dodgers to six hits while Brooks Robinson paced an 11-hit attack with a two-run homer and single.

Don Lee and Julio Navarro combined for a four-hitter as the Angeles beat the Colts, Jim King's two-run 10th inning triple gave the Senators their victory over the Braves, the Phillies used a triple by Tony Taylor and a wild pitch in the eighth to beat the Cards and Don Blasingame and Gordie Coleman each stroked three hits in the Reds triumph over the A's.

TERRA LINDA'S BILL LEE IS PREP OF WEEK

Bill Lee, southpaw hurler for the Terra Linda High School baseballers, has been selected Prep of the Week by the Independent-Journal for his performance last Tuesday in the Marin Athletic League opener.

Lee, a junior, pitched a two-hitter as his Trojan team downed the San Rafael High School nine 5-2 at Albert Field, San Rafael. The only two safeties against Lee were singles.

The dazzling Lee struck out 11 San Rafael batters en route to the victory. He went the seven innings on the mound for the Trojans and promises to be one of the league's outstanding pitchers.

Palmer (Who Else?) Natural Favorite In Masters Golf

By MILTON RICHMAN

AUGUSTA, Ga., (UPI) — Kingpin Arnold Palmer bemoaned his misbehaving driver today but drew no sympathy from fellow pros who feel he can win his fourth Masters golf title even by using a brassie off the tee.

Palmer, of course, will stay with his driver when the first round shooting starts Thursday over the Masters' lush 6,980-yard layout and he'll be trying not only to become the first four-time winner here but also the first player ever to win titles back-to-back.

"I wish my driving would be a little better," he claimed after spraying a few during yesterday's practice round. "I've got a couple of days to work on it, anyway."

Peeling his glove off, the perspiring Palmer then headed for the barber to get a haircut, and most of the other competitors in the probable field of 82 believe that's all he needs to win his fourth Masters in the last six years.

NATURAL FAVORITE

Art Wall, one of the two men to break Palmer's monopoly since 1958, claims Arnie has to be "the natural favorite" any time he sets foot on this course.

"I'd have to say Palmer feels as much at home on this course as he does on his own," Wall said, putting on his golf shoes before starting his own practice round.

"You have to reckon his chances as being excellent. But I'd also say keep an eye on Julius Boros. I think he has the best opportunity among the so-called outsiders."

Wall, winner of the 1959 Masters, even thinks he has an outside chance himself.

"You never can tell who'll get hot and come on to win this one although it's extremely unlikely that a fellow playing here for the first time will do it," he said.

"There's a great deal to be learned about this course and it takes a while to do it," said Wall, who fired five birdies over the last six holes to beat runnerup Cary Middlecoff by one stroke in 1959.

Plagued by back trouble the past two years, Wall has been experiencing rough going although he did win the Caracas Open last month for his first victory since 1960.

"Winning in Caracas gave me a tremendous kick," he grinned. "I don't care if it's the Honesdale Open, it's always a thrill to finish first."

Outside of Wall, the only other player besides Palmer to win the Masters in the past six years was South African Gary Player, who became the only foreigner in history ever to take home the title in 1961.

PLAYER OPTIMISTIC

Player wound up in a three-way playoff for the crown last year, shooting a one-under-par 71 to finish second to Palmer's 68. Dow Finsterwald, the third man in the playoff, faded badly with a 77.

"I'm rather optimistic about my chances this year," said Player, who leads all money-winners this year. "I look at the money winning list and it encourages me.

"Naturally, I'm not overlooking Arnold. How can you? How can anyone? But I really haven't given much thought to picking some one this year. I'd like to win it myself and I feel my chances are good."

UCLA Makes Change In Grid Schedule

LOS ANGELES (UPI)—UCLA announced yesterday it has rescheduled a football game with the University of Illinois to Friday night, Oct. 25 instead of the following afternoon.

Two other Saturday afternoon games were rescheduled previously because of the possibility that hot weather might hamper the players in the afternoon.

Gentleman's Agreement In Sale Of Duke

ST. PETERSBURG, Fla. (UPI) — There's a "gentlemen's agreement" clause in the sale of Duke Snider to the New York Mets, it was learned today.

When the straight case deal was announced last night, it was estimated the Mets paid the Los Angeles Dodgers $40,000 for the 36-year-old outfielder, who was known as the "Duke of Flatbush" during his salad days in Brooklyn.

However, only about $30,000 passed hands in the transaction. The Dodgers, though, have been promised additional money if Snider regains some of his past slugging form with the Mets.

"If Snider is able to do any kind of a job for us, we'll give the Dodgers more money at the end of the season," said club president George Weiss.

ADDITIONAL CASH

The Mets' boss declined to estimate how much additional cash he will use to sweeten the put, but it is assumed this figure, too, will depend on whether the Duke still has it.

Asked who will determine whether Snider's work with the Mets is up to par, Weiss said, "they (the Dodgers) will know and we will know."

Under the terms of the unique sale, Snider will not be required to play a minimum amount of games, nor will he have to hit a certain number of home runs for his new club.

AN ANGEL FALLS FOR A STAR

Los Angeles Angels pitcher Bo Belinsky and actress Mamie Van Doren, pictured on a Hollywood nightclub date last year, yesterday announced they are engaged to be married. "She's my kind of girl," said the 26-year-old Belinsky, noted for his antics on and off the diamond; "I'm just plain nutty about Bo," said Miss Van Doren, 30, married twice previously and the mother of a seven-year-old son. They have not yet decided on a date for the marriage. (AP Wirephoto)

The FISHIN' FOOL

By RALPH STEVENS
IJ Fish and Game Writer

DFG Official Will Speak At Marin Rod And Gun Clubhouse Thursday

STEVENS

Willis Evans of the Department of Fish and Game had better have a large fund of answers anent the past, present and future of the planting of catchable size trout in the waters of Marin County as well as all waters included in the fish and game plan of restocking the close-in areas.

Art Clay of the Marin Rod and Gun Club phoned to announce the appearance of Evans at the Marin Rod and Gun Clubhouse will be Thursday at 8 p.m. The subject will be as stated above and the public is invited to come, listen and talk.

I HAVE before me copies of three letters: one to Governor Brown and two to the Department of Fish and Game. Each stresses the need for better methods of restocking Marin waters. I wonder if those letters are what caused the determination to hold the open meeting. If so, perhaps other clubs may learn a lesson. Certainly all members of the conservation committees of rod and gun clubs should attend this meeting.

I suggest they talk with Robert Roy, author of the three letters I mentioned above.

Speaking of meetings, Walter T. Shannon, director of the DFG, made a fine talk last Friday to the Organized Sportsmen of Modoc County. Particularly interesting and extremely important was the section devoted to the management of deer herds. He spoke of the mule deer herds specifically but his words apply to all herds in California.

SHANNON called attention to the decline in the number of deer as compared to what it was 20 or 30 years ago. He blamed the decline on "deterioration of the range." He said, in part:

"It would be wonderful if this trend could be reversed, and the land restored to high deer productivity, but there can be no complete assurance that even the expenditure of millions of dollars in habitat improvement would have this effect.

"If there is to be a permanent return to high deer numbers, all land management agencies in the area must arrive at plant communities on the range which will support high numbers of deer both on winter and summer areas. Such a plan involves restricting all animals—cattle, sheep and deer—to such a degree and for such a time as to attain range recovery, and this may be a considerabale time."

THE DFG proposes 37 controlled antlerless or either-sex deer hunts for the 1963 season, with a total of 16,080 permits to be issued. The counties affected would be Lassen, Tehama, Butte, Nevada, Placer, El Dorado, Amador, Yolo, Monterey, San Luis Obispo, Fresno, Tulare, Mono, Inyo, and five of the southern counties.

Two of my readers may be wondering why the picture they sent has not appeared in the paper. Here's why—one is far too dark to take news print, and the other has writing on the back that defaced the face of the print. Please take note if you intend submitting a snap of yourself and your fine catch.

Gallinas Li'l League Dance Set April 27

The annual spring dance of the Gallinas Valley Little League will be held April 27 at 9 p.m., with dancing to the Dick Hart Orchestra, at the National Guard Armory at 155 Madison Avenue, Santa Venetia.

Chairman for the circus theme dance is Norma Lowry. Tickets are available by calling Pearl Harrington, ticket chairman.

619 Series Leads Nave Lanes Action

Charles Wojno topped the keglers at Nave Lanes the past week as he posted a 619 series which included a 258 game in the Monday Early Mixers League.

For the gals, Shirley Larson was high with a 579 series in the Jacks and Jills League. High game for the week went to Dottie Keaton of the Early Mixers League, a 231.

Gene Helbing paced the juniors with a fine 613 series.

The first week of the Gold Coast Classic closed with 139 entries at Nave Lanes. John Mallon topped the upper division with a 675, including handicap. Ray Queen led the lower division with a 674 including handicap.

The week's results in league play:

Marin Masters—Walt Silva 600—201-201; Jack Vallee 599—209; Ed Clinton 588—210-220; Dick Treadway 587; Gus Mellick 229; Bob MacEachern 227; Jerry Pearce 227; Frank Wilson 218; Forry Wilson 217; Charles Valsecchi 215; Bill Rhodes 213; Phil Phillips 204-214; Tom Hearron 212; Tom McCauley 213; Bud Dodd 216; Bill Young 207; Jack Parson 208; Ralph Benevenga 204; Ed Ross 201-201; Russ Zappetini 202; Larry Garatti 201; George Brovelli 200; Joe Cardoza 200.

Seals' Star Second In Scoring Race

SEATTLE (UPI) — Seattle's Guyle Fielder edged San Francisco's Nick Mickoski by two points to win the Western Hockey League's individual scoring championship for the 1962-1963 season, league statistics showed today.

Fielder posted a record of 17 goals and 80 assists in 69 games for a total of 97 points. Mickoski, with a one-game disadvantage, had 41 goals and 54 assists in 68 games for a 95-point total. Fielder's assist record outdistanced that of second-place Phil Maloney of Vancouver by 19.

Portland goalie Don Head took goaltending honors, holding the Bucks' opponents to an average 2.53 per game.

College Coaches Sing Blues

SAN FRANCISCO (UPI)—College baseball coaches sang an old refrain today when they asked professional baseball teams to stop enticing players with eligibility remaining into signing pro contracts.

"We'd have more big league prospects if the professionals would allow our players to complete their eligibility and education," says Clint Evans, retired University of California coach. "The major leagues must depend a lot now on college kids to help them because so many minor league teams have been abandoned."

Coach Peddy Cotrell of Santa Clara agreed.

"I have a young pitcher named Nelson Brills who is a fine prospect," said Cottrell. "But I'm afraid to bring him along too fast for fear that the major league scouts will sign him up. He's only a sophomore and still has a lot to learn."

Cottrell lost two fine athletes, both with eligibility remaining, to the majors last summer. Infielder Ernie Fazio was signed by the Houston Colts for an estimated $60,000. And pitcher Bob Garibaldi was signed by the San Francisco Giants for the equivalent of $150,000.

Both youngsters have been farmed out to the minors for more seasoning—bearing out Evans' contention that they could have gained both education and experience if they had been allowed to stay in college.

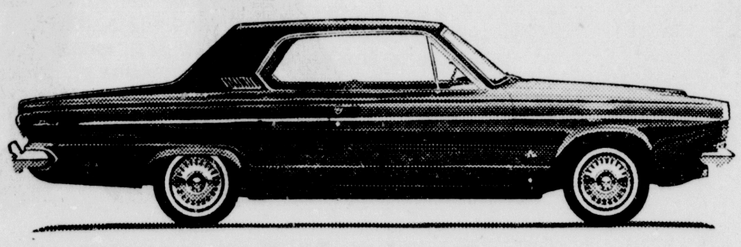

The observations were made at a meeting of coaches and sports writers, during which coach George Wolfman of California warned the UCLA Bruins that they were a long ways from being "in" as champions of the California Intercollegiate Baseball Assn.

"The Bruins have a 6-0 record after whipping us twice last weekend," said Wolfman. "But they come to play a twin bill on our diamond this Saturday and it may be a different story."

Wolfman warned that University of Southern California, although not as powerful as in some recent years, still could be hard to beat.

The Trojans have a 2-2 record, while Santa Clara, California and Stanford all are 0-2.

DESIGN FOR HELIPORT—Except for the tank in the background, this could be a Marin heliport scene — but it happens to be the Berkeley Heliport with a SFO helicopter making its takeoff. Commercial heliports require little space—less than two acres. Marin has numerous locations that would be suitable.

MARIN BUSINESS And INDUSTRY

By HARRY CRAFT

Finding A Heliport Site In Marin Should Pose No Great Problem

If certification is granted for **SFO Helicopter Airlines** to operate in and out of Marin, a suitable heliport should pose no great problem—such as the county has encountered in trying to get an airport location.

The principal dimension is vertical—not horizontal. In a pinch, almost any piece of flat land will do, from one and one-half acres up in area and reasonably close to a main road.

The Berkeley Heliport is a good example, and might be used as a model for Marin. All it has is a 175-by-175-foot hard-topped landing field; a 750-square foot frame building for a waiting room, ticket desk, baggage racks and rest rooms; ground to park maybe 50 or more cars—and a cyclone fence around the whole thing which doesn't cover more than two acres. From the air it looks even smaller.

The City of Berkeley built the heliport and collects a fee from SFO for every outgoing passenger. The arrangement has turned out to be a profitable one for both parties, according to SFO's director of sales . . . **Charles Peet.** He estimates that in Marin a fee of 25 cents per passenger should pay off the original investment in six or seven years, and the company is hoping for this kind of community support.

Fisher

It believes Marin will do even better than Berkeley, providing about 12,000 emplanements during the first year of operation, 15,000 the second year, 20,000 the third and around 25,000 the fourth where it will start to level off.

Still in its second year in Bay Area operation, SFO now claims a higher yield per passenger-mile than its older counterpart helicopter lines in New York, Chicago and Los Angeles. It is in second place in terms of total number of passengers carried and first in revenue-hours per aircraft per doay. Expectations are that it it will commence to break even on income and operating expense by this summer.

CHARLES J. BROAD of Ross has been elected to the board of directors of the All Star Medallion Salesman's Club, an organization of salesment employed by Chrysler - Plymouth dealers. He was chosen for the board while he and Mrs. Broad were enjoying an award he'd won—a Caribbean cruise.

PROMOTIONS AT WELLS FARGO. J. Robert Fisher of Kentfield has been named credit officer in the Metropolitan Division. He has been with the bank since 1961 and has been loan specialist and examiner in the head office.

Bjerkie

George S. Bjerkie of Corte Madera who joined the bank in 1955 has been assigned as examiner to the auditing department at the head office.

MONT M. TOOLE, new product engineer at **Fairchild Semiconductor,** San Rafael replaces **David Culley**—not **Robert Busch** as written in yesterday's column. The correction was received too late to make the change.

Encyclopedia Places Civic Center In Book

Marin County's Civic Center is pictured in the 1963 edition of the Encyclopedia Britannica Book of the Year, just released.

An overhead photo of the center while it was still under construction is displayed as an example of modern architecture in the United States.

Accompanying text records the completion of "Wright's embattled Marin County Administration building, in the hills north of San Francisco — outwardly much like a Spanish monastery, inwardly a split scheme of halls and rooms in parallel, flanking a long central light well."

The architect designed the building in 1957, two years before his death.

Dog Trial Set

The Superior California German Shepherd Dog Club Inc. will hold a conformation and obedience match for dogs older than three months at the El Rancho Motel in Santa Rosa on April 21 from 9 a.m. to 5 p.m. Entry forms may be obtained from Mrs. Valerie Nelson, show secretary, of 1520 Buchanan Street, Novato.

Citation Given On Green Light

An unusual citation, charging failure to proceed on a green light, was handed out by the California Highway Patrol Saturday at the Highway 101-Black Point Cutoff intersection following a minor accident.

Henrietta Janssen, Modesto nurse, was driving north at 10:25 a.m., intending to turn right on the Black Point road. She missed the intersection, so tried to get from the middle to the left lane to turn back southward. Thomas A. Scadden of San Francisco, also northbound and in the left lane, started with the green signal but his car plowed into the rear of the Janssen vehicle when it stopped preparatory to turning left.

Scadden suffered cuts and bruises for which he declined hospitalization. The woman driver was cited.

"You mean to say that you are still trying to sell the house, yourself!"

Best plan is to list it with us where a steady stream of buyers brings fast action and top prices.

3 Seek San Jose Posts

The two San Jose Elementary School District candidates whose terms are expiring both seek re-election on April 16, and a third candidate is seeking one of their positions.

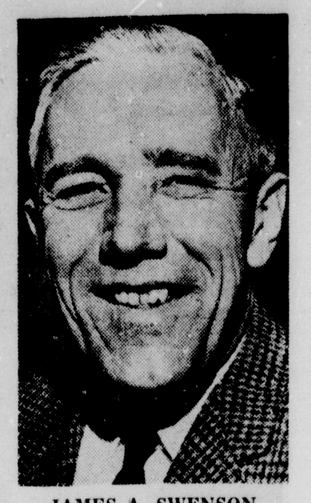

The incumbents are **Dan H. Barber** and **James A. Swenson.** The challenger is **Deloss M. Wood.**

DELOSS M. WOOD

DAN H. BARBER

JAMES A. SWENSON

Barber, is completing his second term on the district board. Swenson was appointed to complete the term of Robert Allen, who resigned last fall.

Barber, manager of the safety department of Standard Oil Co. of California in San Francisco, lives at 1294 Parkwood Drive, Novato. He is a native of Inglewood, and completed his education at University of Southern California.

He is president of the Lynwood Park Improvement Assn. He is a veteran of World War II and the Korean conflict, and was discharged from the Air Force as a captain.

He and his wife, Bette, have four children: Mrs. Vicki Groft of Lompoc; Dan, a junior at San Rafael High School; Jack, a freshman at Terra Linda High School and Cory in the second grade at Lynwood School.

In his platform, Barber stated:

"I get a great deal of satisfaction working for the children in the district. I have helped the district grow from one and one-half schools to five large schools, from a student enrollment of 300 to 2,400.

"Children come first—in accepting responsibility as a board member, this is the main thing for which you are working. I would like to continue to help, collectively with the rest of the board members, to furnish the basic fundamentals of education. This includes reading, writing and arithmetic, plus other essential basics including sciences, history, geography, the arts and physical education."

"I favor unification. As to which lines should be followed in unification, I prefer to await results of the survey by Booz, Allen and Hamilton, now under way."

Swenson, manager of San Rafael Glass and Paint Co., is a native of Minnesota. He moved to California in 1938, and lived in Pasadena until World War II.

He was with the first troops to land in the Aleutian Islands in 1942. He was released from the Army as a first lieutenant in 1945, and was recalled in 1950 for the Korean conflict, serving as an instructor at the officer candidate school at Fort Riley, Kan. Prior to joining San Rafael Glass and Paint Co., he worked for W. P. Fuller and Co., Morwear Paint Co., and Transcopy Inc.

He and his wife, Beverly, have two daughters, Jan, a freshman at Terra Linda High School, and Karen, a fifth grade pupil at Pacheco School. They live at 424 Alameda De La Loma.

"It is the duty of a school trustee to provide the best possible educational opportunities in a modern school plant, staffed by fully credentialled teachers," Swenson said. "It is my intention to fulfill this duty."

Wood, 30, salesman for Consolidated Freightways, lives at 423 Calla De La Mesa, with his wife, Sally, and three sons. He is a native of Los Angeles, and attended University of San Francisco.

He spent two years in the Air Force, principally in the Air Material Command. He was Pacific Far East Lines operations manager in Guam for 18 months before joining Consolidated Freightways. He has lived in Novato since January, 1960.

He is vice president of the Loma Verde Home Owners Assn., a member of the Loma Verde Recreation Club, the San Francisco Junior Chamber of Commerce, and San Francisco Junior World Trade Assn.

"I feel I have the time, energy and enthusiasm to spend working with the administrators, teachers and parents of the San Jose School District," he said.

"I feel that there is a great need to bring these groups more closely together.

"It is also my belief that we should have a stronger teaching staff with low class loads. If teachers show an outstanding ability in their teaching, they should be compensated for their effort. It is my belief that reading, grammar and English should be stressed even more strongly than currently.

"We need more counseling and counselors in our elementary school program . . .

"Greater emphasis should be placed on our school building programs, and the board must have a closer liaison with the planning commissions . . . To keep class loads down, I have favored creation of a larger school district, and feel current study by Booz, Allen and Hamilton will greatly benefit planning of the school district."

Novato Council Sets Road Hearing

A public hearing on proposed changes in the San Jose Boulevard project will be held by the Novato City Council at 8 p.m. today at the Community House.

In original plans for realignment of San Jose Boulevard to connect with the Ignacio interchange now under construction, the 11 acres of Christopher R. Wylie would be dissected. Wylie proposed curving the street to the south edge of his property.

The council will also hear a proposal for changes in the street improvement policy by Charles Joseph, director of public works.

36 CORTE MADERA SHOPPING CENTER
"Save When You Shop!"

MESDAMES CHARLES P. Davies, from left, David Sproul on truck, A. P. Garatti and Hal Henricks, in the foreground of the Novato Garden Club, display a number of plants that will be on sale at the Garden Club Bazaar, Friday and Saturday. Mrs. Henricks made the posters advertising the bazaar to be held at Nave's Shopping Center, Novato.

Bazaar In Novato To Again Feature Hundreds Of Trees

The annual spring bazaar of the Novato Garden Club will be held Friday and Saturday at the Nave Shopping Center in Novato.

Hundreds of trees, shrubs and annuals will be offered for sale by the Garden Club, stressing the theme of the Garden Club to make Novato beautiful.

GARDEN CLUB members are pledged to donate 10 growing plants each, Mrs. Lucile Cannon, chairman, said. Captain and Mrs. Charles Clarkson have donated 50 old fashioned lilacs in both purple and white.

Mrs. Charles P. Davies is donating pelargoniums, some five years old, in redwood planters.

Booths are also being reserved by various organizations in the area with a choice of everything from pizza pies to homemade aprons.

THE De MOLAY Mothers' Club will again feature their nutbreads, a sellout before the two day bazaar closed last fall.

Mrs. Delmer Turner, who makes several types of the nutbreads, shares her recipe for Cherry Nut bread:

Three cups of sifted flour, 2 cups sugar, ½ teaspoon salt, 2 tsp. baking powder, 1 cup butter or margarine, 1 tsp. vanilla, 3 eggs, beaten, 1 13-oz. can evaporated milk, 1 cup chopped nuts and 1—8-oz. jar of maraschino cherries.

Sift the flour once, and sift three times with sugar, salt and baking powder. Cut in butter until mixture resembles fine meal. Add eggs, vanilla and milk and beat only until smooth. Fold in nuts and drained cherries. Pour batter into two loaf pans, greased and lined with brown paper and greased again, bake at 350 deg. for 1 hour and 10 min. Eat with lots of butter, Mrs. Turner suggests.

The Rainbow Mothers' Club will feature a variety of homemade candies and cookies, attractively boxed in one and two pound tins. Mrs. William W. McNerney, chairman, is being assisted by all the Rainbow mothers.

PIZZA PIES—To eat hot or to take home to bake, will be offered by the St. Francis Episcopal Church Women. They will also have cakes and pies. Co-chairmen of the booth are Mesdames William Crose, Harry Sharkey and Frank Canlett.

Homemade items which include practical and frilly aprons, pillow cases, stuffed toys, tea towels and novelty gifts will be in the booth of the Donald V. Westlund Auxiliary, 7816, Veterans of Foreign Wars. And for those who have everything, a request was made for shoulder covers, to protect the clothes when using an electric tooth brush. Mrs. Harold Harker is chairman.

A weekend trip to Forest Lake resort at Clear Lake will be awarded by the Novato Young Republican's Club. They will also have something for the children—helium filled balloons. Co-chairmen are Donald Saunders and Deloss Wood.

Explorer's Post 56 will again have three sizes of redwood planter boxes. They also plan to have driftwood and rocks. Colonel Robert Beebe is advisor of the group and Douglas Johnstone, assistant advisor.

MRS. DELMER TURNER, left, and Mrs. Raymond Muir sit back and enjoy a cup of coffee after a session of making nutbread for the Garden Club Bazaar. The nutbreads will be sold in the De Molay Mothers' Club booth. (Independent-Journal photos)

Diamonds Lead A Lonely Life

Diamonds should not be kept in the same box as other gems because diamonds' very hard surfaces will scratch the surfaces of other stones.

Diamonds, rubies and sapphires are easy to care for — they can be cleaned with a tooth brush and detergent — but their settings should be checked at least once a year.

MADERA GUILD TO CELEBRATE 10TH ANNIVERSARY AT LUNCHEON

Mrs. Edward Spita, President of Madera Guild of Sunny Hills, announced the Guild will celebrate its 10th anniversary with a fund-raising event.

Mrs. Walter Long will chairman a noon Luncheon-Fashion Show at Sabella's Restaurant, May 2. The Mannequin League of Marin will model "Round The Clock" fashions.

Table decorations, designed by Mrs. William Hood and Mrs. James Mahood, will be displayed on each table, carrying out a theme of "Oriental Splendor."

Mrs. Charles Gondak, past president, will act as the commentator.

Reservations for the luncheon and fashion show, to benefit the children of Sunny Hills may be made with Mrs. David Zita of Corte Madera or Mrs. Matt Shau of Terra Linda.

MARIN'S SOCIAL WHIRL

Mr. And Mrs. Schultz Jr. Feted At Bon Voyage Parties

By FLORENCE DONNELLY

Many bon voyage parties are being given for Mr. and Mrs. Niels Schultz Jr. of Greenbrae who are making a jet flight to Europe Saturday. A complete surprise was the cocktail party and dinner dance given Saturday at the Meadow Club for the popular couple. Niels and his wife had been invited to the Robert Lee home for dinner and when they arrived were told that the dinner would take place at the Meadow Club because a problem had arisen over table service. When the two couples came into the clubhouse they found 46 friends assembled.

Bob Lee was master of ceremonies and taking part in a clever skit on travel were Paul Hartman, Charles Cain, C. M. (Mel) Freeman, Dan Sweeney and Don Watts.

THE ROBERT Milmoes Jr. of Greenbrae gave a party aboard their Trojan motor cruiser Sunday honoring Mr. and Mrs. Schultz. The clever invitation sent by the Milmoes had an imitation compass on the outside and inside were shipping papers.

The boat is berthed at Sausalito Yacht Club. It cruised around the bay for several hours while champagne and hors d'oeuvres were served to Mr. and Mrs. Schultz and the other guests, the Jack Craemers, Mel Freemans, Harding McPhuns and Mr. and Mrs. Nicholas Krumze who came from San Francisco for the party.

Luncheons were given for Mrs. Schultz by Mrs. Herbert Crocker at Dominic's, Mrs. George Antipa at her Greenbrae home, Mrs. S. K. Herzog at Peacock Gap Golf and Country Club and Mrs. Max Herzog at her Sleepy Hollow ranch home.

Mr. and Mrs. Schultz, whose children will remain at home under care of a nurse, will fly to Frankfort, buy a car and travel for two months through Germany, the Scandinavian countries and Austria. They had seen the other European countries during a trip in 1948.

MRS. DONALD SPRINGSTED of Lyford's Cove, Tiburon, entertained at a luncheon for Mrs. Joseph Tobin of Mill Valley recently.

Mr. and Mrs. Tobin and their son, Stephen, a student at Tamalpais High School, left Saturday aboard the Holland American liner, Ryndam, for Montreal. From there, they will sail to England, where Mr. Tobin, a criminologist, will be connected with the English Penal System. The Tobins expect to tour Europe, after they are settled in London.

Mrs. Tobin is formerly of Buckinghamshire, and has many friends and relatives in England.

En route to Montreal, they will visit in New York City for several days with Mr. Tobin's brother and sister-in-law, Mr. and Mrs. Harry Tobin.

Many luncheons and dinner parties were given for the Tobins before their departure.

VISITING MR. AND MRS. NEWMAN PAGE of Rolling Hills, Tiburon, for several weeks, is Mrs. Robert Cate of Long Island, N. Y.

Mrs. Elmer Fraass of Belvedere entertained Mrs. Cate at a luncheon last week.

KOL SHOFAR SISTERHOOD will sponsor a Passover Seder at Marin Jewish Community Center in San Rafael April 9 at 7 p.m. Reservations are being taken by Mrs. Louis C. Roth, 38 Twin Oaks, San Rafael.

MARION HAYES CAIN of San Anselmo is being congratulated on the leading roles in TV and movies her son, Ron Hayes, is getting. His most recent appearance was Sunday night when he was a guest star in Bonanza, playing the part of the identical twins.

MRS. CARLOS DUNLAP of Larkspur, who will be married to John Fisher of San Rafael at 3:30 p.m. May 12, is being honored at a number of prenuptial parties. Mrs. Dunlap's sister, Mary Keltner, of Larkspur, will be maid of honor and other bridal attendants will be Mrs. Harold Holtzinger, of San Rafael, Mrs. Ronald Pascoe of Tiburon and Midge Ross of San Rafael.

Mrs. Dunlap will be given in marriage by her stepfather, Eldon Easterday of San Rafael. Best man will be John's brother, James Fisher of San Rafael. The wedding reception for 250 guests will take place in Bermuda Palms.

Mrs. Dunlap has four youngsters by her previous marriage. Following their honeymoon, John and his bride will live in their own home in Larkspur.

Young Marrieds

WASHINGTON (UPI) — The Population Reference Bureau, Inc. estimates marriages in the United States in 1962 totalled 1.6 million, a three per cent increase over 1961. Almost two fifth of the brides and one eighth of the bridegrooms were in their teens.

Even more startling, said the bureau, over 50 per cent of today's teen-age wives become mothers while still in their teens. One of every six teenage wives has two or more children.

Bonnie Currey To Wed In June

The engagement of Bonnie Marie Currey to Larry Paul Nelson of Longview, Wash., has been announced by her parents, Mr. and Mrs. Robert Currey of San Rafael.

Miss Currey is a graduate of San Rafael High School and attended Portland State College in Portland, Ore. She is employed at the A & W Root Beer Drive-In, San Rafael.

Her family includes two sisters, Judy and Pat, and a brother, George, all of San Rafael.

Parents of the future benedict are Mr. and Mrs. Russell Nelson, also of Longview. A brother, Donald Nelson, lives in Ketchikan, Alaska; a second brother, Ronald Nelson, lives in Portland.

The future bridegroom graduated from Fort Vancouver High School, Vancouver, Wash., and is employed by Weyerheuser Lumber Co. in Longview.

The wedding is planned for June 22 in Saint Raphael's Church, San Rafael.

POPULAR COUNTRY LOOK

The popular country look pervades this comfortable living room with white painted board and batten walls flanking the painted brick fireplace. Twin sofas facing each other in front of the fireplace are covered in an orange and yellow damask matching the damask used on the folding screen framing the windows, which are covered in sheer white casement cloth. A parquet type floor design is carried out in textured woodgrain vinyl asbestos tile combined with plain black and woodgrain bands to create a three-dimensional effect. A big square French Provincial coffee table painted in pink provides a focal point in the setting. Interest is added through such accessories as the tall case clock, the primitive painting of a child, the pair of china cats and the twisted brass lamp bases with tole shades.

Sewing A Useful Experience

Sewing is now a useful experience for the students at the MARC-Marin Work Training Center located in Lucas Valley.

The Reserve Officers Assn. Ladies presented the center for the young retarded adults with an electric sewing machine, which they purchased with proceeds from their Marin Art and Garden Fair booth and the group's annual rummage sale.

This auxiliary has donated 10 junior memberships in the Reserve Officers Assn. to outstanding ROTC cadet officers, and has fulfilled its financial pledge to the national memorial building fund as a result of active participation in the club's projects.

Mrs. Andrew Bahr of Corte Madera is president of the Marin club. Mrs. Robert Paine of Novato was chairman of the ROAL fair booth, and Mrs. Earl Rains of San Rafael and Mrs. William Carr of San Anselmo were co-chairmen of the annual rummage sale.

The projects have been handled by Mrs. David Vail of Mill Valley, club secretary, and by Mrs. Clarence Spencer of San Rafael, committee chairman.

TRYING OUT the new sewing machine presented to the MARC-Marin Work Training Center in Lucas Valley by the Reserve Officers Assn. Ladies is Lou Yetter. Members of the ROAL giving him the eye of questioned approval are from left, Mesdames Earl Rains, William Carr and Clarence Spencer. (Independent-Journal photo)

These Little Peas-In-The-Pod Need Chance For Individuality

FANNIE R—What a shame to be blessed with such darling little identical twin boys, and make such a point of keeping them apart and making them grow up different. They're my nephews, my brother's children, and in all their five years, I've rarely seen them together. Now my sister-in-law has registered them in separate kindergartens! How experimental should parents get? How about being human?

TRUDIE C.—Fannie is disappointed that we avoid turning our sons into mirrors of each other. But she exaggerates the separations. They're together a great deal, because after all they're brothers and I must feed them together, bathe them, take them on trips at the same time. My husband and I regard them, however, as two people rather than dependent halves. We want to give them a chance to be themselves, like boys who aren't twins.

THE COUNCIL: For those who, like Fannie, aren't up on Twinmanship, we must report that the two little-peas-in-the-pod aren't being left there for long, in progressive circles. No longer must they sacrifice their individuality so that admiring ladies may cluck over their cuteness. The aim is now toward what one Twins Club (Queens, N.Y.) calls "Twincerity." the old "image-life" of dress-alike, play alike, stay-alike, is frowned upon.

Since Trudie's boys have a head, a prenatal, start on togetherness, since their inner impressions and memories are bound to be similar, there's value in helping them become two whole persons who can stand alone, rather than halves who, joined at birth, remain incomplete.

An Oliver Hairdo With A New Twist

An impish Cockney cut may win the spring coiffure race by a hair, even though hairdressers do not see strand to strand on this, the Oliver.

Ruel, a style, director without a first name, explains that so many girls have adopted it that the hair style can't miss.

"It is the most versatile hairdo for a hairdsesser to work with," he points out. "I can get more than 50 different combouts from it, so a girl can have any short style she likes," he says, in answer to critics who say the hairdo is just a big mess.

THE HAIR IS razor-scissors shaped, ranges from zero to a length of 1½ inches at the nape of the neck, to 1½ inches at the ear lobe, 3 to 3½ inches at the hairline and 5 inches at the crown.

The hairstyle may be varied for more sophistication, Ruel says. The 5 inches at the crown is a good length for elevation, he points out. Bangs may be curved or brushed with more order than the wisps that go with the straight Oliver.

HE ADMITS that the '20s hairdo was a flop but says girls wanted to get away from the short hairdo that was too sleek and plastered down. It added 10 to 15 years to the older girl's looks.

But the Oliver is a soft look, a youthful frame for the features, and it'll look good on women of 70, he says, going way out on a limb. Many hairdressers are taking pot-shots at the hairdo now because stylists who favor it claim it can be worn by 40- or 15-year-olds.

MOST HAIRDRESSERS agree with Ruel that the full, bubble top hairdos made women look top-heavy, and most are against teasing the hair.

"The Oliver hairdo is one that all women can wear in good taste," he says. "We don't contemplate cutting everyone's hair short if they want it, but we won't tease, rat or highcomb it either."

"If a woman wants something for a formal occasion we advocate hair accessories," he explains. Many of the Oliver's critics say that is like gilding the porcupine.

THOUGH hairdressers opposed to this waifish style say it can't be successfully worn with hats, Ruel thinks otherwise.

"I don't care if they do it themselves. Girls should be well-groomed whether they can afford to go to the hairdresser or not. There are still certain parts of the country where girls are asking for teased hair, but these are areas where styles start late, and they will follow along a little later," he says.

The hairdo is similar to the little boy haircut that has been popular on the West Coast for more than a year.

Extra Tender Crust

Pie crust is extra tender if a little vinegar is substituted for part of the water needed to combine the shortening and flour. A tip from National Family Opinion, Inc., a Toledo, Ohio, consumer research firm, suggested using 2 tablespoons of vinegar for 2 of the tablespoons of water ordinarily used in a two-crust pie.

Bridal Gown Costs Are Up

NEW YORK (AP)— The father of the bride will have more to weep about next fall.

The cost of bridal and bridesmaid dresses are expected to rise from $10 to $20 as a result of increases in the wholesale prices of silks and imported laces.

Many gowns require up to 10 yards of silk and are heavily embellished with laces.

Although some members of the bridal industry say they will try to combat the price rise by cutting corners in workmanship and yardage, most feel they must maintain the quality and style of their designs and pass on the increased costs to the bride—or rather, her father.

Swiss Organdy Popular Spring Bridal Fabric

Spring brides have so many beautiful fabrics and silhouettes to choose from in wedding gowns that this season should be blooming with the prettiest brides ever to walk down the aisle. Among the season's most exquisite creations are demure bouffant gowns of embroidered Swiss organdy, dividing into panels over a cotton organdy skirt. Sleeves are tiny and the neckline is scooped.

Outstandingly elegant gowns from spring collections introduce a Parisian silhouette . . . its silk taffeta sheath is elaborately embroidered with Alencon lace motifs and is gracefully filled out with a sweeping back skirt.

SANDPAPER TOWELS?
If that's how they feel . . . instead of soft and fluffy, do this: Recondition your towels by adding one cup of CALGON® (more for hard water)—alone—to the wash water. No soap or detergent. CALGON gets out imbedded detergent residues that washing leaves in. After one "reconditioning" with CALGON, your towels are heavenly to the touch . . . and really drink up water.

Bringing Up Baby®

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

Sometimes new mothers concentrate so hard on the technicalities of baby care they forget to enjoy their babies. Your delight in your baby is one of the great golden gifts you can give. The baby who is talked to (and laughed with) lovingly, develops security and sociability. The baby who is played with happily gains confidence early and learns invaluable lessons in co-operation.

•

Vitamin C availability. I know you mothers usually think in terms of orange juice for baby's vitamin C. But it should be reassuring to know that Gerber Strained Apple Juice and juice combinations are fortified to give your baby just as much of this important vitamin as Gerber Orange Juice. One can of any of the other eight Gerber Juices supplies over 100% of the recommended daily dietary allowance for vitamin C. 9 varieties in all including the new Mixed Fruit Juice and Prune-Orange.

•

Golden rules for baby care. By-the-book rules are fine as guides but all rules do not fit all babies and any rule is only as good as its flexibility. Guides to good mothering: heed your doctor and your common-sensible head and lead with your heart. Happy is the baby whose mother makes adjustments for his (or her) individuality.

•

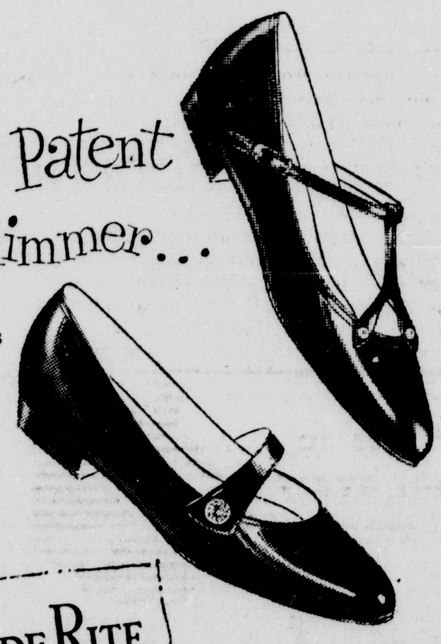

Growth patterns. Your baby grows much faster the first year than the next few put together. That's why he needs protein aplenty to give that growth a boost. Gerber Strained Meats are high in protein, low in fat and ever so easy to digest. Points to remember:

• Gerber Meats are cooked by an exclusive process which preserves the utmost in nutritive values; insures a smooth moist texture.

• They're the products of two great specialists — Gerber, famous for fine baby foods and Armour, famous for fine meats. Gerber Baby Foods, Box 72, Fremont, Michigan.

VOLUNTEERS OF MONTH

Two Men Share Honors With Their Wives

San Francisco YWCA's choice for Volunteer of the Month of April is a team of four Marinites — with two men sharing honors with their wives.

The two couples selected are Mr. and Mrs. Howard Kiehn of Sausalito and the Robert Eschens of Greenbrae.

Both Carol Kiehn and Irma Jean Eschen serve the YWCA in many ways. But the men got into the act, recently, when the Y's Marin offices moved from San Rafael to 216 Greenfield Ave. in San Anselmo.

Kiehn, whose wife is a member of the Marin YWCA Board, made the, construction estimates, did much foot work in locating donated or bargain materials, and built sliding doors to cover the shelves that line an inside wall of the building.

ESCHEN, whose wife is the leader of the Tamalpais YW-Wives Club, helped Mr. Kiehn lay a parquet floor and did much of the electrical work. His batttle scar is a case of poison oak picked up while working on an electrical repair on the outside of the building.

The two women, meanwhile, provided moral support by providing their working husbands with food and encouragement during the many evenings and weekends of labor that resulted in an attractive office and meeting place for the Marin YW.

MRS. KIEHN, in addition to her work as a board member of the Marin unit, also serves the entire San Francisco YW as a member of the membership development committee, and teaches English to Japaneses-speaking members of the YWCA center at 1830 Sutter St. in San Francisco.

The Kiehns have lived in Marin for five years. Mrs. Kiehn helps her husband in his contracting business by doing carpentry and custom furniture design, is active in the Great Books group, and makes all her own clothing.

Mrs. Eschen met her husband at Bethlehem Steel in San Francisco where she was a secretary and he a business administrator. They have lived in Marin four years with their two daughters, Kathleen, 15, and Eleanor, 14.

ONE YEAR ago she founded the Tamalpais YW-Wives club, with financial help from the United Crusade, to bring recreational, health, educational, and leadership training opportunities to women in the community.

Her chief hobby is painting. Her specialty is still life and animals, but recently she has taken up portraiture, with the Eschen daughters as her subjects.

Designer Says Let The Dishes Wait 'Til Morn

ST. LOUIS (AP) — A French fashion designer says women should not "spend the evening hours doing dishes when their husbands are at home."

Mrs. Claude Riviere says "the dishes can be done the next morning."

If the dishes must be done in the evening the least a woman can do is be careful of her clothes. And if a husband won't help with the dishes, Mrs. Riviere says, he should help his wife pick her clothes.

"Husbands usually have good ideas about what looks attractive on their wives, and can help with advice."

The designer and her husband, glove manufacturer Lionel Le Grand, were in St. Louis during a tour of the United States.

"I design clothes for the woman who wants to keep her figure. Very often she is a matron who realizes how important this is. Anyway, no woman is ever old. She may change, yes, but she always has something lovely about her. There is beauty in every age," Mrs. Riviere says.

Speaking ow women and the way they dress, Mrs. Riviere says:

"The women I do not criticize are those who cannot help themselves. Russian women, instance, do not have fine shops. They must choose from poor stick in which certain articles are all the same size, and so on.

"But in countries like the United States and France, where there is an abundance of fashionable clothes, I do not see why some women dress in a careless manner. I think it's a matter of letting yourself think you are too tired to do this or that. Young married women, especially, get into this habit, and soon they just don't care.

"In France, women are fortunate enough to have more servants and more leisure time than many American women. Yet some are too tired to change into a pretty dress when their husbands are at home. I also have heard American women say they can't wear pretty at-home clothes because they will ruin them when washing dishes."

Marin Branch AAUW Names Grants For Two Presidents

Two past presidents of the American Assn. of University Women, Marin Branch, were honored with having fellowship grants named after them. Mrs. Hugh Marchant, who served as president from 1959 to 1961, and Mrs. V. H. Wheeler, who was president from 1953 to 1955, were each given scrolls signifying this highest of local branch honors at a recent meeting.

The Jean Marchant International Grant ($500) will aid a foreign student doing graduate work in this country and the Claire Wheeler National Grant will be given to an American student continuing her education at the doctorate level.

Members of the name grant committee were Mrs. W. H. Ecker, chairman, who received a similar honor last year, and the Mesdames R. I. Christensen, J. C. Stovall, J. S. Detweiler (also honored last year), and John C. Cummings.

Mrs. Marchant, a graduate of the University of California, won the Rosalie M. Stern award several years ago. This is given to one young woman graduate each year who has excelled in voluntary community services. She is currently president of the Wolfe Grade P-TA, and has been active in the Camp Fire Girls and Junior Museum as well as AAUW.

Her former positions in AAUW include hospitality chairman, recording secretary, financial secretary, treasurer, program chairman, and fellowship chairman. She has also served on the state nominating committee.

Mrs. Wheeler, also a University of California graduate, is employed as a home teacher in the Tamalpais High School District. She is a former home economist, and has often served as chairman of branch pot luck suppers.

Besides president, Mrs. Wheeler's past positions with the branch include hospitality chairman and recording secretary. She has been an active member since 1942, and in 1947 she was chairman of the Building Fund Fair.

Both women find time for hobbies as well as for their families and their professional and volunteer work. Jean enjoys playing golf and bridge, and Claire takes pride in weaving at her own loom and in gardening.

Cool Linens 'Hot' Items For Spring

Rivaling the prettiness of spring itself, is the lovely Irish linen being introduced. Long America's favorite fabric for "round the clock," round the calendar, it's a favorite, too, of designers, all of whom feature linens of all types in their collections.

For spring, there are linens for every occasion—all with a wonderful hand-crafted look, clean, crisp texture and distinctive fashion-rightness so typical of this wonderful fabric.

Linen is being shown in suit and dress weights, as well as gossamer sheer linen—all crease-resistant and adaptable to daytime and evening styles.

Tweed-like linen weaves, rich jacquard and damask linens in rustics, floral, and delicate patterns lend exciting variety to the ever interesting story of fashions in linen.

Some of spring's newest linens feature a coarse hand and many upholstery-type dressmaker linens are in this group.

There are now more linens blended with wool or silk in the spring fashion picture.

Linens look especially wonderful and exciting in the new whitened, bright pastels and high colors.

HOW TO PLAY WINNING BRIDGE

By ALFRED SHEINWOLD

Don't Send Anybody Man Or Boy) To Do A Job That Is Impossible

When an opponent over-ruffs, he will sometimes snear "Don't send a boy to do a man's work."

Don't try to prove that you had only boys at your disposal; the point may be that you should not have tried to do the job at all.

West takes the top diamonds, and East signals for a continuation by playing the five of diamonds first and the three of diamonds next. West then continues with the jack of diamonds.

OVER-RUFF

If South ruffs in dummy, East will over-ruff no matter how high the dummy ruffs.

East may sneer at declarer, and declarer may retort that any ruff at all would suffer the same fate.

Any such conversation may be amusing, but it misses the point. South should not ruff the third diamond at all.

GOES DOWN

Declarer goes down if he does ruff in the dummy. East over-ruffs, and the defenders eventually get a heart and a club.

South makes his contract if he discards a heart from dummy on the third round of diamonds.

This allows West to win the third trick, but puts South in position to ruff a heart in dummy later on.

LOSES CLUBS

South eventually loses a club in addition to the first three diamonds, but he can play the trumps so as to pick up East's king.

Think of this hand the next time you are threatened by an over-ruff.

You may be able to transfer your ruff to a different suit if you don't try to ruff at all.

ALMANAC

Today is Tuesday, April 2, the 92nd day of 1963 with 273 to follow.

The moon is approaching its full phase. The morning stars are Venus and Saturn. The evening star is Mars.

On this day in history:

In 1792, Congress enacted legislation authorizing a mint of the United States to coin money, all coins to be enscribed with the motto, "E Pluribus Unum."

In 1917, before a joint session of Congress, President Woodrow Wilson called for a declaration of war on Germany.

A thought for the day—Woodrow Wilson said: "The highest and best form of efficiency is the spontaneous cooperation of a free people."

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

STOP, THIEF!

Owner tired of mulching plants, fertilizing lawn, cleaning garage. All those roses to cut! Made the mistake of putting in new carpeting recently, too. 4 Bedrm. house too big for one person, anyway. Some quick lucky buyer will find good terms! Will sell all for $23,000.00.

ANYONE FOR BLISTERS?

You can blister while dissipating your energy in the garden, or simply by falling asleep in the sun. Or better still, break out the binoculars and enjoy watching others from this knoll. The large 4 Bedrm. house will provide room and to spare for your large family, and beautiful carpeting and appliances will make you feel a little better about paying for all this. We'd give more information if we were not suffering from spring fever. Oh yes, the price—a reasonable $31,800.00.

DOMINICAN

Perhaps the last time you will find a top quality 3 bedrm., 2 bath home on a beautiful large lot in the heart of the Dominican area at this low price. Vacant. Ready to move in. The extras—a large fam. rm., L.R., and dining area. Easy walking distance to schools. Financing is easy, house in excellent condition and so is the neighborhood. Only $35,500.00.

FOR LUXURY LIVING

Worry of FALSE TEETH Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter.

The mystic Symbols of Daniel & Revelation

You are invited to see the color motion picture

"Can Russia Rule The World?"

One of the most unusual documentary films in existence . . . Short . . . simple . . . clear . . . and astonishing.

Presented by

RALPH LARSON

at The Airatorium, 1811 Novato Blvd., in Novato

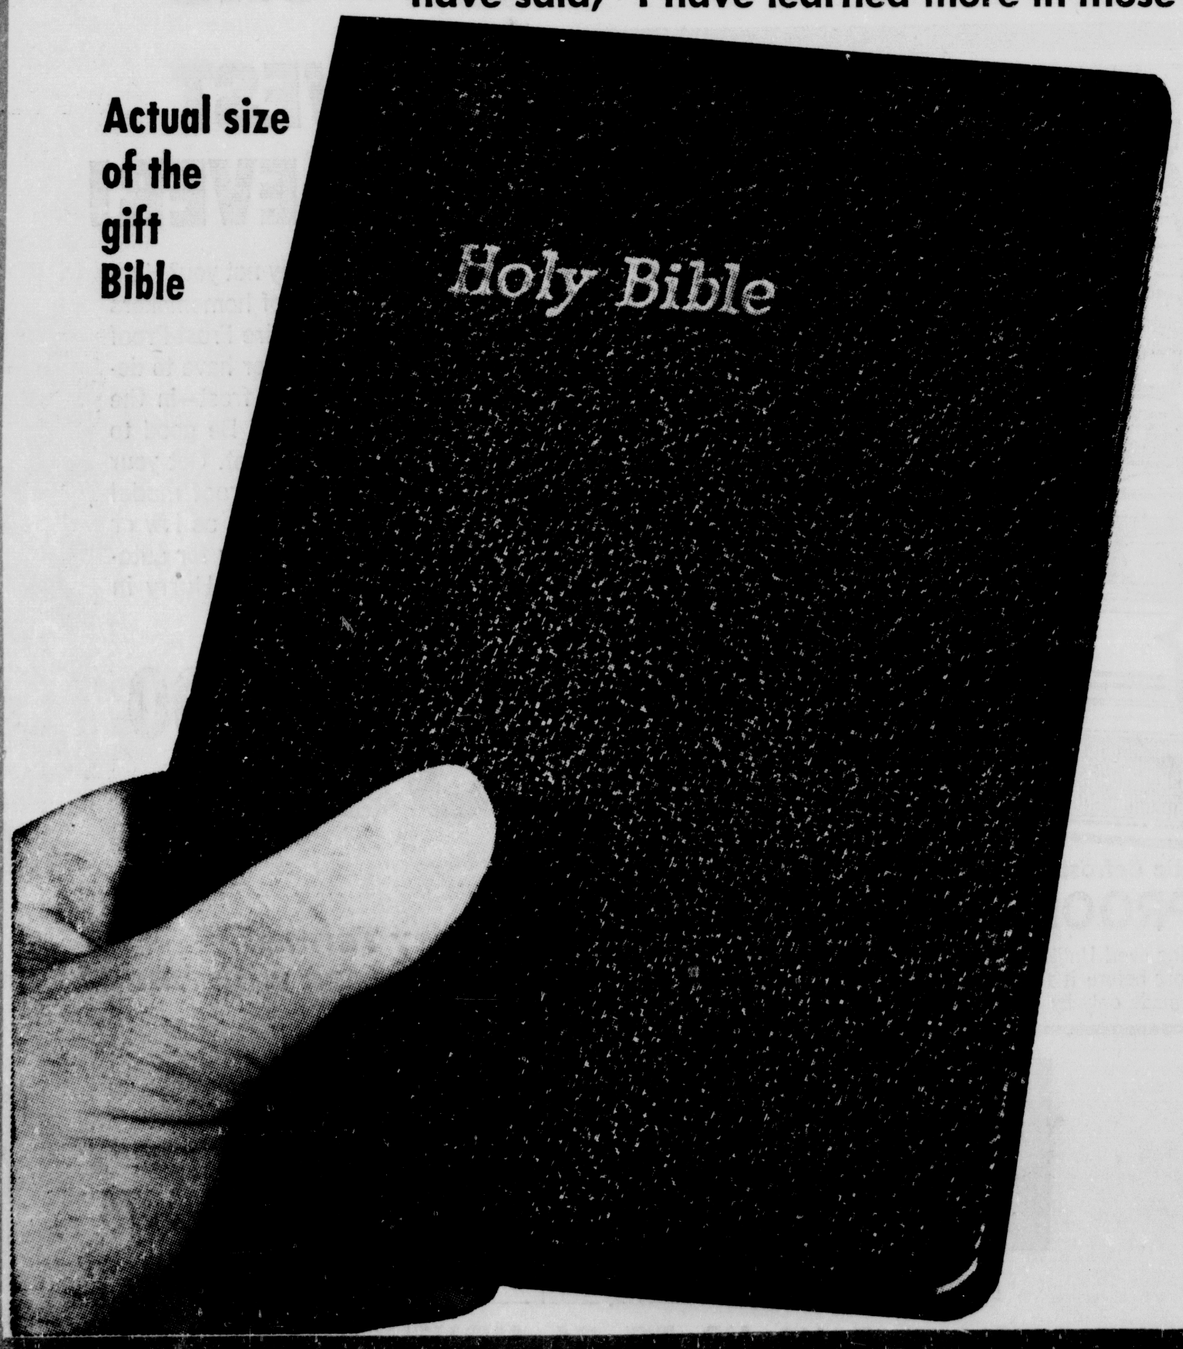

WEDNESDAY EVENING, APRIL 3 at 7:30 P.M.

THURSDAY, APRIL 4, 7:30 P.M.
"THE HEAVENS ARE TELLING"
What do the stars say to you?

FRIDAY, APRIL 5, 7:30 P.M.
"IF GOD IS ALMIGHTY, WHY DOES HE PERMIT SIN?"

Each person of high school age or older who attends on the opening night will be presented with a lovely complete Bible, absolutely free. Each text will be announced by page number, so all can easily turn and read it together. You will learn why thousands have said, "I have learned more in those lectures than in years of church attendance."

Actual size of the gift Bible

RALPH LARSON Not a cultist—not a fanatic—but a conservative Christian minister who has for years specialized in the study of the books of Daniel and the Revelation, with a special interest in how they have been understood by scholars of past ages—invites you to share with him the inspiration gained from this stimulating study. All of his findings are interesting, some are fascinating—some are positively exciting!

Mr. Larson's dignified presentations, in sharp contrast to the shouting emotionalism of many revivalists, have drawn the largest total attendances yet recorded for meetings of this type in cities of Hawaii and Northern California.
